The Aurora

The weekly newspaper of Labrador West

No. 49

PUBLISHED IN LABRADOR WEST, WEDNESDAY, MARCH 11, 1970

Price 10 cents

Labrador West is again making the headlines, this time by hosting The Atlantic Division Ski Championships to be held at Smokey Mountain Ski Club, March 14th and 15th. Later, March 19th, 20th and 21st, the Ski Club will be hosting the Canadian National Alpine Championships, the first ever that this event has been held in Eastern Canada. The Club is well equipped to handle such an event with the best slopes east of the continent. Five major ski trails range from 3,500 feet to more than a mile, with a vertical drop of 1,000 feet. Part of the hill known as the "Face" drops 1,500 feet down the eastern slope at 45 degrees, and is more than a mile in width. These photos show the ski club and an aerial view of part of the trails.

On the local scene

A Crazy Hat contest will be held March 28th at 2:30 p.m. in the High Noon Club. 1st, 2nd, and 3rd prizes will be awarded. Tea will be served. Anyone can enter, tickets are available from 2-3477 or 282-3041.

Many happy returns to Mr. and Mrs. Len Leyte of Labrador City, the happy couple celebrated their 26th wedding anniversary, March 4th.

Mrs. Mary Hayes played hostess at their home last week for a shower for Mrs. Hazel Coombs in honour of her new son. Guests had a very enjoyable evening playing general games. Mrs. Coombs' new son was the recipient of many lovely and useful gifts, which were gratefully appreciated. Upon opening her gifts she was assisted by Mrs. M. Hayes while the cards were read by Mrs. Ruth Whalen. The evening ended with a buffet.

Mrs. Margaret LaCour and Mrs. Pat LaCour were hostesses at the home of Mrs. Margaret LaCour last Wednesday to a work shower for the mother-to-be Mrs. Ann Keating. A large

number of guests had a very enjoyable evening playing cards, games etc. Mrs. Keating was the recipient of many lovely gifts, which she truly appreciated. The gifts were opened by Mrs. Pat LaCour, while the cards were read by Mrs. Margaret LaCour. A very delicious buffet was served at the end of the evening.

Mr. Tom Power left for a business trip to Conception Harbour over the weekend.

Mr. and Mrs. Albert Hynes are the proud parents of a new arrival, a boy.

Friends of Mrs. Gilles Bachard are sorry to hear that she is confined to hospital.

Mr. and Mrs. Aiden Critch are the proud parents of a baby girl.

Congratulations to Mr. and Mrs. Alan Somers on the arrival of a baby girl.

Mrs. Susannah Willette of Bonne Bay, Newfoundland is pleased to announce the engagement of her daughter, Helen to Mr. Wendell Forward,

son of Mrs. and the late Augustus Forward of Carbonear. A summer wedding is planned.

PC'S TO ELECT DELEGATES

Election of delegates from Labrador City - Wabush, to attend the Progressive Conservative leadership convention of 15 May, will be held at the O'Brien Hall, Labrador City on Wednesday 11 March at 8:30 p.m.

This meeting will be one of approximately forty being held throughout the Province this date.

It is hoped that about 90% of the delegates to attend the convention will be selected by Wednesday 11 of March. There will be no slates, no blocks, of delegates; all will be elected as uncommitted.

Why the policy of holding District meetings so early, more than two months before the leadership election? The convention committee feels this will enable all candidates to visit the majority of districts and afford them an opportunity to speak to delegates, as to local problems and the program the candidate would follow if he is elected leader at the convention

of 15 May. Early reports indicate a large turn-out is expected throughout the Province for the meetings of Wednesday, March 11.

The Carol Players would like to express their appreciation to all the companies, organizations and individuals in Labrador City and Wabush who supported them so generously for their production of "Spoon River", and who helped it to be such a success both here in Labrador City and in Corner Brook.

The Labrador City Amateur Hockey League wish to express their thanks to the people who supported them by buying tickets on the Ski-doo Draw.

The Labrador West Chamber of Commerce, sponsors of the Winter Carnival are offering a \$100.00 prize to the resident of Labrador City or Wabush for the best Ice Sculpture on display during the carnival. An independent panel of judges will be appointed. Persons who wish to register their "works of art" are asked to call 944-2222. Only entries that have been registered will be eligible for the \$100.00 cash prize.

The Labrador City/Wabush Chapter of the ARNN will be awarding a \$50.00 scholarship to any high school student in the area or to any person who plans to enter Nurses training in September '70. For further information regarding qualifications, please contact Mrs. Ada Penney at 944-2018.

An Irish Stew Supper will be held in the United Church Basement, Labrador City on Monday, March 16th from 5 to 7 p.m. The supper is sponsored by the United Church Women.

The Wabush Volunteer Fire Brigade will be holding a dance

at the Wabush Recreation Centre, Friday March 13th, music will be provided by the Chevilles. A hot meal will be served and door prizes will be awarded. Tickets are available at \$7.00 per couple by phoning 282-3079, 3035 or 6768.

The regular meeting of the United Steel Workers of America, Local 5795, Labrador City will be held Wednesday, March 11th, at 7:30 p.m. in the basement of the RC Church.

The regular games night will be held, in the basement of the RC Church Wabush on Wednesday night.

The regular games night in the Anglican Church basement, Wabush, will be held this coming Friday.

Are you satisfied with local TV programs? The CBC thinks so! We have been endeavouring to convince the CBC that you are not satisfied with television programming and content -- but the CBC is not convinced -- because practically no complaints have been received by them. To convince the CBC that you are not satisfied: Whenever an undesirable or unpopular program is televised, write us your suggestions or complaints for forwarding to CBC. Write the Labrador West Chamber of Commerce, P.O. Box 1796, Labrador City, or you may drop your letters in any of The Aurora boxes in the shopping centres. We will pass them along to the Chamber of Commerce.

The Progressive Conservative Association of Labrador West will be holding a special meeting at the O'Brien Hall tonight. The purpose of this meeting will be to elect delegates to attend the Provincial Leadership Convention to be held in May.

