Price 10 cents.

**ADDRESSES TEACHERS** - Deputy Minister of Education, Mr. P. J. Hanley 3rd from left, spoke to the teachers of the Labrador West Branch of the N.T.A. on Thursday evening, December 4. In his talk on the Schools Act, Mr. Hanley outlined its basic structure with more detailed reference to such items as the consolidation of school boards, individual school board constitutions and the engagement, salary and duties of teachers. Emphasis was placed on the strength of policy resulting from the consolidation of school boards. The Schools Act which came into effect on July 1, 1969 was carefully compiled; however, it is inevitable that changes will have to be made with the advance of education in this province. (Biron Photo).

## News roundup

### APPOINTMENTS ANNOUNCED

The Local Improvement District of Wabush announces the appointment of Mr. Garland Jennings as Chairman of the Board of Trustees, and Mr. James Lemke as Deputy Chairman. Other members are Mr. Ken Bazilsky and Malcolm Ross. Two vacancies exist by the resignations of James Hogan and Ron Dunphy, these positions are expected to be filled shortly.

The extension to Notre Dame Academy is nearing completion, the new addition will provide twenty additional rooms consisting of, specialists, kindergarten, audio visual, art, science and music. One unique feature of the extension is that all classrooms have movable walls.

The Amalgamated School will be using ten of the classrooms for the remainder of the school year. This is due to the shortage of space in the Amalgamated Section. The building is expected to be ready for occupancy when school re-opens on January 6th.

The Principals of the Schools in Labrador City and Wabush returned recently from Toronto where they attended a seminar on audio visual education, at the Canadian Education Showplace. In addition to conferences an exhibit of audio - visual aids and suppliers was held.

### NTA PARTY

The Newfoundland Teachers Association, Labrador West Branch held their Christmas Party on Wednesday night last at

the Sir Wilfred Grenfell Hotel. There was approximately seventy-five couples in attendance. It is planned that this will continue to be an annual get together of all teachers in the area.

### CHRISTMAS VACATION SOON

All schools in Labrador City and Wabush will close for the Christmas vacation period on Friday, December 19th, and will re-open again on Tuesday January 6th.

### POST OFFICE EXPANSION

Renovations to the Labrador City Post office are nearing completion, which will be 400 square feet of this allotted to enlarging the mail room, 200 sq. ft. for the staff lunch room and records section with the remaining 400 being utilized in general office space. The

Postmaster, Mr. Henderson stated, that the additional space now available will help facilitate more easily the handling of incoming and outgoing mail. Mail volume to date has increased 25% over last year, and from December 1st, six additional members to the staff have been added. It is expected that this number will increase with the increased volume mail during the Christmas period.

### TRAFFIC SIGNAL BEING INSTALLED

The installation of Traffic Warning Lights at the Wabush Railway Crossing is expected to be completed and in operation before Christmas. Wabush Mines personnel have been engaged to install the system under contract from the Provincial Department of Highways. A spokesman for Wabush Mines said, that they are experiencing difficulty in the delivery of materials. They are now awaiting the arrival of the lights, which are expected this week. It had been anticipated

that the warning system would be in operation before the end of November.

### CAR RAFFLE

The Labrador West Chamber of Commerce are presently conducting a Christmas Car raffle, the proceeds of which will go towards the Winter Carnival expenditures. The 1969 Cadillac "Calais" valued at \$8,500.00 will be drawn on December 27th. Three hundred tickets are being sold and are available from members of the Chamber.

### SAFE DRIVING WEEK

The annual safe driving week, held from December 1st to the 7th, came to a close with only two minor accidents reported to the Police in Labrador City, both accidents involved property damage only. In Wabush the RCMP report that they also had two accidents, one an injury, although minor and one property damage.

## Hospital auxiliary meets

The regular monthly meeting of the Ladies Auxiliary, Captain Jackman Memorial Hospital was held on Monday the 24th of November at which time plans were finalized for the Christmas Bazaar which was held on Saturday, 6th December in the Hospital Cafeteria.

This Bazaar was the first to be held by the Auxiliary and under the very able Convenorship of Mrs. Bill Huston of Wabush, was a decided success. Capt. Hammond of the Salvation Army opened the affair with a few words of welcome to all.

The Cafeteria was tastefully decorated for the festive season and the tea table attractive with a centre piece of candles and Christmas ornaments. The individual tea tables were dressed with clothes having a holly motif and candle centerpieces. During the afternoon the tea was presided over by Mrs. W. Hammond and Mrs. R.W. Anderson and members of the Auxiliary served the guests.

The Fancywork, Home Cooking and White Elephant tables proved to be very popular and the Fish Pond created much excitement for the children.

The ladies of the Auxiliary would like to extend thanks to Captain Hammond and the members of the Hospital Staff for making this Bazaar possible and it is hoped that this will become an annual affair. Appreciation should also be extended to the many ladies who, though, not members of thy organization, helped in so many many ways.

**FLIGHT INAUGURATED** - EPA inaugurated its daylight flight from the Island recently. The Boeing 737 jet now departs St. John's, daily except Sunday at 8 a.m. arriving Wabush Airport at 12:05 noon, and department again on the return trip to the Island at 4:25 p.m. (Aurora Photo).

## Road contract awarded

Real Ste. Marie, Contractor has been awarded a contract by Quebec Cartier Mining Company, for the clearing of a right of way for a winter road from South West of Duley Lake, for twenty-two to twenty-five miles towards Mount Wright,

where it is believed a substantial Iron Ore Deposit exists. The Road will proceed in the area of Long Lake and Kissing Lake to Mount Wright.

Quebec Cartier Mining Company recently announced plans to undertake exploration

and drilling in that area. During the winter months the road will serve to move equipment into the area. During this period extensive research and studies along with exploration will be undertaken to ascertain the amount of deposits of Iron Ore available.

