Speaking of sports

By the time you read this you will know how our Pee-Wee and Midget all stars fared in Provincial competition. The Pee-Wees have spent the past four days in Corner Brook and the midgets have been in Grand Falls. Both teams return to the area on Thursday. Meanwhile the Bantam all stars left today for Gander where they will compete. Besides Labrador West, teams are entered from, St. John's, Conception Bay South, Grand Falls, Gander and Corner Brook.

The local league playoffs will begin this weekend as all divisions have now completed the regular schedule. The Huskies won the Midget division, the Royals the Bantam, The Canadians the Pee Wee and the Flyers the Mosquito. All divisions were close and the playoffs should be very interesting.

"B" League Playoffs.

The Indians took a one game lead in the best of five semi-finals on Tuesday night, following their 8 to 3 routine of the Royals. The Indians had control of the game from the start as they had built up a 5 to 1 second period lead and coasted the rest of the way.

Jerry Doyle and Eric Blondell scored two goals each for the Indians, with Ed Hong, Jean LeTourneau, Cyril Butler and Mitchelmore adding singles. Job Blackwood, Jerome Gover and Frank Murphy replied for the Royals. Six minor penalties were called in the game in which the Royals outshot the Indians 41 to 30.

The second game was not played until Tuesday night as a number of the Royals players were out of town for the Easter Weekend. The third game will be played on Friday at 7:15.

BASKETBALL

Two more games were played in men's basketball last week with the Teachers defeating the Saints 69 to 45 and the Braves defeating Wabush 65 to 54.

The Teachers broke open a close game with 43 points in the second half of their victory.

Mike Gallivan led the Teachers with 22 points while Art Squarey, Ray O'Brien and Dick Foerstel followed with 18, 14, and 13 respectively. Bill Dwyer and Bob Forward had 17 points each for the Saints.

In the second game the Braves led 30 to 28 at the half but outscored Wabush 35 to 26 for their 65 to 54 victory. All stars Bob Vlug and Mike Murphy spearheaded the win with 28 and 22 points respectively, while Gerry Baron and Nels Shelly scored 20 and 17 points for the winless Wabush Team. Future games will be played tonight at 7:15 with the Saints meeting Wabush and on Friday, April 3rd the Braves meet the Saints at 8 p.m.

A full house was on hand to watch the Oldtimers game on last Sunday. The final score was 4 to 4 and from all reports some of the "old smoothies" showed the fans what the game is all about.

The Polaris Figure Skating club will be presenting their annual show on Saturday April 11th at 1:30 and 7:30 pm.

The Industrial League's (Wabush) playoffs are currently being played with games scheduled for Wednesday, Thursday and Friday of this week. The first place Combines are playing the Flyers while the Electrodes meet the Eagles.

There is still no word on the Atlantic Provinces Intermediate "A" Championships. If a series materializes it will be played here.

The Mosquito all-stars lost 10 to 3 and 14 to 1 in Schefferville last week. Schefferville had a bigger team but our coaches felt the boys put forward a top effort and were greatly improved in the second game.

The girls basketball team from Labrador City placed second in the Provincial girl's championships held in St. John's last weekend. They lost in the championship game against Holy Heart of Mary.

And finally, certainly anything can happen in sport. New York led the league for 4 months and now it looks like they won't even make the playoffs.

by Jack Drover

LUCKY WINNER: The Minor Hockey Association held its Barrel of Money Draw, Thursday, March 19th at the Ashuanipi Social Club. The draw was run in conjunction with the Winter Carnival. Above is Mrs. Dave Miller, the winner of the first prize of \$5,000, shown with Mrs. Miller is Audrey Fifield, Secretary of the Minor Hockey League, holding the five \$1,000 notes, and Bill West, President. The presentation of the prize money took place at the Bank of Nova Scotia (Aurora Photo).

Editorially speaking

Winter Carnival '70 is now but a memory, nevertheless it was a success. While the carnival this year did not seem to have the "spirit" of previous years, it involved a tremendous amount of organization by the carnival committee who were ably assisted by various service clubs in the area. Not to forget the active participation of the Carnival Princesses sponsors. The Local Improvement District of Labrador City contributed \$3,000.00 and the Local Improvement District of Wabush \$1,000.00 to the Chamber of Commerce to help underwrite carnival expenses. To all concerned we would like to extend congratulations on a job well done.