News from the Commons

Excerpts from the report of the Standing Committee on Transport and Communications, presented to the House of Commons February 3, 1970. On motion from Mr. A. Peddle, P.P. (Grand Falls-White Bay-Labrador) this report was accepted unanimously, by the House, last week.

In accordance with the orders, the Committee set up an itinerary that included a seven-day tour during which it visited the cities of Levis, Ste-Comeau, Sept-Iles and Befferville in Quebec and the cities of Wabush, Labrador City and Goose Bay in Newfoundland.

Your Committee has studied briefs and heard many oral submissions when holding 10 meetings during the above-mentioned tour and also in Ottawa.

AIR TRANSPORTATION

In view of the geographical situation of the cities of Ste-Comeau, Sept-Iles, Befferville, Labrador City, Wabush, and Goose Bay, and in particular of the large distances that separate these cities from other large centres in Canada, air transportation occupies a place of prime importance in the life of the local population. The efficiency of the existing air transport service and the need to improve

it are of great concern to the population of those centers.

Your committee has heard evidence to the effect that the air terminal in Wabush is not properly kept. Your Committee feels that the complaints are justified and that it is important and essential that the necessary steps be taken to ensure that the

airport facilities are adequate and suffice to the needs of the population not only in Wabush but also in other airports.

Your Committee feels that since Air Transportation is the principal mode of travel for the

(Continued on page 14)

Students from the schools in the area had various activities planned during Education week. Pictured above is the Grade 8, Home Economics Class from the Amalgamated School being taken on a tour of the Sir Wilfred Grenfell Hotel by A.K. Rudowski, Manager (Far right). Home Economics Teacher, Miss Sheila White accompanied the students. - (Aurora Photo).

The Aurora

Published every Wednesday at Labrador West, Newfoundland and Labrador and printed by Robinson-Blackmore Printing and Publishing Limited, O'Leary Avenue, St. John's, Newfoundland. Subscription rate Canada and Foreign \$6.50. Mailing address, P.O. Box 2090, Labrador City.

Editorially speaking

The Aurora extends congratulations to the Labrador West Chamber of Commerce and the organizers and sponsors of Carnival '70, it has been a lot of hard work....but the result will be worth it, all the best for a successful event. At the same time we welcome the competing ski teams and visitors to our towns and hope that your stay with us will be enjoyable.

TAXES-PAYMENTS-1970

WHY FAMILY ALLOWANCES? Those in search of new projects or purposes for 1970 might well consider a campaign to scrap family allowances (or at least to modify substantially, those payouts as they now exist.) More than \$600 million was paid out in the last fiscal year on a program that in present circumstances is difficult to justify. It means 5% of Ottawa's budgetary expenditures went to all, and tax free, rich and poor alike. This now amounts to an average tax-paid subsidy of about \$200 per family per year. Certainly every extra \$6 or \$8 per child per month is extremely important to families below the poverty line, especially where unemployment is high. (as in Nfld.) But the overall program, as presently constituted, is little more than a monument to Mackenzie King.

The hard fact is that over \$600 in family allowances does nothing at all to cure the root cause of consistent family poverty. That money could go a long way towards specific programs aimed at specific groups of people in need. The Federal authorities cannot honestly expect in a period of rising incomes that universal schemes such as family allowances will offset income and opportunity differentials in any really basic way.

There are many alternative ways to get more benefits into the hands of needy or disadvantaged families. It should be possible to drop family allowances in favor of selective family payments so that money spent on welfare reaches only those who need it. Or the government could eliminate the program entirely and substitute a scheme of selective income maintenance such as a limited version of a guaranteed annual income. Ottawa is probably thinking about this but they are afraid Quebec would object. Or, perhaps most sensible of all. Ottawa could cut out allowances for the better off and spend the money on training projects for heads of families who lean heavily on family allowances as a source of income.

Alternatives to the present program will involve political or constitutional problems. But because our various governments will have to take larger and larger bites out of personal incomes just to keep existing programs going, the only hope they have of launching new measures is to modify or scrap some old ones. This fact in itself should pave the way towards change on the family allowance front.

WHY NOT TAX CREDITS? One of the rather odd things about the white paper on tax reform, in view of its declared objects of achieving greater equity in the tax system and helping the lower income taxpayer, is that it does not consider the substitution of a tax credit for the present system of personal deductions. On the contrary, it proposes to increase those deductions and to add two more - for child care and employees' expenses. The point is that deductions of this kind, in a progressive tax rate system such as Canada's, benefit those with higher incomes more than those with lower incomes. These deductions are both admirable in principle, but merely perpetuate the inequity. The child care deduction, indeed, may well be more used by the rich rather than those of limited means, because people in the lower income brackets cannot afford for care of each child whereas the rich can.

As the C.L.C. has stated. The white paper does not propose a change in the 12% federal sales tax. This tax is paid by "rich and poor alike and is consequently one of the most regressive taxes in our entire tax system."

The C.L.C. wonders (as do the majority of Canadian in the

Here 'n' there

A BETTER IDEA: General Motors of Canada Ltd., reports that last year it paid out a record \$837,000.00 for employee suggestions, compared with \$536,000.00 in 1968. The 1969 cash awards (including one maximum bonus of \$10,000.00) were for useful ideas contained in total of 18,640 suggestions. The employees' ideas resulted in material savings, and improved quality and product safety, housekeeping, manufacturing methods and plant safety.

Full-fledged employee suggestion programs, as opposed to the simple old-fashioned suggestion box, are becoming more and more the practice in North American industry. Apart from the desirable effect of worker involvement, it is estimated that the average good idea returns about \$10.00 for every dollar invested, over a period of years.

NFLD. HERRING PRODUCTION: British Columbia Packers Ltd., of Harbor Breton, which five years ago helped revitalize the province's south coast herring fishery, has gone into production of herring for food. Present orders total more than 20,000 barrels. A B.C. Packers official said that, due to the shortage of Icelandic and Norwegian herring this year, there is a good demand for Newfoundland fish. The barrels used are of 220 pounds each. Thus almost half-a-million pounds of salt herring, will be processed this winter.