It will take approximately one year of exploratory work before a decision is made whether or not it is feasible to undertake the establishment of a new Iron Ore Mine, and during this period

personnel engaged on the site will be working for various contractors, the only employee's of Quebec Cartier Mining will be three to four people engaged in field supervision.

It is anticipated that the "tote road" will be upgraded this coming summer for vehicle traffic.

Duley Lake is approximately seven miles south west of Labrador City and is already connected to the town by road.

## Pamphlet is issued on studded tires

A new activity of the Canada Safety Council is informing the public about studded snow tires.

A pamphlet on the popular new winter driving aids has been prepared by the rubber association of Canada in co-operation with the Council and is available at no cost from the Canada Safety Council, 30 Driveway, Ottawa 4.

Motorists using the studs should drive with confidence, not over confidence the information campaign stresses.

The studs definitely improve traction, especially on slippery surfaces, and this improves if the tires are mounted on all four wheels. The Council advises

against installing them on front wheels only.

The driver whose vehicle is equipped with these aids should watch out carefully for the car behind him - the driver may not be equipped with studded snow tires and thus will be unable to stop in as short a distance as the vehicle so equipped. Drivers with studded tires are also advised not to spin their tires on ice because the studs may hit a solid object under the ice and be torn out of the tire.

These and other rules are included in the pamphlet, the first definitive information on studded snow tires to be published in Canada.

## LABWAB

We were reading recently an article in McLean's Magazine which has to do with the ski business. As articles go, this one is good reading for unfortunate Canadians who do not happen to live in Labwab. However, in view of the many Labwabians who are voicing disapproval of said article we should like to analyze the paragraph which mentions our favourite winter sport in connection with Labrador.

Readers are led to believe in this irksome paragraph that our Labwab ski facilities are new. The truth of the matter is that 1959 saw a few volunteers paddling Dumbell Lake in search of a site on Smokey's slopes and skiing started that winter. 1959 in the local parlance is not new, in fact it is so far back in history that Labrador City or Carol was not incorporated, Wabush was largely inhabited by Boulets, Howletts, Larsons and McGregors and citizens such as Keith Williams, Pete Dohonick, Doctor Moss and Jack Dunkin are known today as old timers. So our local facility is not new.

There is another gem of inaccuracy in this above-mentioned article wherein non-Labwabians are told that the populace of those pioneer days "begged" the Iron Ore Company of Canada for facilities. Now this is a dandy statement if ever there was one. Can any citizen of these parts, with all aspects considered, come out and say that he or anyone, had to beg for anything from the Iron Factory? Certainly fight and argue for things as any good Union man knows, but beg for ski facilities. Ha! The nearest thing to begging any Labwabians have done lately, or at any time, is "demanding" and that in the case of a road. (In fact the Iron Factory has done a little on that score too because governments sometimes have deaf ears.)

Possibly to get the record straight we should invite the McLean's writer up to point out a few things which someone may construct as having been begged. Did anyone notice any begging being done for an arena, a curling rink, a recreation centre or a swimming pool.

Getting back to our ski facilities, we hesitate to mention in these lines that 60,000 dollars of debt is being carried by the Club and its members. We say "hesitate to mention" for fear the Iron Factory will pay it off out of pure sheer cussedness, if they find out about it. Further, and this is more on the serious side, there has been for years an enormous amount of voluntary work put into Smokey Mountain Ski Club by its membership.

To make a long story short, we should like to point out that the Ski Club couldn't exist as it does without the help of the Iron Factory but please leave out the word "beg". Our local mining companies have always beaten the beggar to the draw.

We note that the year has moved up to the point on the calendar where the joyous Christmas season is on hand. In fact it is only a few days away, closely followed by the end of an eventful 1969. This imminent season puts T-Dor in a particularly benevolent frame of mind, so benevolent indeed (and so busy) that we shall spare one and all the usual beefings of our column until the Aurora of January 7. From today until Jan. Seven, guitarists, snowmobile operators, the C.B.C. Goose Bay Radio, Mr. Smallwood, Mayors, Municipalities, snow-plowing agencies and the Labwab Rapid Transit may all rest assured that T-Dor will not make a single nasty remark about them or the odd-ball citizens we have encountered in our meanderings of the past eleven weeks.

A very sincere wish is extended to all of our Aurora readers that this Christmas and New Year's Season will be merry and memorable, and the New Year brings good fortune and good health.

Your odd-ball citizen reporter,  
T-Dor.

## "B" LEAGUE HOCKEY

Two more games were played in the "B" league last week with Wabush winning one and losing one. In the first, the Royals scored a goal with only 4 seconds left and edged Wabush, 5-4, while on Tuesday night Wabush defeated the Indians 6-1 in a very rough encounter.

In the opener, Wabush were leading 2-0 after the second period but the Royals staged a tremendous comeback with Ed Butt scoring at 19:56 for the win. Other scorers for the Royals were Job Blackwood, John Mason, Jerome Gover and Joe Pollett. Scoring for Wabush were Vince White, John Mercer and Bill John with two.

On Tuesday, Wabush defeated the Indians 6-1 in a game high-lighted by 30 penalties, including 4 fighting majors and 2 misconducts. Tony Barton scored 2 to lead Wabush with G. Fitzgerald, D. Fitzgerald, John Mercer and Roy Kaoli adding singles. A Blondell scored the lone goal for the Indians. 250 fans turned out for the game and for 25 c. certainly were well-entertained for the evening.