As we mentioned earlier "spirit" was missing, the residents of both towns did not seem to be wholly participating. This no doubt was due to the heavy schedule of events during both weekends, with the Atlantic Division Ski Championships held on the opening weekend and the Alpine Ski event following, there were just too many activities, people were confused as to what to do and where to go. The ski events we feel should have been held outside of the Carnival, as both events seem to conflict with one another. The ski series was of enough importance itself to be held separately. We would suggest that the Chamber in future planning of Carnival's would do well to take this into consideration. While the Carnival schedule itself was in our opinion the most comprehensive yet, there was one aspect that got completely forgotten. That was our "Teenagers", one event and one only was all that was planned for them. The crowning of the Teen Queen and the dance that followed was it. Surely in towns like ours where there is a complete absence of activities for our Youth, outside of School functions, some organization could have undertaken to make our "Teens" feel that they were part of the Carnival celebrations and not only during carnival, what do they do the balance of the year?

We have as many service clubs in the area as any city five times as large on the "outside", we hear of projects, but to our knowledge not one of these service clubs are involved with "teenagers" as such, would this not be a worthwhile project?

After the age of fifteen is reached, they are too old for the Scouts or Guides, and not being twenty-one are too young to be active in social clubs. We are very fast to judge and condemn the teenagers when as some do, get into trouble, but if we in our so called "cosmopolitan towns" had organized activities and provided facilities for our youth, we venture to bet that the numbers hanging around street corners would be considerably reduced.

Let us pay more attention to this age group, they will be the leaders in our country before too many years. The mess that we have made of this world is no shining example, let's hope that they will be equipped to take their responsibilities more seriously. We could think of no better "project" for churches, service clubs and other community organizations, than get together, forget differences and do something constructive in providing a better place in our towns for the teenager. Labrador City and Wabush have a very poor record in this field.

Recreation meeting held

The annual general meeting of the Wabush Recreation Association was held Tuesday, March 24, at the Wabush Recreation Centre.

Approximately seventy residents attended and heard reports presented by the outgoing Board of Trustees, Joe Ansara and Garnet Dunsmore. Recreation Centre Manager, Ron Brophy gave his report, which summarized the swimming pool and Centre activities for the past year.

The general discussion which followed the reports resulted in many question from the floor, regarding finances and other problems. A great many worthwhile suggestions were made which will be considered by the incoming Board.

The interest shown carried over into the nominations and elections for the two vacancies. Nine persons were nominated with George Hicking and Karl Rauchberger being declared elected.

Doctors are being overpaid, while non-professional hospital workers are being paid little, this was stated in a press release from the St. John's East constituency of the New Democratic Party.

"We feel the time has come for a review of the operation of the Medicare Plan, especially in view of rumors to the effect that doctors are now receiving a minimum of \$25,000.00 per year with many exceeding \$100,000 and more", the release says.

"Such salaries are unjustifiable. All Canadians make gigantic public investments for medical training and there is no reason why benefits should be concentrated in one group".

"We feel that medical services will become more efficient only if we establish a more rational balance of costs, reduce the amount of time presently required for medical training and expand the employment of paramedical personnel".

Soviet conservationists meeting here hope to designate June a national Month of Quiet in which birds and animals can have their young in relative peace. "During this month there will be no felling of timber and no noisy picnics in forests of the Soviet Union, and motorboating will be limited on lakes" Tass news agency said.

Do you realize that most youth activities being held today have to be policed? Who's at fault for the actions of the present day teenagers? We are firm believers the fault lies in the home. If children turn out to be perfect models the parents are the first to stick out their chests. If the child

The Trustees met briefly after the General Meeting and the following were confirmed: Bill

Rough, Chairman, Bill Krats, Vice-Chairman, George Hicking, Treasurer and Karl Rauchberger, Secretary.

The first meeting of the new Board was held Sunday past at 8 pm.

Here 'n' there

goes wrong it is the fault of the school, the authorities, our education system, etc. Never the fault of poor mom and dad. (from the St. John's Daily News).