In addition, the fish is being prepared in vinegar and as cured fillets for the European and mainland markets. New equipment has been installed and an additional 50 people employed. In addition to the herring reduction plant at Harbor Breton, B.C. Packers is also in partnership with Neilson Brothers Ltd. operating a similar plant at Ile aux Morts on the same coast.

CARS & POLLUTION CONTROLS: U.S. auto

makers will be required to place labels on car engines certifying that they meet Federal air pollution emission standards. The requirement, issued by the Health, Education and Welfare Department under the clean air act, becomes effective this spring. HEW said a principal reason for the requirement is that some imported cars have been falsely represented as meeting Federal air pollution control specifications. The identifying label, to be placed on a readily visible part of the engine compartment, will include information on tune-up procedures needed to maintain the efficiency of the emission-control systems.

A "SMALLER" YEN: Japanese consider "lopping off a couple of zeros" from the Yen, says a monetary official. The move would make, for instance, a 1,000-yen note only 10 yen but its value in Canadian currency would remain at about \$3.00. Officials think it doesn't look good to deal in million of yen for relatively small transactions. Current talk of revaluation pressure on yen, however, many stall the change to avoid the appearance of a change in value.

GREYHOUND TAKE-OVER PLAN: Transport Minister Donald Campbell Jamieson said he would read the full transcript of the hearings held by the Canadian Transport Commission into the proposed takeover of Canadian Coachways Ltd. by Greyhound Lines of Canada Ltd., a subsidiary of Greyhound Corp., Chicago. The commission has said it couldn't find any grounds for dis-allowing the take-over.

CIGARETTES WRAPPED IN TOBACCO: A Puerto Rican cigarette wrapper made of tobacco pulp instead of paper has made its world debut in Canada.

Its maker, Rapaport Intl. Inc., of Yaeucao, Puerto Rico, claims it substantially reduces tar and nicotine levels in cigarettes by getting rid of both the paper and the glue that binds it. The new wrapper is sealed electronically without glue. Rapaport does not plan to market a cigarette brand of its own, but hopes instead to sell the wrappers directly to cigarette manufacturers. The wrapper was introduced in Canada late last year and is being used on Scotty brand cigarillos manufactured by Allied Cigar Corp., Montreal.

MICROWAVE SYSTEM FOR CHURCHILL FALLS: Connins Radio Co., of Canada Ltd. of Toronto was recently awarded a \$5.5 million contract for construction of a 434-mile microwave-scatter system that will protect transmission lines linking the \$950 million Churchill Falls project in Labrador with the existing Hydro-Quebec transmission network. The high-frequency system will be able to pinpoint the location of any breakdowns in the long transmission lines. The system will also carry data for operating the Labrador power project. It will have potential for up to 600 channels. All of the communication equipment to be used by the company will be manufactured in Canada.

TO ASSEMBLE JAPANESE CARS IN QUEBEC? Nissan Automobile Co. (Canada) Ltd., a subsidiary of Japan's Nissan Motors Ltd., is examining the possibility of assembling automobiles in Quebec at the Soma Inc. plant at St. Bruno. Peugeot and Renault automobiles already are being assembled at the plant, but Hiraki Miki, vice president and general manager of Nissan (Canada), said the plant is working at less than capacity. The official said he has had "friendly talks" with Quebec about assembly work there. Nissan's sales in Canada reached a record \$50 million last year, up from \$2.4 million in 1965 when the Canadian subsidiary was established.

middle income group) why the tax increases proposed for the \$30,000 and over persons are proportionally lower than those which will hit persons in the \$10,000-\$15,000 a year class.

One cannot help thinking whether the increase in the personal allowance is a good way to achieve greater equity between taxpayers. I repeat in conclusion: **WHY NOT TAX CREDITS?**

By Sharon Bryans

Miss Doreen Roussy was born in Val D'or, Quebec and has been a resident of Labrador City, for the past seven years. Doreen is 17 years old and attends Labrador City collegiate where she is a student in Grade 11. Doreen's hobbies are swimming, basketball and reading (AURORA PHOTO).

Miss Charna Turrif was born in Metis Beach, Quebec and has been a resident of Labrador City for 10 years. Charna attends Labrador City Collegiate where she is a Grade 10 student. Charna's hobbies are skiing, swimming, figure-skating and cheerleading. (Aurora Photo).

Miss Joan Bruce was born in Stephenville, Newfoundland and has been a resident of Labrador City for 4 years. Joan attends Labrador City Collegiate where she is a Grade 11 student. Joan's hobbies are skiing, swimming, basketball, soccer, volleyball and skating. (Aurora Photo).

Miss Pat Dineen was born in Ottawa, Ontario and has been a resident of Labrador City for one year. Pat is 18 years old and attends Labrador City Collegiate, where she is a Grade 11 student. Pat's hobbies are skiing, swimming and water skiing. (Aurora Photo)

On Saturday, February 28th the Labrador City Collegiate Student Council held a dance from 8:30 to 12 p.m. Music was provided by the Irinn Drum. The Student Council had planned on building an ice sculpture and a float to enter in the Winter Carnival.

I think it's pretty bad when students don't even have enough initiative to come to a meeting, to plan the building of a float or an ice sculpture which entails some work but it is also a great deal of fun.

I know many teenagers in Labrador City who often comment on the lack of activities for young people, but when it comes to actually participating they are the ones who never show up. It is impossible to have any youth activities unless more teenagers are

willing to give time and effort to projects offered to them.

You can't expect the adults to suggest activities for you and then co-ordinate and organize them. It isn't necessarily their fault if we have nothing to do but our own. Usually when some older person does organize a youth activity, many of the kids don't appreciate it so the adult becomes frustrated and gives up.

For example during the summer a local minister set up a coffee house for the teen-agers and we didn't appreciate what he had done and it soon was closed down due a hassle over age restrictions.