### FUTURE

Fri. Dec. 19th 7:15 - Indians vs. Wabush

Tues. Dec. 23rd. 8:00 - Royals vs. Indians

Tues. Dec. 30th. 8:00 - Wabush vs. Royals

## BADMINTON CLUB

The Labrador City Badminton Club journeyed to Sept-Iles to participate in the Acadian Club tournament held there. Competition for the tournament was very close and the Acadian Club eventually edged Labrador City 26 points to 25.

Divisional Winners were:

Men's Singles: L. Bission, Sept. Iles

Men's Doubles: H. Bains & J. Turnbull, Labrador City

Ladies' Singles: M. Plourde, Sept-Iles.

Ladies' Doubles: R. Thornhill & M. Capper, Labrador City

Mixed Doubles: L. Bisson & A. Bisson, Sept-Iles.

Meanwhile, the Club has been playing regularly on Sundays and Wednesdays and is presently conducting a Christmas tournament for its members.

## "A" LEAGUE

Well - things happen quickly and on Thursday of last week the "A" League opened with the Saints meeting the Braves. On Monday the Saints played Wabush and on Thursday at 8:00 p.m. the Braves will play Wabush.

Meanwhile, this weekend the Schefferville All-Stars will be in town to play the local All-Stars on Saturday and Sunday. Admission price for these games will be \$1.50.

At the N.A.H.A. meeting last weekend in Gander, Labrador City was awarded a bye into the Provincial Intermediate "A" finals and will be hosting this series again this year.

## BASKETBALL

The final game of the exhibition round in the basketball league was played last Sunday with the Teacher team defeating Wabush 49-36. At the half, the score was 23 all and in the second half the Teachers outscored Wabush 26-13.

Teachers - Chick 15, Foerstel 12, Dunlop 10, Squarey 6, Corcoran 4, O'Brien 4. Wabush - Barron 14, Tuffman 10, Shelley 6, Perry 3, McDowell 2, Rayworth 2.

STANDINGS:	W.	L.	Ptd.
Teachers	3	0	6
Braves	2	1	4
Saints	1	2	2
Wabush	0	3	0

TOP SCORERS:	B	T	S	T	S
Mike Murphy	121				
Bob Chick	3	54			
Dick Foerstel	3	48			
Gerry McQuire	3	46			
Art Squarey	3	40			
Bill Dwyer	2	38			

The league will now recess for the Christmas holiday and league action will resume again on January 14th. A referees clinic, conducted by Sam Walters, will be held on January 10th, and anyone in the area who is interested is invited to attend.

## Christmas - tide

BY CHARLES W. RENDELL

Once more the world's 'Delight of Joy,'  
The festival of love,  
The time of toys and sparkling eyes,  
Of glory from above,  
All hurrying, all tingling,  
Folks rush and snowflakes slide;  
Hush! Man to man and man to God,  
will soon be reconciled.

Glad carols dedicate the hours  
And sanctify the air,  
The trees within our hearts and walls  
Are dressed with loving care,  
The mantelpiece is card bedecked,  
The holly wreaths are tied;  
Hush! man to man and man to God,  
Are being reconciled.

And now the Holiest Eve of all,  
Sublimest of the year,  
Outside the world is dressed in white,  
Inside, o'erflows with cheer,  
Hearts lifted high through Peace and Joy  
Cast cares and fears aside;  
Hush! Man to man and man to God,  
Are all but reconciled.

Star of the East! O Heavenly light!  
Whence art thou come on high?  
Ye shepherds biding in the fields,  
To where, the Angel's cry?  
To Manger, Babe, and Bethlehem,  
See your Salvation plied;  
Hark! Truth and Right and all that's Good,  
Are surely reconciled.

What lowly scene awaited, at  
That midnight, starred with grace,  
the Holy child, in Manger laid,  
A kindly mother's face,  
Celestial hosts attend the Nite  
Of gentle baby's cries;  
Thus mighty feeble, feeble might,  
Has all things reconciled.

O day of Days - O Season Bright!  
Fusion of gifts Divine!  
O love, O Peace, O mercy mild,  
O charity of time,  
O hours of Golden fellowship  
To stud the Pilgrim's stride;  
Hark! Man to Man and man to God  
Have now been reconciled.

All Hail! Ye choirs of angels blest,  
Earth trumpet loud and long!  
Man walks with God all humbly clad  
The Heavenly Hosts among,  
For love abideth; Mercy sits;  
Right stands; all wrong defies;  
The eternal promise flames before!  
And life is reconciled.

But January's on the way,  
Flesh yields to mortal time,  
So soon his fellows ill and worn,  
Man, ruthless, casts, aside,  
So soon the lusts of greed and hate  
The worths of life bestrides;  
But sing My Soul! Thou are not mocked!  
For thou art glorified!

## CNIB advisory board

(Cont'd. from pg. 5)

and Wabush was approximately \$650.00 below last year. It was felt that this was probably because of the prolonged labour problems in both towns this summer. The total collected to date in Labrador is \$2,298.30.

Mr. O'Brien reported that all of the 26 registered blind persons living in Labrador had been sent a Christmas gift. He also minutes or until slightly browned, received a braille watch and one had been given a radio. In addition four blind persons living at Nain were given instructions in crafts by the CNIB Home Teacher who visited there in August. The meeting was given a demonstration of the new transistorized, Tape Talking Back Machine now available to blind persons. Following the meeting the machine was presented to Mr. Edgar Hounsell, a blind resident of Labrador City.

Mr. Pike reported that he was working out plans held their eighth annual father and son banquet in the basement of the was also planned to have the Home Teacher visit Labrador regularly in future so that all blind persons who could benefit from instructions would have the opportunity to receive it. He stated that returns from the Annual Appeal from other parts of Labrador were very encouraging, especially in Goose Bay area where the collection showed a substantial increase over last year.