MARYSTOWN (Nfld): The world's record for rocking in a chair is believed to have been set at the Marystown Mall on the Burin Peninsula recently. Mrs. Dulcie Bruchett of Burin, rocked for 103 hours and 16 minutes surpassing the reported record by 16 minutes. The 42 year old woman started rocking at 1 pm, March 20th and left her chair at 8:16 pm Tuesday March 24th. For her feat Mrs. Bruchett picked up an award of \$150 and several other prizes that were donated by businesses in the Mall. There were 25 participants at the start.

AUSSIES DEVELOP NEW CAR FUEL: An Australian oil company says it had developed a new car fuel which will be sold at half the price of gasoline. The company, Victorian Gas and Fuel Corp., also said the new fuel will triple engine life and reduce air pollution. Initially, the new fuel, a liquid petroleum gasoline, will be sold only to commercial transport operators. Sales may be extended later to private motorists. Ivan Peeler, manager of the firm which will distribute the fuel, said it will provide about the same mileage as gasoline.

ASA NAMED AS POISON HAZARD: Ottawa: That jawbreaker, acetylsalicylic acid, also is a poison hazard and effective April 1st, all headachetablet preparations containing it must carry special label warnings. The federal food and drug directorate issued a reminder of this requirement recently, coupled with information that a quarter of all poisoning cases treated in Canada between 1961 and 1968 involved acetylsalicylic acid, ASA for short.

DROPS DELIVERY: OSMOTHERLEY, England: No one knew for several days that the post office had dropped its second

daily mail delivery in this Yorkshire community. The letter explaining the change addressed to the town clerk was delivered to the wrong address.

PAPA-GANDA: A Canadian aboard his own yacht is broadcasting a freedom message from the coast of Greece to Greeks opposing the military junta. The message is from Dr. Andreas Papandreu, York University Professor and son of the late Greek premier George Papandreu, broadcasting from the yacht Helve, captained by John Paul Harney, Ontario secretary of the New Democratic Party.

RED...she's busy, green...she's free: ROME: Police last week raided a house of prostitution which they said hung out a red and green traffic light to regulate the flow of customers. The light was intended to keep from attracting attention by having groups of men waiting in front of the apartment building in a residential section of the city. When the light was red it meant all the girls were busy. The green light meant one was free. Police arrested three women on charge of promoting prostitution.

UN-COMMONS: "I find Moses lived for 120 years", said John Diefenbaker last week as he and Solicitor General McIlraith were honored for their 30 anniversaries in Parliament. "There might be snow on the roof", he said, "but there is still fire in the furnace". How right he is!

New York: On her 100th birthday, as on every other day, Mrs. Concetta Lecesso breakfasted on raw eggs and Scotch. "She's in perfect health", says the family physician, Dr. Max Morgan. "She'll live to be 110".

Information column

THEY DIDN'T WIN...BUT WERE THERE - Eighteen Mosquito All Stars from Labrador City and Wabush along with their coaches, Wally Gosse and Bob Hinkkuri left for Schefferville, Sunday, March 22nd for two scheduled games against the Schefferville All Stars. They faced off against Schefferville in the first game at 4 p.m., losing 14 to 1, the second game at 7:30 again saw Schefferville trounce Labrador City 10 to 3. Labrador City goals were scored by Kevin Bulger, Tony Williams, Gary O'Brien and Peter Collins. The team returned the following day, somewhat disappointed. Transportation was provided by the Iron Ore Company of Canada Aviation Ltd. (Aurora Photo).

Health topics discussed by NTA guest speaker

The Newfoundland Teacher's Association through the financial aid of the Labrador City Private School Board, the Roman Catholic School Board of Labrador City-Wabush and the Integrated School Board of Wabush City-Labrador City were able to invite Dr. Carl Willgoose to speak in Labrador City and Wabush City on March 16th and 17th.

Dr. Carl Willgoose is a well-known authority on Medical Health who has done much on the state, regional and national level in the United States through his many publications and lectures in this area. Those parents teachers and school board members who had the opportunity to hear him came away with the feeling that they had listened to a man of well-rounded education and balanced views on the subjects which he treated. In the four lectures of the two days, depending on his audience, he spoke on the subjects of alcohol, smoking, sex-education and drugs.

One of the main points that Dr. Carl Willgoose made concerning alcohol was the responsibility to oneself and others that should be present in the person drinking. Also, since drinking is practised by at least seventy-five percent of the adult population, that parents should have a definite program concerning it with their children when they reach the age when they are becoming interested in it. Parental example is important in this educative process.