It really peeves me off sometimes when I see kids with loads of opportunities just waiting to be utilized and they sit around waiting for someone to lead them by the hand. That is why

adults are so hesitant in giving us any responsibility because when we do get a good deal we usually spoil our chances by trying to take advantage of the situation and go too far. Maybe if we showed more initiative to do things for ourselves without waiting for someone else to lead the way, then freedom and responsibility would follow. I guess a few people think

(Continued on page 5)

TEEN PRINCESSES

The Teen Princesses were elected to run for Teen Carnival Queen by the selection of the various Houses. Representing Cabot House is Charna Turrif, Grenfell House is Doreen Roussy, Columbus House is Pat Dineen, and Guy House is Joan Bruce. The Princesses are sponsored by the Labrador City Company Private School Board.

square for saying that, basically that's the golden rule "do unto others you would have them do to you". If kids would appreciate what they've got instead of cutting things

down from a one-sided point of view parents and older people would be more willing to stop asserting their authority and listen to our arguments and opinions.

On Monday March 2nd the Science Fair at the Labrador City Collegiate turned out to be a great success. Many of the students participating in demonstrations and experiments were surprised at the interest and thoughtful questions of the adult visitors who came to the fair in the evening. The grade seven and eight

students who visited the Science Fair during school hours really enjoyed it because it gave them an insight into the different fields of science studied at the high school level and they also enjoyed it because many of them hadn't seen a Science Fair set up like that before. The high school students participating in demonstrations and experiments at the Science Fair didn't get away until 1 p.m. Monday evening.

The fair was set up in the Art Room and Trades Lab. which are usually separated by a folding partition, but it was removed to form one large room. Mr. Hunt a physics teacher at L.C.C. and the members of the Science Club were responsible for co-ordinating setting up the fair and their efforts produced a successful Science Fair.

The L.C.C. Drama Club has chosen its play to be

entered in the Newfoundland High School Drama Festival on April 16th, 17th, and 18th, in Corner Brook. The play chosen by the club is called "Still Stands The House". This play is very serious in contrast to "The Hangman's Loose" which was the play entered in the festival last year. The students in the cast are hoping to do as well this year as the winners of last year's festival, from Labrador City Collegiate.

Floats and rooms

Mr. Lem Rowe, Parade Marshall for the Winter Carnival wishes to advise any person contemplating entering a float in the parade to please contact him. In addition, accommodations is required for two nights Saturday and Sunday, March 14th and 15th, for girls from the Sept Iles Majorettes, who will be in town during this period participating in the Carnival events. Any person who can provide accommodations for these girls please telephone 944-2446 or 944-226 or contact Mr. Lem Rowe.

The boundary again: A letter from Peddle to Premier Bertrand

The Honourable Jean-Jacques Bertrand
Premier of Quebec
Quebec City
Quebec

My dear Premier:
I refer to a full page advertisement in the February 2, 1970 issue of Time magazine, "There is more to Quebec than you know," sponsored by the Department of Industry and Commerce of your Government. I am enclosing a copy of this advertisement.

This advertisement clearly depicts the Province of Quebec as encompassing approximately 114,000 square miles of the constituency of Grand Falls-White Bay-Labrador in the Province of Newfoundland, which constituency I represent in the House of Commons.

There are those who suggest that this is an attempt at "acquisition by innuendo" by your Province. However, I do not share this view - I feel sure that it is an honest error made by certain individuals in your department who are so far removed geographically from the area that they do not know the difference.

I am enclosing a section of a map which properly shows the boundaries between the Provinces of Quebec and Newfoundland. I trust that you will refer this to your Department of Industry and Commerce so that their future advertisements of your Province will be geographically accurate.

Yours sincerely,
Ambrose Peddle, M.P.

For the Budding Sculptors, the Chamber of Commerce will be awarding a \$100 prize for the ice sculpture judged best in Labrador City or Wabush. Already many "works of art" are completed, but to be eligible for the prize, all have to be registered with the Carnival Committee. Above is one of last year's winter carnival masterpieces, built by students from Labrador City in front of the embassy apartment building. The sign tells the story.

HAPPY CARNIVAL

May it make the Biggest
'BLAST' of the YEAR
NORTHERN NEWS & VARIETIES LTD.
CAROL SHOPPING CENTRE 944-2259 LABRADOR CITY

CARNIVAL EVENTS ON THE ICE — Several events are planned to take place at the Labrador City Arena and the Carol Curling Club during Winter Carnival Week. On Saturday, March 14th, the Curling Club will host the Ladies' Annual Invitational Bonspiel. Immediately preceding the arrival of Bonhomme at the Arena on Saturday evening, the Polaris Figure Skating Club will have eight girls on the Ice doing a precision, number, dressed in the full regalia of top hats and canes. Miss Darleen Turiff and Wendy Caverly, who took part in the Newfoundland Figure Skating Championships held in St. John's on January 10th, will do solos of the number that they skated to in the Provincial Competition. A minor Hockey tournament, "B" League and Industrial League Hockey along with the Newfoundland Provincial Intermediate "A" Playoffs will round out many of the special events on this year's Carnival agenda. (Biron Photo).

Mining briefs

U.S. IRON ORE IN 1969: The U.S. iron ore industry shipped about 90 million long tons of usable ore valued at \$928 million in 1969, according to the U.S. Bureau of Mines. Minnesota led the 19 states shipping iron ore with 56.5 million tons valued at \$562 million, and Michigan was second with 14.4 million tons valued at \$173 million.

Iron ore imports for the year were about 39 million tons, a decrease of about 5 million tons compared to 1968. The drop in imports was mainly attributed to work stoppages in the Canadian iron ore industry. Increased imports from Chile, Liberia, and Venezuela failed to make up the loss in Canadian imports. Exports of iron ore, mainly to Canada and Japan, decreased slightly compared to 1968 and totalled over five million tons.

Future domestic iron ore pellet capacity will continue to increase as U.S. Steel Corp. planned to double the capacity of its Minntac, Minn., plant at 12 million tons annually; Jones and Laughlin Steel Corp. was studying a four million ton per year plant near Biwabik, Minn; and the Cleveland-Cliffs Iron Co. planned to bring into production a large iron ore deposit on the Marquette range by 1975.

Interest remained high in the development of cheaper methods of transporting iron ore. Marcona Corp. made an initial delivery of iron ore slurry from its mine in Peru to Oregon Steel Mills, Portland, Ore. Marcona has a contract for delivery of two million tons of ore by this method. The new method of transporting ore could reduce handling costs by as much as 90%.