## Here 'n' there

**GUNS REAPPEAR:** In Sears-Roebuck U.S. catalogs. The company took a moratorium on gun ads last year "pending consideration of antigun legislation in Congress." Now Sears resumes the promotion of firearms but won't sell them by mail or telephone and demands proof that the buyer is 21 years old.

**KEEPING THEM HAPPY:** Central Park Lodges of Canada Ltd., has announced plans to install cocktail bars for senior citizens in some of the 15 rest homes it operates in Ontario, Manitoba and Alberta. "For many of our guests," Central Park's vice-president says, "a drink is better than a tranquilizer pill."

**HOUSING STARTS:** Statistics released by the Central Mortgage and Housing Corporation reveal that new residential housing starts in Newfoundland during October totalled only 64, a decrease of 46.9% from October, 1968. For the January - October period 1969, housing starts in the province are down 26.2%.

**APPEASING THE MILITANTS: FROM THE WALL STREET JOURNAL:** Bilingualism, it's hoped, will make French - Canadians feel more a part of national affairs by making it easier for them to deal with the government and by attracting more of them into federal service. The plan calls for doubling the number of bilingual civil servants to 50,000 (out of a total of 250,000) by 1975. Among the 350 highest - level officials, most of whom work in Ottawa, the requirement is for 60% to know both languages by 1975, compared with the current 30%. Since most of the relatively few French - Canadians currently in the civil service already speak English, the biggest problem is teaching French to those of English origin. Some of the older workers are finding their studies a tough grind. Such workers, most of them in their 40s and 50s, say they fear they won't be able to cope and will be passed over for promotions as a result. "A chap who's 45 has lived his life thinking he has all the equipment to do the job, and suddenly it's a new ball game," says one administrator.

Prime Minister Pierre Trudeau didn't help matters with a flippant threat that managers who can't learn French may find themselves working as elevator operators. "There was almost munity in some language classes" the day after Mr. Trudeau made the comment, says Michel Caron, head of the government's language bureau.

**SOCIAL SECURITY BOOSTED:** The ways and means committee of the House of Representatives voted unanimously last week, to recommend a 15% increase in United States social

security benefits effective 1 January 1970.

**ANYONE FOR A PAY INCREASE:** U.S. corporations, which generally face a serious shortage of high caliber executive talent, show wide variance in the rewards given to top management. Some idea of the spread can be gained from the following table, which shows the total compensation for the chief executive talent, show wide variance in the rewards given to top management. Some idea of the spread can be gained from the following table, which shows the total compensation for the chief executive officer of the top 5 companies, as measured and ranked by revenues in 1968:

1. General Motors	Compensation	\$795,000.00
2. American Tel. & Tel.	Compensation	\$295,900.00
3. Standard Oil (N.J.)	Compensation	\$450,000.00
4. Ford Motor	Compensation	\$600,000.00
5. General Electric	Compensation	\$289,000.00

Nothing much to cry about here, it would seem, especially when one notes that President Nixon draws \$200,000.00 a year, Congressmen \$42,500.00 and the Chief Justice \$62,000.00.

**WINTER CRUISE:** The luxury liner, Bremen, will visit Newfoundland next month for its second winter cruise from the province. Harvey's Travel Agency of St. John's, is making arrangements for the cruise. The 702 ft. turbine ship is scheduled to arrive at Holyrood in Conception Bay, 19 January to embark passengers for a 13 day Caribbean cruise. The 32,200 ton ship is equipped with a movie theatre, ballrooms, swimming pools, beauty salon, barber shop, gym, lounges, etc. The liner is completely air conditioned. She will pay a short visit to Conception Bay and then sail to Halifax from where she will go to New York where the Caribbean cruise begins.

**SECTIONAL "ZIPPERED" BUILDINGS:** A new building which can be "zippered" together on the job site has been introduced by Halliday Homes of Burlington, Ont. The buildings can be used for a variety of purposes, including offices and bunkhouses, among others. An advantage of the new structure is that the two halves are manufactured at the Halliday plant, transported to the site and then connected together with a "zipper - seal" to provide the floor space needed for almost any use. The sectional buildings come completed with lights, electric heat, insulation, windows and washroom facilities, if desired. Applications are seen in the mining and construction industries because of the portability and speed of assembly of the buildings, as well as their low initial cost and ability to be relocated quickly and economically.

**EXCERPTS FROM A NEW YORK GOSSIP COLUMN:** A soon - to - be published book on bad taste promises to provide "something to offend everyone." . . . A Washington hospital adds coq au vin rouge and crabmeat tetrizzini to its menu at no extra charge.

**BUSINESS:** Canadian investor owned companies are headed for another dividend record this year. With only a few weeks left to run, 1969 payments are, so far, up 9% from 1968.

**WAGE BOOST WANTED:** The British Columbia Federation of Labor last week asked that the provincial minimum wage be increased to \$2.00 an hour from \$1.25 and suggested those in lower income brackets might resort to violence, if it is not.

**TELEVISION BISHOP:** The "television bishop" resigned as head of the Rochester, N.Y. Roman Catholic diocese. Fulton J. Sheen, 74, who once appeared to be the certain successor to the late Cardinal Spellman of New York, said he wasn't quitting for reasons of health. Sheen recently declared he hadn't any intention of leaving when he turned 75 on 8 May. A year ago, Pope Paul suggested that prelates consider resigning when they reach 75. Sheen is to be succeeded by a Rochester priest.

**SEAL HUNTING:** Canada has prohibited the hunting in 1970 of three - to - ten day old "whitecoat" seals. Magazine photographs early this year of sealers clubbing the pups to death produced an uproar in the U.S. and Europe. Hunting of three - to - four week old "beater" seals, however will be permitted, so long as rifles are used. Fisheries Minister Jack Davis said he still expected protests, but less emotion because beaters aren't as "cute" as whitecoats.