Concerning smoking. Dr. Willgoose pointed out that with evidence daily mounting that links cancer directly with smoking, it is vital to the health of North American Society that it be reduced to a minimum, especially prevented among the youth who have not started. Dr. Willgoose stressed the fact that "prevention" is much less harmful than any "cure" that may have to be effected after any medical damage is done. On this basis, the idea of a smoking room in a school is a much more serious question than usually realized and generally is not favored by medical authorities.

Dr. Willgoose also spoke on Sex Education. He pointed out that there is no substitute for the home and that even if sex education comes into the schools that it does not relieve parents of the responsibility to help their child or children grow intelligently in this area. Their influence and example will be the most important factor in the child's adjustment to facing their own sexuality. He noted, however, that many people want sex education as a part of the school curriculum today and that religious authorities in many areas have been able to agree to a united program.

Much time was given in Dr. Willgoose's lectures to the problem of "drug abuse". He pointed out that the use of such drugs as hallucinogens, heroin,

marijuana, stimulants, sedatives, cocaine, codeine, methamphetamine and morphine for other than genuine purposes prescribed by physicians has become a major health hazard in the United States and had according to the latest statistics started to become a problem in Canada. He mentioned that Montreal health authorities believe that seven percent of youth have tried these drugs once or more. In the

United States, it is believed to be five times as high. He mentioned the fact that the support of these drugs by any segment of the public means that crime syndicates are being supported and encouraged to grow. He described the various effects of the drugs and the fact that they are so hard to withdraw from on a permanent basis. He mentioned that we must not forget the wonderful things that these drugs have helped us do in the field of medicine for operations or people having mental problems. At the same time, their use outside of medical circles is fast becoming the major health hazard of North American society. He felt that local communities should do all in their power to prevent drug abuse from starting or growing in their area.

One of the major thoughts that came out of the sessions that Dr. Carl Willgoose had with the parents, teachers and school board members of the area was that a committee should be appointed consisting of all segments of society which would study in depth for a year the exact nature of what would constitute a good health curriculum for the schools. The Newfoundland Teacher's Association will be making this recommendation to the local school boards of Wabush City and Labrador City.

Dr. Willgoose left on March 17th for Boston University where he is a member of the Faculty of Education.

The youth column

BY SHARON BRYANS

This Youth Column is written entirely by Miss Bryans, a grade eleven student at the Labrador City Collegiate. Space will be made available for any person who wishes to comment on the contents of the column. (Editor)

Things haven't been too exciting this last week, I guess everyone is recovering from the busy carnival schedule.

On Thursday, March 19th, the senior girls basketball team of LCC made a trip to St. John's to play in the all Newfoundland Basketball Tournament. The team from Holy Heart in St. John's was victorious over our girls. The senior girls basketball team of LCC came second in the tournament. This decision was made on total points scored not on how many

games they won. The girls from LCC stayed in the homes of the St. John's players for their three day visit to the city. The Labrador City team was accompanied by coaches, Miss M. Langille and Mrs. A. Chick, both teachers at the Collegiate. The girls have done a very good job and we are proud of all their victories against the Sept Iles and St. John's teams. This was the last trip the team will make this year, but they have had a very exciting basketball season.

Thursday, March 19th all the racers from out of town and the Labrador City Skiers had a swinging time at the Ski Lodge, dancing to the music of the IRAN Drum. The skiers who participated in the races from March 19th to the 21st, left the area on Sunday the 22nd. They really enjoyed their stay here and were impressed with the skiing conditions at Smokey. On Saturday the 21st, the big bash was

held at the Sir Wilfred Grenfell Hotel with the Patmac as entertainment, however the young skiers wanted livelier music to dance to and they relied on the Juke Box to provide some swinging sounds.

The attendance at the schools in Labrador City on March 19th and 20th was not remarkably high. Many students ventured forth to the slopes to watch the races, after all what could be more educational? It seems that the whole thing happened so soon and was over too quickly. I wish more people had talked to the visiting skiers to show that we really are hospitable people.