Iron ore pellet research continued to make news as Falconbridge Nickel Mines Ltd., conducted melting tests employing pellets containing 90% iron and 1.5% nickel. A new plant to produce 300,000 has just been completed. The Grangesberg Co. (Sweden)

process for the production of cold-bonded pellets using Portland cement or slag as a binder. Granges has a 1.5 million ton per year plant under construction, which is scheduled for operation by June of this year.

"Growing with a Growing Newfoundland"

Toronto grocery meet will pool opinions

Toronto — Canada's grocery manufacturers will examine the relevance of business today and hear views from militant feminists and the other side of the generation gap, at its annual meeting here March 17-18.

include a federal cabinet minister, a woman who is a former cabinet minister, and a spokesman for Rochdale College.

G.G.E. Steele, Ottawa, president of Grocery Products Manufacturers of Canada, said

the meeting is structured to "look at some of the forces that are shaping and changing the world of the 70s." GPMC is an Association that represents producers of 80 per cent of all items sold by supermarkets.

"We know there are many

people who choose to remain aloof from business, or are alienated from it," Mr. Steele said. "We are asked, more and more, if business recognizes the shifting standards and demands of new power groupings, particularly youth and women.

"We are increasingly aware of the need to bridge the communications gap between business and other elements in the community. For this reason, our annual meeting will be devoted to a broad look at areas of concern in our environment. We hope to produce some answers through discussions and other exchanges, to understand and be understood," he said.

Opening day of the meeting will feature two major addresses. National Health and Welfare Minister John Munro is scheduled to speak at a noon luncheon and Eugene S. Hallman, vice-president and general manager for CBC's English networks, will be heard

at the annual industry dinner. Sessions will take place at the Inn On The Park.

The same day, the Hon. Judy LaMarsh, former M.P. and cabinet minister, will moderate a panel on the changing role of women in society. Panelists will include Solange Chaput-Rolland, Montreal, author and political commentator, and Dorothy Curzon, a chartered accountant who is spokesman for a militant feminists' group in Toronto.

On March 18, GPMC members will hear a discussion "Youth and Corporate Society." It will focus on the generation gap and on youth in dissent.

Moderator of the panel will be Peter Gzowski, Toronto, editor of Maclean's Magazine. Among participants are Tim Reid, education critic for the Ontario Liberal caucus, and John Bradford, former president of Rochdale College.

WHITE PAPER ON TAXATION

As stated in our editorial of 18 Feb., 1970, various committees have been formed throughout Canada, in opposition to the Government's "White Paper" on Taxation, (especially among tax payers in the \$9 - 20,000.00 bracket). If you disagree with the "Tax reform" measure, please clip out the following and forward at your earliest convenience.

Mr. A. Peddle, M.P.

P.O. Box 4430
Ottawa, Ontario

I am strongly opposed to a number of proposals in the White Paper. As my elected representative, I urge you to work toward shelving the White Paper for further study.

EVENT

THEY COULD HAVE DANCED ALL NIGHT! There are plenty of events lined up for the teen set at Labrador West and here we see the Teen Queen for 1969 Carnival, Miss Lucy Gregoire in company with Bonhomme. Real swinging music will be provided for the many dances scheduled for the carnival which begins this Friday. Many teens enjoyed last year's Coronation Ball, with girls in beautiful long dresses and young men in black suits making a gala appearance as they whirled around the floor.

" A TOUCH OF ELEGANCE IN THE NEAR NORTH "

A display of co-ordinated talent was given in the arena during carnival week and shown here is part of the display put on by 65 Majorettes who came to Labrador West from Sept Iles. Audiences love this sort of show, as trim highsteeping girls entertain with routines of form and color, to the sound of exciting music. This year's carnival '70 will also see a display by the Majorettes, this time with 90 young girls. With so many visitors coming to town accommodations are hard to find for these girls, the Carnival committee would appreciate any person who can accommodate any of the Majorettes to please call Mr. Rowe at 944-2222 or 944-2446.

Last year's winter carnival was lots of fun and many people of Labrador West still have fond memories for those great times! Shown above is Mr. Ludwig Erger, 1st place winner in last year's parade of floats. Presenting the carnival trophy is Parade Marshall, Lem Rowe, far left is Susanne Plue, 1969 Carnival Queen. According to Lem, this year's parade promises to be bigger and better than ever.

CARNIVAL TIME IS FUN TIME - Here are more photos taken at random during last year's festivities in honour of Labrador West's winter carnival. Costume parties for the younger set, Masquerade Dances for the adults, favourite refreshments, dancing to great music, jokes and laughter, all made for gala times during carnival. This year's event which starts this Friday, and runs until Sunday the 22nd, will be just as great and even better! Carnival chairman, "Flip" Dawson is very optimistic about the carnival and everyone is assured of a good time.

All Labrador West is ready for the big carnival '70. Plans call for entertainment which covers everything from Gourmets' delights to a variety of dances with different themes - hard times, costume, proper dress, teen and queen dances. Everyone is urged to get out and have a good time! The pages in Aurora carry the full agenda of events as lined up by the committee, but it has been pointed out that some of the events may have to be changed at short notices, this is particularly true where the weather must be depended upon.

There's nothing like it! The Labrador West Winter Carnival features all sorts of events from dances, movies, outdoor sports to suppers, banquets and even a beer drinking contest and for the more rugged type there will be events such as an iron ore shovelling contest, wood chopping and a log pulling contest. The sky above Labrador City and Wabush will be ablaze with color as the Carnival '70 fireworks display takes place this Saturday evening. Join in the Carnival, have fun! There are events for young and old alike.

INTERMEDIATE "B" PLAY OFFS

Churchill Falls were the winners in the three team Labrador "B" play offs held in Labrador City last weekend. Each team won a game in the single round-robin series, but Churchill Falls were declared victors because of a better percentage based on a goal for and against record. Labrador City was leading Churchill Falls 8-6 in the final game on Sunday afternoon, and needed only one more goal to win the championship, but the locals received a penalty late in the game and Churchill Falls scored to wrap up the championships.