### ROYAL COMMISSION CANCELLED

The Royal Commission on Labour for the Province of Newfoundland and Labrador, originally scheduled to hold hearings in Labrador City, December 17th, has cancelled plans to visit the area. It is understood that due to illness of the Chairman, Dr. Maxwell Cohen, that hearings have now been postponed indefinitely.

Labrador City on Saturday, December 20th, when the United Steel Workers of America, Local 5795 will host a Christmas party for all children from the town, at the Royal Theatre. The party will commence with cartoons being shown at 9:30 a.m. and with the arrival of Jolly old St. Nick, at 10:15 who will distribute goodies to the children.

### NEW SERVICE CENTRE OPENS

Al's Electronic Center opened this past week and is presently the only full time repair depot for TV's, Radios, Stereos, two way radio etc., in the area. The service center is operated by Alex Hicks, who is no newcomer to this field, having previously managed the Television Station from the time it commenced operation in 1965. A ten-hour, seven-day week service is offered to residents.

### CBC RADIO INAUGURATES NEW SERVICE

CBC Happy Valley will commence this Sunday at approximately twelve noon, to carry a five minute news broadcast from Labrador City and Wabush. Initially this will be a once weekly programme originating from the area.

### SANTA'S VISIT

Santa will pay a pre-Christmas visit to

**FATHER AND SON BANQUET** - On December 6th, the Carol Scout held their eight annual father and son banquet in the basement of the R.C. Church. The event was attended by 350 cubs, scouts and fathers. The chairman of the group committee, J. Timmons was co-chairman for the evening with Venturer Don Shave acting as master of ceremonies. The evening started with Venturer Shave welcoming fathers, sons and guests. Reverend William Bellamy, local Scout Commissioner said grace. Cub Tony Brown then gave a toast to the Queen, followed by Cub Rodney Rendell, who proposed a toast to the movement which was responded to by K.J. Greene, after which all partook of a very enjoyable

meal, served by many of the mothers who have boys in the group. After the meal, Rev. Fr. Lemire, representing the sponsor, gave thanks. Mr. Timmons then introduced the guest which included, representatives of Carol Guides, Mrs. Granter, District Guider and Mrs. Mardie, District Commissioner., Mr. G. Tardiff, first aid instructor, Mrs. V. Adams, Cubmaster, Wabush, Mr. E. Adams, Mr. G. Dunsmore, chairman of the Wabush group committee, K. Sheppard, one of the original founders of the group, C. Chayter, Sgt. Malloly, Mrs. Ira Tilley. The Chairman then called on Mr. A. Rendell to present a token of appreciation to the Cub and Scout leaders, who were introduced to the undertaken to ascertain the

amount of deposits of Iron Ore available. appreciation for her services in organizing the previous father and son banquet. After the presentation of various awards and trophies to scouts and cubs, a film was shown, depicting the activities of the past summer, this was followed by the usual skits and a campfire singalong. Before closing a request was made by the chairman of the group committee, for help from the fathers, he went on to say, that no experience is necessary, just a willingness to work with boys, if help is not forthcoming in the near future, the group has grown so, that sections will have to be closed because of the lack of adult leaders. The evening closed with the singing of the Vesper Songs and O'Canada.

## Mind Teaser

Tom and Jerry can complete a certain piece of work in 22 hours when working together. After working together for 8 hours, however, Jerry leaves and Tom finishes the job alone in 28 hours more. In how many hours could Tom have done the entire job himself?

### ANSWER

In 44 hours. In 8 hours, Tom and Jerry together complete 8/22 of the job, leaving 14/22 for Tom to finish. Divide 28 by 14/22.

 VALUED AT 59.95  
 To enter make a purchase of \$5 or more. Write name and address and telephone number on back of receipt and place in contest box.  
**DRAWING TO TAKE PLACE WED., DEC. 21st. 4 p.m.**  
 Winners must answer skill testing question.

**HOURS: MONDAY TO SATURDAY 9 A.M.-9 P.M.**  
**ABUSH PLAZA**

**WHAT IS A GOOD TURNOVER RATE?** There is no standard of determining turnover in Canada. Some employers merely report the total separation rate. The total separation rate, including all deaths, retirements, changes because of marriage, children, etc. could be quite high with a low "chargeable turnover rate". For many years, the oil industry in North America considered a monthly turnover rate of 1.5% or less very good.

Today, most employers would be very pleased with a monthly rate of 2% (24% annual turnover) for "chargeable or "avoidable" turnover. A recent personnel article pointed out how costly turnover and absenteeism were becoming. The following approach was used:

(a) "Even at the now unrealistically low rate of 4% monthly turnover, a company would have 20 out of every 100 of its employees in the zero to six months experience class, (an average of 3 months experience). Supervisors generally agree that at that stage an employee produces about 75% of what is produced by an employee with over one year's experience). So, 75% results from these 20 new employees means that you are getting a production equivalent to 15 experienced workers. But you are paying a very minimum of \$6,000.00 in wages for each of the 20, so the equivalent of five non - producers is costing \$30,000.00 a year - for no return.

(b). "Also in that 100 employees there are ten more who have been with you between 6 months and a year. Production analyses show that they average only 90% of full experience production. So, 90% of those ten leaves the equivalent of 9 producers and, again, another \$6,000.00 a year manpower cost not producing. That puts the figure at \$36,000.00 a year - for no return.