I though for sure Spring was on its way during carnival week, but it seems as-if winter has returned. Don't be discouraged by the softly falling snowflakes outside your window, because if you become desperate you could always take the train to Sept Iles on the weekend. If you don't feel like visiting Sept Iles ask your next door neighbour for his snowmobile on Saturday and go racing off into the wilderness with the snow blowing in your face. Now don't tell me that you don't find this exciting. What could be more exciting than running out of gas on Jalelin Road on a stormy Saturday afternoon. If this doesn't set your blood on fire think how groovy it would be to have snowmobile races up and down the golf course with your friends.

For those of you who absolutely hate winter, leave Labrador City immediately, because that is the only season we have here.

Mining briefs

AURORA, LABRADOR, APRIL 1, 1970 - 7
in Norway, employs 14,000 people in seven
countires.

STEEL MODERNIZATION IN THE U.S.: Major steel companies will spend \$2.2 Billion for modernization of facilities in 1970. This estimate was recently announced by American Iron & Steel Institute after a survey of companies producing more than 90% of the steel made in the U.S. It will be their fourth consecutive year of capital outlays exceeding \$2 billion. The capital expenditures of the companies for 1969 had been forecast, a year ago at \$2.4 billion but the actual figure showed a reduction from that level to \$2.1 billion, apparently a result of the anticipation of the repeal of the seven percent investment tax credit. Some steel executives have been quoted as saying that they plan to restrict their spending on projects already under way or to those considered essential to the industry's continuing technological advancement.

Steel companies have made capital outlays of more than \$26 billion since 1950, and more than \$16 billion in the past decade. Much of the current and recent spending has gone for the installation of basic oxygen furnaces, continuous casting units that eliminate a number of costly steps in conventional steelmaking, high speed finishing mills and plants for upgrading the quality of iron ore and the efficiency of blast furnaces. Basic oxygen furnaces are now making nearly half of all steel poured in the U.S.

ASBESTOS: With its King-Beaver plant at Thetford Mines, Que. operating at capacity,

Asbestos Corp. Ltd., plans a \$4.5 million expansion to increase production by 50% to 12,000 tons a day. Of this, \$3.4 million is to be for plant expansion and \$1.1 million for new mining equipment. On completion, total milling capacity of the company's three Thetford mines will be 31,450 tons a day. A \$2.2 million ore preparation and storage plant has just been completed at the King-Beaver mine, and the company is spending \$2.5 million to sink an exploratory shaft into its Penhale orebody near Thetford. Development of the deposit into an underground mine will cost a further \$5-7 million.

MORE ORE FOR JAPAN: Goldsworthy Mining, in the northwest of Western Australia, is planning to spend \$50 million in upgrading its present facilities to produce and handle greater quantities of iron ore for export to Japan. This expenditure will increase its investment in the enterprise to more than \$120 million.

The company as at 31 Dec. 1969, was shipping ore to Japan at the rate of 5.0 million tons a year. By April 1970, its rate will expand to 6.0 million tons per year and by April, 1973, to 8.0 million tons a year.

FALCONBRIDGE: The Falconbridge Nickel Mines Ltd., miner of nickel and copper in the Sudbury district of Ontario and with a refinery

CANADIAN COPPER PRODUCTION: Canadian copper production during 1969 was 558,000 compared with 608,000 tons in 1968, according to the Dominion Bureau of Statistics. The decline was caused by strikes that resulted in a production loss of 70,000 tons of copper.

DECLINE FORECAST: U.S. Steel production and shipments in 1970 will be about 5% below 1969's record levels, Mr. P.D. Block, chairman of Inland Steel Co., recently told the American Metal Market forum. He forecast for the remainder of the year a continued period of mild weakness in economic activity while also holding out hope that monetary conditions would ease in the near term.

Mr. Block said if the money market does ease, production of consumer durable goods would turn upward before mid-year but that renewed strength in the construction and producers' durable equipment industries will take longer to develop.

He added that government assistance in the form of restrictions of imports of steel products into the United States are needed to help U.S. producers maintain their share of the domestic market.

GUARANTEED PRICES: National Steel Corp. will guarantee for a minimum of 12 months prices of its steel mill products, which may be raised hereafter, president G.A. Stinson said, last month. The new policy parallels that announced by Bethlehem Steel Corp., hence applies on new prices for structural shapes, plates and sheet piling.