In the opening game on Friday night, Goose Bay held off a late drive by Labrador City for their 6-5 victory. Goose Bay led 2-1 after the first period; 5-2 after the second; with the locals outscoring Goose Bay 3-1 in the third. Tex Arsenault led Goose Bay with 2 goals, while Charlie Bradbury, Paul Doucet, Wally Pottle, and Paul Michelin all added singles. Jean Le Fournau scored 3 for Labrador City with Jerry Doyle and Al Wells scoring the others. Labrador City outshot Goose Bay 43-33 over the route, with 21 of their shots coming in the exciting third period.

On Saturday night goaltender Al French was both good and lucky in leading Churchill Falls to their 6-0 victory over Goose Bay.

Gerald Smith, who formerly played with Buchans in the NAHA led the victors with 4 goals with Sheldon Clouter adding the other two. Eleven minor penalties were called in the game in which Churchill Falls outshot Goose Bay 47-39.

Sunday afternoon, close to 1200 fans witnessed the most exciting game of the series, as Labrador City defeated Churchill Falls 8-7. Labrador City completely outplayed Churchill over the three periods, as they outshot Churchill 61-31. Churchill had led 6-3 midway through the second period, but Labrador City battled back to take an 8-6 lead with three minutes left in the game. Smith again led Churchill with 2 goals

with Brown, Grant, Therberge, S. Clouter, and R. Clouter -- all adding singles. Eight players had a goal each for the home team, with Dave Fitzgerald, Paddy Dawe, Cyril Butler, Dave Kelly, Al Wells, John Mercer, Jerry Doyle, and Tony Barton all scoring.

Following the game, Alex Snow presented a trophy, donated by the Ashuanipi Club, to Churchill Falls team captain, Jimmy Grant.

MINOR HOCKEY NEWS

The third tournament of the season will start on Saturday, with all four divisions competing in the Annual Winter Carnival Tournament. Games will be played on this weekend and throughout the week, with the final games scheduled for next weekend.

Meanwhile, only the Bantam and Midget all-stars were able to travel to Sept-Isles last weekend, for their tournament. The Mosquitoes and Pee Wees were not accepted as there was only one division, and the winner of this division was to carry on in provincial championships. Therefore they did not want a team from Newfoundland winning the Quebec provincial championship. There were two divisions in the Bantam and Midget division, which made them uneligible for Quebec provincial championship playoffs.

And finally, a reminder of the Minor Hockey money draw and Monte Carlo night to be held at the Ashuanipi Club, on Thursday, March 19th. Tickets are \$50.00 each and can be obtained from any member of the executive.

ATLANTIC DIVISION SKI CHAMPIONSHIPS

All that is now needed is co-operation from the weatherman as the Atlantic Provinces ski championships open at Smokey Mountain, this Saturday. Quite a lot of work has gone into the slope, in preparation for this meet, and the Canadian Championships scheduled for next weekend.

Over 50 entries have been received for this weekend's championship, with 6 coming from Nova Scotia; 14 from the "Island"; 6 from Schefferville; 20 local

entries; and 6-8 by special invitation from Sept-Isles and Baie Comeau. There are no entries from New Brunswick, as they have their own separate division.

The Slalom races will be held on Saturday, on the red lift, while, on Sunday, the skiers will ski the Avalanche and Nancy Green run in the Giant Slalom races.

Tropies will be presented on Sunday evening and individual points accumulated will be credited the skier's FIS points.

In connection with both meets Rene Beauchamp, the Eastern Canadian Development Coach, will be in town making his third visit to the area this winter.

SKI NEWS

In last week's report I mentioned that three of our young skiers had gone to the Laurentians to compete in the Laurention Zone Championships. This was an open championship, and considering the competition, our boys did extremely well. Bob Archer placed 9th in the Slalom race, while Karl Swierkot placed 21st in the giant slalom. Archer was disqualified in the G.S., while Swierkot was disqualified in both. Over 100 competitions took part in the race.

Meanwhile, six boys represented the Smokey Mountain Ski Club, at the Canadian Junior Championships, held in Ottawa last weekend. It was a combined Alpine type race, with Giant Slalom and Slalom races held. Local racers attending were Perry Spitznagel, Karl Swierkot, Robin Jardine, Richard Timmons, David Dunkin, and Ronald Archer. John Krats is coaching the boys.

Also, last weekend, two Nancy Green Ski League teams travelled to Churchill Falls, to compete in an invitational meet there.

INDOOR TENNIS

The indoor tennis club of Labrador City and Wabush held a tournament, over the past month,

with the following people winning their respective divisions.

"A" DIVISION:

Men's Singles: Cyril Svelkolkine

Ladies' Singles: Pille Leonfellner

Mixed Doubles: Kurt and Fridel

Spitznagel

Men's Doubles: Marcel Levesque and

Wallace Morin

"B" DIVISION

Men's singles: Wally Gosse

Ladies' Singles: June Whitfield

"B" LEAGUE HOCKEY

Only one game was played in the "B" League, last week, and that resulted in the first tie game of the season, with the Royals and Indians tying 4-4. The Indians led 2-1 after the first period, and 4-2, early in the third, but then the Royals rabbled for two goals for their tie.

Eric Blondell, Jerry Doyle, Tom Drover, and Cyril Batten scored for the Indians, while Ed Butt, with 2 and Al Wells and Donnie Hong, with singles, replied for the Royals. Next Games:

Fri., March 13th-Indians vs Royals

Tues., March 17th-Wabush vs Indians

MEN'S BASKETBALL

Only one game was played in men's basketball, last week, and in that the Saints upset the Braves 55-45. At the half the Saints held a slim 17-14 lead, and in the second half, they outscored the Braves 38-31. Bill Dwyer led the Saints with 22 points with Forward adding 20 and Donnie Hong 11. For the Braves, Bob Flug hit for 19 points, with Mike Murphy adding 16.

Meanwhile, in Baie Verte, last weekend the All-Stars came third in the Intermediate "C" championship. They lost a 2 game total point series to Gander 146-121 and then defeated Baie Verte in a consolation game 62-52.