(c) "What about absenteeism? This is a substantial loss item which all too few in management really appreciate. Those same sources are in general agreement that 1% absenteeism equals 2½ production loss (supervisor time, reassignments, disruption of routine, etc.). Again the national average for absenteeism has gone up but we will use the conservative 4%. Multiply the equivalent of the production of 10 workers out of every 100 employees. Using the same conservative \$6,000.00 a year per employee figure, this amounts to \$60,000.00 a year per hundred employees. Add that to the \$36,000.00 a year loss due to inexperience and you have an annual

# Employment in Canada

reducible figure of \$96,000.00 per hundred employees in all job categories." By keeping continuing records and trends on the costs of turnover and absenteeism, it usually becomes evident that more than 75% of the reducible costs are caused by less than 20% of the total work force. Personnel attention is needed to "maintain" these people who represent less than 20% of the work force.

**WHY EMPLOYEES JOB - HOP.** Professional personnel managers usually are aware of the reasons why employees quit and change jobs. Various methods are used to determine these important facts. Usually, the exit interview, skillfully conducted, provides the information to help personnel mend the fences. Unfortunately, the average Canadian exit interview is a routine affair accomplished quickly by the wrong people. Uninformed people consider the exit interview

as locking the barn after the horse is stolen. This very useful personnel technique can save employers thousands of dollars and do much to improve morale and loyalty. A university survey indicated that the average time from initial employment to the point where the candidate actively started looking for another job was 23.7 months. The survey interviewed 52 employees, whom they considered as qualified and in the professional or near professional class. These 52 employees had an average of 3.2 years of university education and an average of 9.4 years of service with their last employer before changing jobs. Though increased salaries resulted from 90% of the job hops, the "real reason" the employees gave for changing only involved increased pay in eight cases (15.4%). Here are some of the reasons for job-hopping as given in the survey: (More than one answer was given in several cases).

Number of respondents: 25. Reasons given for job-hopping: Not enough opportunity, potential for advancement.

Number of respondents: 18. Reasons given for job-hopping: Poor communication or no goal setting.

Number of respondents: 16. Reasons given for job-hopping: More money desired or poor pay.

Number of respondents: 14. Reasons given for job-hopping: Desire for different type of job or more responsibility.

Number of respondents: 12. Reasons given for job-hopping: Too many "layers of management" or lack of participative management.

Number of respondents: 8. Reasons given for job-hopping: Employer spent very little time in training or coaching me.

Number of respondents: 6. Reasons given for job-hopping: Loss of interest or no feeling of belonging.

It seems apparent that many of the job changes would not have taken place, had the employees "communicated" with their former employers. It is known that in many cases, the former employers were very unhappy to lose the employees. Quite often employees change jobs to have the opportunity to start anew - in a new place with new people and new, perhaps better opportunities for growth and development. Many people simply need or want a change.

## Mind teasers

**Smitty bought a secondhand car for 2/3 of its value and sold it later for 10/9 of its value, thereby gaining \$220. How much did Smitty originally pay for the car?**

**ANSWER**

\$330. Divide the difference between 10/9 and 2/3 into 220; this is the value of the car; multiply by 2/3 to find the price he originally paid for it.

**If 3 cats catch 6 mice in 3 minutes, how long will it take 25 cats to catch 25 mice?**

**ANSWER**

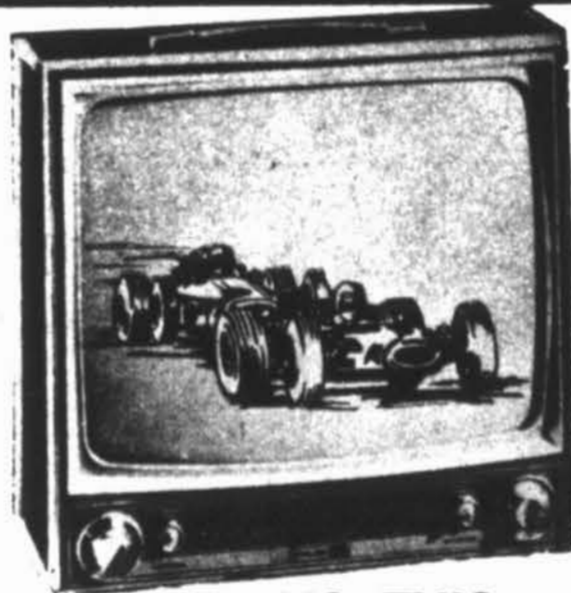

1½ minutes. Each cat catches one mouse in 1½ minutes.

 Tuesday: Prayer Meeting at 8 p.m.  
 Thursday: Young People's Service at 8 p.m.

# The youth column

by Sharon Bryans

The high school curling club of Labrador City Collegiate will be having an invitational Christmas bonspiel during the Christmas holidays. They will be inviting curling teams from Schefferville, Sept Iles, Goose Bay and Gagnon.

The student council of Labrador City Collegiate had a meeting on December 10th and it was decided upon at this meeting to end all future activity nights, held on Saturday's at 11:30 p.m., this request was in co-operation with the town Clergy.

This was decided upon because previously we had ended the activity night at 12 midnight and sometimes later. Because the activity nights are open to grade eight students and non-students, the earlier closing time was accepted to satisfy anyone. In future these nights may begin earlier to compromise.

There was a dance on Saturday, December 6 at the collegiate, sponsored by the student council. The band was composed of students of the collegiate who made their first appearance at the school this year. With the support of the students I think this band will develop into the

top teenage band in the area. The attendance at the dance was good, the majority being students and the minority previous graduates and friends of the students.

The Schefferville high school has invited six boys and six girls from Labrador City Collegiate to Schefferville to compete in a swim meet on December 27th and 28th. The participants representing the collegiate will be chosen by the two physical education teachers, according to their swimming skill.

The LCC will be having their Christmas semi-formal on December 20th, music will be supplied by the Krystals. The student council would like to see as many students as possible in attendance at this dance to help celebrate the Christmas season.