Ted has 132 marbles, some brown and some green. If he had 9 more brown marbles and 29 fewer green marbles, the number of each color would be the same. How many marbles of each color does Ted really have?

ANSWER

47 brown and 85 green. Subtract 9 from 132; subtract 29 from this result, and divide by 2 for the number of brown marbles.

BOWRINGS

LABRADOR CITY

Local notes

A bridal shower was held at the home of Mrs. Mercedes Tobin of Wabush, for her sister, Mildred Hawkins. She was the recipient of many lovely gifts. The evening ended with a very enjoyable cold buffet.

Mrs. Hal Squires left last Wednesday to spend the Easter vacation with her parents on the island.

The Kule Tops of Wabush are sponsoring a card party at the Royal Canadian Legion, on Thursday, April 9th. A luncheon will be served, everyone is welcome.

Mr. and Mrs. Kelly of Gambo, Newfoundland are presently visiting their daughter, Mrs. Terry Wyatt of Labrador City.

HOSPITAL PRESENTATION - The Ladies' Auxiliary of the Royal Canadian Legion, Branch 57, Wabush presented Capt. Hammond, Administrator of the Capt. Wm. Jackman Memorial Hospital with a Di-a-Pump, for use in the pediatrics section of the Hospital. The compressor is part of equipment used in the treatment of bronchial diseases. The presentation took place last Thursday afternoon and on hand were: Mrs. Mildred Parsons, president; Miss Nita Wood, treasurer; Mrs. Irene Clarkson, vice president; Mrs. Allen, secretary and Mrs. Feretycki of the Ladies' Auxiliary (Aurora Photo).

OWN A SERVICE BUSINESS

Very small investment, must immediately sell my dealership in National Co-operative Chain of Rug and Upholstery cleaners. Modern Service rendered in homes, offices etc. No shop needed, easy to learn, operate full or part time. Large hourly profits. Opportunity for growing lifetime income. For further information, telephone 944-5512.

On the local scene

Chamber of Commerce Week this year will be held from April 19th to April 25th. The main purpose this year is to thoroughly inform the public of what the organization does and how it contributes to the economic and social life of the community.

The Minor Hockey Association Mom's Club will be holding a meeting on Sunday, April 5th, at the Labrador City Arena. Everyone is welcome.

A meeting of the Canadian Cancer Society will be held in the Town Hall, Labrador City,

Thursday, April 2nd at 8 p.m. Guest speaker will be Mr. George Warren, President of the Newfoundland Division of the Canadian Cancer Society. Mr. Warren will be accompanied by a member of the Provincial executive. Residents of Labrador City and Wabush are invited to attend.

Mrs. Isabelle Delaney and Mrs. Betty Cain were hostesses at the home of Mrs. Isabelle Delaney last Wednesday to a stork shower for the mother to be, Mrs. Rosemary Fahey. A large number of guests had a very enjoyable evening playing cards

and other games. Mrs. Fahey was the recipient of many lovely gifts which she truly appreciated. The gifts were opened by Mrs. Betty Cain and the cards read by Mrs. Isabelle Delaney. A buffet was served at the end of the evening.

The Polaris Figure Skating Club will be presenting "Polaris Potpourri" on ice at the Labrador City Arena, Saturday, April 11th. There will be two performances, at 1:30 and 7:30 p.m. Admission \$1.00 for adults and children \$.25 cents.

The Midget and PeeWee All Star teams left for Grand Falls and Corner Brook respectively, last Saturday to compete in the

Newfoundland Amateur Minor Hockey Tournament. The Bantam All Stars left yesterday for Gander. The winners of the tournament in each division will be the Newfoundland Minor Hockey Champs. Labrador City hosted the tournament last year.

Congratulations to Mr. and Mrs. John Malenowski of Wabush, the proud parents of a baby boy.

Mary LaCour of Wabush spent last weekend visiting Montreal.

Mr. Roy Andrews and family are spending their Easter vacation visiting the island.

Mr. and Mrs. Bob Ploughman and family are also vacationing on the island.

The many friends of Mrs. Cliff Thompson are sad to learn that she is hospitalized, and wish her a speedy recovery.

A man paid \$4.80 for some cigars. If the number of cigars he bought was 4 less than the number of cents he paid for each cigar, how many cigars did he buy?