Next Games:

Wed., March 11th-Saints vs Teachers

Fri., March 13th-Wabush vs Braves.

HANNA EARNINGS SET NEW RECORD: The Hanna Mining Co., Cleveland, Ohio, has reported new income for 1969 as the highest in the history of the company. This was the eight consecutive year in which the company's earnings set a new high. Mr. W.A. Marting, president, announced that net income for 1969 increased 8% to \$24,765,823.00, or \$2.85 per share or common stock, as compared to \$23,030,174.00, or \$2.65 per share in 1968. He said record earnings for 1969 were achieved despite lower dividend income.

LIBRARY HOURS

Commencing on March 9, 1970, the Labrador City Regional Library will be open:

- Monday 7 p.m. - 9 p.m.
- Tuesday 2 p.m. - 5 p.m.
- Wednesday 2 p.m. to 5 p.m.
- Thursday 7 p.m. - 9 p.m.
- Friday 2 p.m. - 5 p.m.
- Saturday 10 a.m. - 12 noon.

The Library will be closed Friday, March 27, 1970. (Good Friday).

SPLIT VIEW: The latest Royal Commission on Bilingualism & Biculturalism report dealt at length with the place of language in the economic sphere. It recommended that French should be the language of business in Quebec - a view that commissioner, Prof. Frank Scott of McGill dissented from as being unrealistic - and the report further called for much more effort to make French a real working language in the Federal public service through forming all-French speaking units.

HOW TO FOIL A CAR THIEF: Auto thefts can still be foiled, even when the driver leaves his keys in the ignition. An anti-theft device developed by a California firm automatically locks the car's starter and hood. The device uses a small amount of current from the car's battery. The lock engages automatically when the ignition is turned off, even if the keys are left in place. The hood cannot be opened nor the starter operated until the ignition is turned on and the secret button is pushed to de-activate the lock.

While we weathered the January sell-off we were not as fortunate in February. One bad purchase was responsible for our loss, F.A.C.S., the Toronto data processing firm. Practically every financial paper and advisor service in Canada recommended this stock last year; it sold as high as \$14.00 and profits for 1969 were estimated at \$1.00 per share. February 1970 and the company is bankrupt. Our Labrador First Fund lost \$450.00 on this transaction.

The following is the status of Labrador First Investment Fund as of 28 Feb. 1970:

Original Investments: (Stocks Still Held)	\$7728.50
Present Value:	6817.00
Loss:	-910.50

February Transactions:

	TOTAL INVESTMENT		\$10000.00

Considering the major markets are off about 3% in the first two months of 1970, our loss of 4% still keeps us in the league. (Remember it took only one bad purchase to show a loss.)

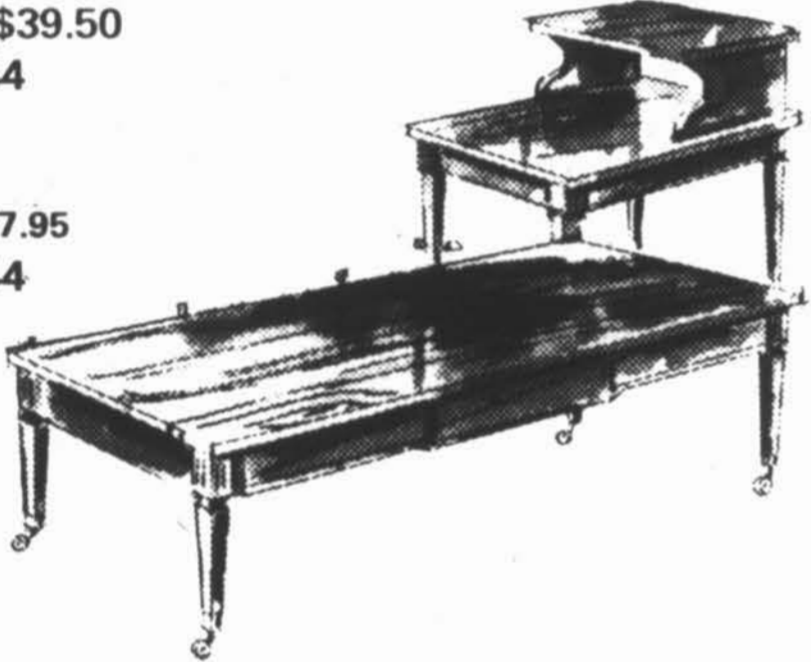

Sixteen residents of Schefferville paid a good-will visit to Labrador City last weekend making the 198 mile trip by snowmobiles. While in the area they were given a tour of both mining operations as well as being hosted to a dance. Six members of the Tanya Lake Sno-Kart Club returned the visit last Friday. The Tanya Club will be running the Labrador championship races at Snowbell Lake on Sunday, March 15th commencing at 1 p.m. Pictured above are ten members of the Schefferville group being welcomed to the area by Mrs. Mary Leclerc, Secretary of the Tanya Sno-Kart Club (HLIPKO PHOTO).

BOWRINGS
LABRADOR CITY

To Minor Hockey parents and supporters

"First of all, I would like to explain the reasons why the Mosquitos and Pee Wees are not going to the Sept-Isles Tournament. Previously the Sept-Isles Tournament graciously hosted our entries,

but unfortunately this year their tournament is governed by the Q.A.H.A. for eliminations leading to the Provincial Championships. The winner at Sept-Isles in "A" Division of their respective league would

NEWS ON RECORD: Film House Ltd., Toronto, has established a weekly news bulletin that never goes to press. Instead, its Film Lines bulletin is recorded each week on a Code-a-phone, a combination tape recorder and telephone available from phone companies. Film makers simply dial a special number to hear the latest edition recorded by T. Maynard, director of

client relation and finance for the motion pictures laboratory.

It all started at Christmas, 1968, Maynard recalls. Film House decided that, instead of sending Christmas cards, it would record carols and greeting on a Code-a-phone and invite friends to listen. Reaction was so favorable that Film House continued the project as a weekly recorded bulletin.

enter the semi-finals at Lac St. Jean and finalists would compete at Sherbrooke.