The first year Memorial University course which may be offered next year at LCC is now being "considered" by the administration. To be eligible for this course, you will have to have completed grade eleven matriculation. The seven subjects which will be offered are: History, French, English, Math.,

Chemistry, Biology and Physics.

Geography may be included as a subject if there are enough people who want to take it. There will be tuition fees similar to those required at Memorial University for the first year, but may be only half as much. Textbooks will be purchased by individuals according to the courses which they are taking. The students taking the first year course as an extension programme of Memorial University will be treated as University

Students - and their attendance and conduct will be their own responsibility. The teachers will be some of the teachers presently at the collegiate and that have qualifications to teach first year University. Graduation from this course will be recognized by all Canadian Universities as equivalent to senior matriculation or a qualifying first year as offered by Carleton University or McGill University of Montreal. This will be a great boom to all those now in grade eleven and who wish to further

their education after obtaining their junior matriculation. They will not have to leave the area and pay transportation and boarding expenses. It will also eliminate some of the strangeness and confusion young people are confronted with when they leave home to live in a campus atmosphere in a large city foreign to them. It is not known for certain if this course will be offered as yet, but if it will be offered at LCC next year, the school will know early in the next year.

## Social calendar

### WEDNESDAY, DEC. 17

Ashuanipi Social Club - Private Party - (Club Open).

### LATE REPORT - "A" LEAGUE

The Labrador City-Wabush A League opened on Thursday night with the Braves defeating new entry the Saints 6-2. At the end of the first period the score was 4-2, no goals were scored in the second and the Braves scored 2 more in the third and they outshot the Saints 23-5. Al Wells and Stu Traverse scored two goals each to lead the way while Vince Butt and Bob Smythe added singles. Donnie Hong and Hubert Hynes were the only ones to get the puck by Cote in the Braves net.

Wabush and the Saints played on Monday night and the Braves and Wabush will play Thursday. Game times at 8:00 p.m.

## The Kitchen Korner

### ICE BOX COOKIES

1 lb. butter or margarine  
 1 cup brown sugar  
 1 cup white sugar  
 3 eggs  
 5 cups flour  
 1 teaspoon baking soda  
 1 teaspoon of vanilla 1 egg yolk

Cream butter, add sugar and eggs one at a time. Add vanilla, also flour to which soda has been added. Make into rolls and chill for 8 hours. Too each roll add a variety of nuts, cherries and chocolate chips. Bake at 350 degrees until slightly browned, about ten minutes.

### SHORTBREAD

½ lb. butter  
 4 teaspoons of corn flour,  
 ½ teaspoon of salt  
 1 cup of icing sugar  
 2 cups of flour  
 1 egg yolk

Cream butter, add sugar. Mix in egg yolk, combine corn flour, gradually add to creamed mixture. Bake at 350 degrees for 10 minutes or slightly browned.

# Manpower mobility program

As our nation's economy changes and expands, Canadian workers are sometimes hurt in the process. People lose their jobs and, despite the talents they may have, are unable to find new job opportunities in their own communities. Besides the personal hardship involved, this is wasteful. The workers' abilities are lost to the economy although industries elsewhere may be hard pressed to find suitable manpower.

If you have been laid off from your last job, unemployed and unable to find employment your local Canada Manpower Centre may be able to help you get a new job in another community - and at the same time help an employer meet his manpower needs. The Canada Manpower Centre does this through the new Manpower Mobility Program.

## WHAT HELP IS AVAILABLE?

Once you have seen your Canada Manpower Centre Counsellor and your eligibility has been established, you may qualify for any or all of the following grants:

### EXPLORATORY GRANT

This is a new type of grant designed to help you leave home for a short time to look for work elsewhere. You can get a grant to cover the cost of travel to the nearest area where a suitable job is available. Providing an employer wishes to interview you.

In your absence, your family would receive dependency allowances for up to four weeks to help meet their living costs.

### HOW DOES MANPOWER MOBILITY WORK?

The Manpower Mobility Program has been in effect since the beginning of 1966. On April 1, 1967, it was revised to make more help available to more workers. The loan scheme, which formed part of the original program, has been removed. If you are qualified, you can receive an outright grant to help you resettle in a new community.

You may qualify for assistance if you are 18 or over; if, because of the employment situation in your area, you have little or no prospect of suitable work in your home area; and if you either are unemployed or have received written notice from your employer that you will be laid off at some specific date.

### MOVING AND RESETTLEMENT GRANT

When a Canada Manpower Centre has located a definite job for you, or when you have found one by our own efforts, you can qualify for grants to cover the cost of moving your household goods and travel costs for you and your family to the new location.

In addition to these moving costs, there is a resettlement grant, designed to help meet your costs in getting re-established. This provides \$100.00 for you, \$100.00 for your first dependent, \$200.00 for your second and third dependents and \$100.00 for each additional dependent.

You may qualify for these grants, but the recommendations for assistance MUST come from your Canada Manpower Centre counsellor before you make the move to the new job. Each case is different and must be treated on its merits. Counsellors have complete information on the Manpower Mobility Program and how it can help you.

But remember they can't do a thing until YOU talk to THEM.

### WORK IN THE WABUSH-LABRADOR CITY AREA

Work in the Wabush - Labrador City area at the present time is very limited for Clients seeking labour, truck driving or related Construction Occupations. Please keep this in mind if writing to friends who wish to seek work in this area or speculation.

### CLOTHING SALESMAN WANTED

An energetic young man with experience as a clothing salesman is wanted for work in Labrador City. Experience in a department store an asset. Good salary for the right man.

Domestics are in Demand.