ANSWER
 20 cigars. Let X equal number of cigars, and (X plus 4) the price paid for each. Form equation: 480/X equals X plus 4. Solve for X.

Reduce the easy Slendor® Reducing Plan Way. Eat three satisfying meals a day. \$2.50 and \$6.00 sizes.

Happy

By CHARLES RENDELL

I'm just happy just to see the light
Of each succeeding day,
I'm happy when the sparrow sings,
When daytime fades away,
I love the scene of solitude
Beside a babbling brook,
I'm happy just to live and dwell
In my own little nook.

I'm happy for the strength to work,
To provide for my clan,
I'm grateful when I get the urge,
To help a fellow man,
The greatest trials of mice and men,
Are reaped as they are sown,
But truth and love and brotherhood
Do for all wrong atone.

I'm happy with the passing hours,
I like to pause and see,
The golden sunshine, flowers, hills,
Lakes and boys and trees,
To stand atop a windswept height,
Alone 'twixt sea and sky,
To watch a new lamb, greet a friend,
Are what joy means to me.

I'm happy when I go to Church,
And sing the long loved hymns,
I'm thankful for those sires of mine,
Who found their all in Him,
I thrill to ancient prayers and pleas,
And pray I'll constant be,
My father's comfort, Heaven's abode,
Doth calm and strengthen me.

I'm happy too when troubles roll,
And shroud this earthly weal
For victory cometh after strife,
Fierce heat produces steel,
If all our paths were clear and straight,
The dross would hide the gold,
The worths of life 'though dearly bought,
Do fashion our true mould.

I'm happy with the passing years,
The prize is growing old,
For brightening vision lights the mind,
Before the tale is told,
Refining wisdom, smelled pure
Through love and mercy; calm;
The Peace of years and only time,
Bestows the healing balm.

Hospital Auxiliary meets

Regular meeting of the Memorial Hospital Auxiliary was held on in the cafeteria of the Mrs. Hammond, the extended a welcome members and guests. A business meeting was by the guest speaker, Mullaly, of the local detachment, who gave t provoking talk on said that drugs and e has become a serious Last year in Canada sts increased 80% over us year. He went on the history of drugs resent drug laws. This d stimulated a lively by the entire group. ly stated that we do problem with drugs in rea and he encouraged to feel free to contact P.P. if they were aware misuse of drugs. He the fact that the were there to curb the locally and the on of the public is

necessary.

A part of the meeting was devoted to initiate a Home Auxiliary for interested persons unable to attend regular meetings. Any persons wanting to do projects, such as knitting, sewing, or crocheting, at home are asked to contact Mrs. Joy Porter - 944-2414. Materials and supplies will be delivered and picked up anywhere in Labrador City or Wabush upon request. Such items as infants garments, aprons, knitted goods, bazaar novelties, or puppets will be used by the Auxiliary in their annual bazaar, show-case of items for sale, or for hospital use.

The April meeting will be held on April 27 and all are welcome to attend.

Manpower report.. the need for more education

Over 40% of the people who visit the local Canada Manpower Centre looking for work have an educational level of between grade seven and grade ten. They are not specific in what they are looking for and in many cases they are looking for "anything at all."

In a world on the brink of the 21st century, a drop out is out. Labour jobs are at a premium. A person with a low educational level must either upgrade his skills or face the prospect of being increasingly unemployed.

It gets monotonous preaching the same old message about more education means more money. And education means a lot more than better salaries and a more comfortable life. Education gives a person a more objective look at life and a greater understanding of what is happening, more interest in what the world is doing, more enjoyment in

living. But these concepts are abstract and education, like people, comes in various levels.

A person with grade eight, for example, has the opportunity to upgrade his skills to a sufficient level for trade school entrance, and be paid for it.

If you have a low level of education we, at Canada Manpower, have a great deal of difficulty in finding you a job. In many cases we can't find you a suitable job because you haven't got suitable qualifications to meet employer demands.

In order to help bring your qualifications into line with employer demands we

are prepared to pay your way through Upgrading School and through Trade School if you wish. We not only pay your tuition, but your transportation to and from the school (and during Christmas) we also provide allowances which range between \$40.00 and \$92.00 per week depending on the number of dependants.