"We were requested to join an associate membership through the efforts of Regional Director, Adrien Bois of Sept-Isles, who realizes our isolation problem and that the Sept-Isles Tournament was our closest and most economical source of Tournament competition. The results were that the tournament officials made a place for the Bantams and Midgets in a "B" Series without Title to the Provincial Championships.

"WHAT ABOUT THE PEE WEES AND MOSQUITOS - PLEASE READ ON.

"We are now in the process of selling \$50.00 tickets for a Winter Carnival Draw by elimination. 1st prize will be a barrel containing \$5,000.00. Prizes of \$50.00 will be awarded to the first ticket drawn, every tenth ticket thereafter, with the Vendor of the Main Prize Ticket also receiving a \$50.00 prize. The draw will take place at the Ashuanipi Social Club at 8:30 p.m. Thursday, March 19th. An evening's entertainment will be provided by a casino night with free refreshments from the Bar.

"Unfortunately the competition for the Draw is keen; as the plans we made and

the talks with the Carnival Committee and the Ashuanipi Club were finalized, tickets were printed and the two draws take place within two days of each other. I know that we had no knowledge of a second draw in the making, and I trust the feelings were mutual. The outcome, will be that I feel confident the people of Labrador City will, provide a successful draw for our worthwhile efforts spent towards the promotion of Minor Hockey.

"The Residents of Labrador City and Wabush supported a most successful Pee Wee "A" Tournament one year ago this March and "IF" the Draw is financially a success, we intend to sponsor a Mosquito - Pee Wee Tournament at Labrador City's arena tentatively set for April 17, 18 & 19.

"The Balance of the funds would be carried over to the forthcoming Season with the intentions of having another tournament during the Christmas Holidays, to prepare the boys for various competition early in the Season.

"The Local Improvement District of Labrador City fully supports our Minor Hockey

Program and without their co-operation, the best of ice facilities and Arena accomodation would not be available to our Minor Hockey players.

"If you are concerned about your invested or gambled dollars in supporting our Minor Hockey Program, come down to the Arena on Saturdays and Sundays while the boys are playing their games and watch these lads. From Mosquito to Midget, you will find full value for your invested dollars.

"Support the future Hockey Players of Labrador City and Wabush.

"As President of the Labrador City Minor Hockey Association, I wish to thank all the coaches and referees and the Arena staff for their time that is donated towards Minor Hockey. Especially to those that do not have children of their own invested in our Minor Hockey Programme. These people help maintain the physical, moral and intellectual interests of a growing boy, and after all is said and done, whether the game was won, lost, or tied, this is the main object of our Association."

William West
President
Labrador City Minor Hockey Association

The Web

BY LAWRENCE JACOBS

I stopped alone there in the field,
And watched the spider labor hard
To form and build with super skill
His web concealed where it could kill
The busy bee and lazy fly
When they pass by.

I gazed at its symetric form,
As it took shape and quickly grew
Into a masterpiece of art
Its source a mystery from the start
Machines of man can never build
Such spider skill.

As I began to lumber off
And leave the spider with his net,
Hastily, happily flew a fly
And crashed into the trap - 'twill die.
Like to the fly we humans be
Untimely misery.

House of Commons

(Continued from page 3)
people of Schefferville, Quebec and Wabush-Labrador City in Newfoundland, the existing service to the people of the area can be improved.

RECOMMENDATIONS

Your Committee, therefore recommends that the Government study the opportunity of putting into effect the following recommendations:

a) To extend the landing strip in the cities of Baie-Comeau, Sept-Iles and Wabush, and the construction of a second runway in Baie-Comeau.

b) To improve the present aerial navigation facilities used in the cities of Baie-Comeau, Sept-Iles, Schefferville and Wabush by installing much more sophisticated navigational aids and weather reporting services with a minimum of delay. It is the considered opinion of this Committee that instrument requirement in order to remedy the numerous problems caused by the habitual bad weather of these regions and thus to reduce the number of flight cancellations and to ensure a greater safety to the travelling public;

c) That the Department of Transport take over the airport facilities in Wabush which is presently operated by a private enterprise.

d) That Quebecair and Eastern Provincial Airways (1963) Limited seek permission to pool their services between these points.

5. THE ROADS

The cities of Wabush, Labrador City, Schefferville and Goose Bay are all mining centers, with the exception of

Goose Bay, where a large military base has been established.

These cities are completely isolated from the main centers in Canada and cannot be visited except by air. However, the construction of a road would certainly be instrumental in accelerating the development of these cities, and would greatly arouse the interest in the exploitation of the natural resources and would also improve the living conditions in those isolated cities.

Your committee recognizes the fact that the construction of roads in those cities comes under the jurisdiction of the provincial authorities. However, it is of the opinion that the construction of a road connecting the above mentioned cities is of vital importance for the economic development of that area.

RECOMMENDATION

Your Committee, therefore recommends that the Government give consideration of the advisability of entering into an agreement with the Provinces of Quebec and Newfoundland with a view of constructing a road to connect the North of Baie-Comeau and the cities of Sept-Iles, Manicouagan, Gagnon, Wabush, Churchill Falls and Goose Bay, by using the existing roads insofar as possible.

A connecting road should also be constructed to link the city of Schefferville with the new road.

7. RAILWAYS

During the hearings in Labrador City, certain questions were raised regarding the Carol Lake Railway, and the Committee undertook to obtain information as to the status of this railway company.

The Carol Lake Railway is a private mining carrier railway incorporated by the Province of

Newfoundland. The Act of Incorporation is entitled "The Carol Lake Company Act" which was enacted by the Newfoundland House of Assembly on June 11, 1959. This company is not under the jurisdiction of the Canadian Transport Commission.

Subsection (1) of Section of the Carol Lake Company Act which provides inter alia, that "The Company shall not be

obliged to— carry on the business of a common carrier—" Subsection (1) of Section 3 further provides that "subject to subsection (2), the Company shall, without being subject to any statutory or common law provisions relating to a common carrier, have the sole right to determine and collect remuneration which it shall receive for any services which it may perform for 944-2943.