Girls looking for positions as domestics should contact us immediately. We have the names and numbers of a number of families looking for girls. Average salaries are \$100.00 per month with room and board provided

## Information column

The Nurses Ball will be held at the O'Brien Hall on Friday December 26th, commencing at 8:30 p.m. Music will be provided by the Viscounts and tickets may be obtained by calling 944-5966.

On December 8th, Mr. & Mrs. Francis Delahunty of Wabush announced the engagement of their daughter, Margaret Rose to James Alan, son of Mr. & Mrs.

William Rough of Wabush. A June wedding is planned.

Happy birthday to Kevin Blanchard of Wabush who celebrated his third birthday on December 15th. Greetings come from, Mommy, Daddy and baby brother John.

The regular games evening in the Wabush Recreation Centre, Saturday December 20th.

Happy birthday to Keith Sherran of Wabush who was thirteen on the 12th of December.

WANTED - to buy, one wringer washer, Phone 944-5207.

WANTED - by experienced girl, a job as baby sitter or light housework, Phone 944-3323.

### PHONE SERVICE TO IMPROVE

The current difficulties encountered by subscribers phoning between Labrador City and Wabush and return should soon come to an end. A spokesman for Newfoundland Labrador Telephone and Bell Telephone have stated that the number of circuits between both towns have been increased and as soon as additional equipment is received and installed a further increase of ten circuits will be available, which will be more than adequate to handle traffic. Newfoundland Labrador Telephone have also been experiencing problems in the installation of equipment to serve the Maple Crescent area. The hold-up is apparently due to the strike situation this past summer, which has delayed the delivery of the necessary equipment from the manufacturer. It is expected that residents of Maple Crescent area will commence to have their telephones installed in early January.

BY CARL PAYNE TOBEY  
ILLUSTRATED BY DEGRAZIA

## PAST

## CREATION

Ancient tribes and civilizations had their various stories of creation and they bear a strange resemblance. There is marked similarity between the creation of Genesis and the creation taken from the legends of the Hopi Indians. All these versions have been handed down, translated and possibly changed because the in-between people did not appear to understand the message. They seem to begin with Fire, Earth, Air and Water, and it is possible that they are descriptions of the mathematical zodiac, which was divided into Water (emotional) signs, Earth (physical) signs, Fire (vital) signs and Air (mental or intellectual) signs.

## FUTURE

## THE SAGITTARIUS PLAYGIRL

## PRESENT

She thinks a lot but when she plays, she plays. She seldom beats around the bush and it won't take much time to find out where you stand. She respects intelligent men, so if you want her, try to act like one. She often has a natural interest in astrology because she is curious and has a lot of intuition. She is skeptical about the orthodox and may go inquiring into unusual places. She picks up information as she goes along. It may take time but she always seems to break away from all that was taught to her in childhood. It isn't good enough. She likes to travel and see places that are unfamiliar to her.

## TOBEY'S PREDICTION:

Try to avoid complications of a legal nature. Legal matters can usually be delayed, so delay them. Don't allow them to come to a climax now unless a fair out-of-court settlement is possible. Be cautious about new contacts established at this time. They could lead to legal problems. There can be conflicts of interest. Obey the law, even if you think it is a bad law. Everything will be easier all around. Don't bind yourself, sign anything, enter partnerships or in any other way enslave yourself.

© 1969 by NEA, Inc.

## YOUR WEEK AHEAD

- ♈** ARIES  
Mar 21-Apr 19  
Slow down a bit Tuesday through Thursday. Push creative activities and your ideas on Friday and Saturday.
- ♉** TAURUS  
Apr. 20-May 20  
Get in all the productive action before Friday and Saturday, then protect personal and home interests.
- ♊** GEMINI  
May 21-Jun 21  
Best week of the month to make some constructive progress. Travel favored Monday and Tuesday.
- ♋** CANCER  
Jun. 22-Jul. 22  
The breaks can be more in your favor. Use intuition and push plans Tuesday through Thursday.
- ♌** LEO  
Jul. 23-Aug 22  
You can have constant improvement this week. Friday and Saturday favor what you want to do.
- ♍** VIRGO  
Aug. 23-Sep 22  
You are on the up-grade. Gradual improvement all week. Don't hesitate to go ahead with your plans.

- ♎** LIBRA  
Sep. 23-Oct. 22  
It may seem like a routine week but things are improving for you. More activity lies ahead. Exercise.
- ♏** SCORPIO  
Oct. 23-Nov. 21  
Play things by ear. Don't plan too far ahead. Best to conserve. Don't make any impulsive investments.
- ♐** SAGITTARIUS  
Nov. 22-Dec. 21  
Monday and Tuesday are not propitious. Best stick to routine affairs. Rest of week will improve.
- ♑** CAPRICORN  
Dec. 22-Jan. 19  
Special caution advisable Tuesday through Thursday. Slow down, avoid action where skill is required.
- ♒** AQUARIUS  
Jan. 20-Feb. 18  
Sunday and Monday favor creative activities, independent action. Friday and Saturday be more cautious.
- ♓** PISCES  
Feb. 19-Mar 20  
Tuesday through Thursday best days for pushing your personal plans and ideas. Be yourself.

## THE NEW ASTRONOMY

The new astronomy is in the hands of NASA and the average professor of astronomy isn't up with it. Things are different since the Space Age began. In 1957, we saw the forerunner when a book by Dr. Fritz Zwicky, professor of astrophysics at Caltech, took the world of astronomy apart piece by piece. The book was not published in the U.S. but in Berlin. It has been available only on the Caltech campus. It is "Morphological Astronomy." Of the established order in the universities, Dr. Zwicky said this: *Because of selectivity and the tendency to get into ruts many important subjects are neglected and the accumulated knowledge represents an unstable structure which is full of holes with a lopsided distribution of weights.*