So the funds are being provided. All you have to do is apply. Make the decision now. Contact your local Canada Manpower Centre for details. Canada Manpower Centre, Wabush Shopping Plaza, Wabush, Newfoundland - Labrador.

E.G. MULLINS

G.R. PRIMMER

Eastern Provincial Airways recently announced changes in its Marketing Division Management, whereby E.G. Mullins, of Gander, Newfoundland has been promoted to Sales Manager for the Airline, and G.R. Primmer has been promoted to Traffic Manager. Appointments will be effective immediately.

 4:30 - **MY WORLD AND WELCOME TO IT**
 Artists are sensitive to the "atmosphere" surrounding them, and John Monroe of My

Audience participation quiz on CBC TV April 2

If you discover a burglar in your home, can you legally shoot him. Or, if you write a cheque knowing that you don't have enough money in thy bank, but intend to deposit additional money before the cheque is cleared, can you be charged for this?
 These are sample type questions the national television audience will have an opportunity to answer when CBC-TV presents Canadian

Crime Test, a special quiz program based on Canada's criminal code, to be telecast on Thursday, April 2 at 11:50 p.m.
 During this hour-long special viewers will have an opportunity to pit their knowledge of Canadian law against that of a studio audience of law students and laymen, plus a previously polled national average.
 The quiz show is designed to entertain and at the same time to inform. It is based strictly on the criminal code and delves into

such areas as traffic law, abortion, forgery, responsibilities of citizens, theft and other areas.

Host of the crime test is Fred Davis. The Hon. Mr. Justice Charles D. Stewart, of the Supreme Court of Ontario, and Professor Desmond Marton, of Osgoode Hall Law School, are the expert panelists.

Participants will be asked a total of 16 questions (one a test question) about the various aspects of Canadian law. Questions are of a yes-or-no or multiple-choice nature and the studio audience and home viewer will be given a time limit in which to answer.

The team scores of the studio audience are calculated and results flashed on a scoreboard. Each of the questions will be dramatically illustrated by Canadian actors filmed on location in settings around Toronto. One of the illustrations was filmed at the border crossing at Rainbow Bridge in Niagara Falls, Ont.

Canadian Crime Test, sponsored by Canadian National Railways, is written by David Harriman and researched by Hal Tennant. The special was produced by Bill Bolt and has been patterned after his previous CBC-TV quiz specials on Canadian History, Driving and Physical Fitness.

Self-help programs meeting with success

Stephen A. Neary, Minister of Social Services and Rehabilitation announced in a recent press release that the provincial welfare lists are just over seven thousand heads of households who are classified as employable. These men have approximately thirty thousand dependants, wives and children, a large number will undoubtedly find employment at seasonal work. For those who will not be so fortunate, he said, "they would be well advised to start thinking now about what they can do while they are dependent on Social Assistance financing to improve through their own efforts the standard of living of themselves and their families."
 The Minister, who is also the MHA for Bell Island pointed out that Bell Island during the past year shows how a self help program can produce results. Many grouped together and worked with the Bell Island Association, others worked independently. Farming was the big success but several others did exceptionally well in the herring fishery.

Mr. Neary said, "We know these are difficult days for many of our willing people to find employment; we know that the taxpayers of the province can

not afford to devote additional money from their earnings to finance Social Assistance; we know through the Bell Island examples that there are ways for the unemployed to improve their living conditions, through their own efforts, without added demands on the already heavily taxed personal earnings of their fellow Newfoundlanders." A breakdown by region of the number of persons receiving Social Assistance was not given.

REGULAR GAMES NIGHTS

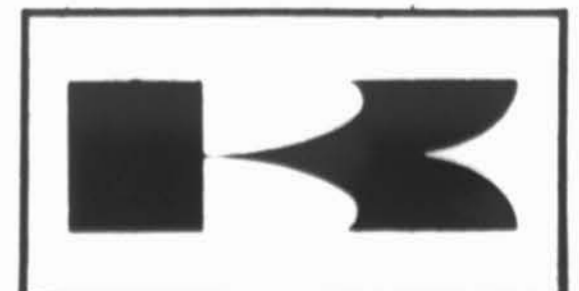

Monday - RC Church Basement, Labrador City.
 Wednesday - RC Church Basement, Wabush.
 Friday - Anglican Church Basement, Wabush.
 Saturday - Wabush Recreation Centre.
