Education for life

Are Our Young People Presently Being Educated For Life?

The week of March 1 - 7 is Education Week across Canada. The Labrador West Branch of the Newfoundland Teachers' Association, in conjunction with the Labrador West Integrated School Board and the Labrador City Collegiate School Board, is sponsoring a Workshop on Monday, March 1. The topic of the workshop is "Family Life and Personal Development"

Who Is Responsible?

Parents have a major responsibility in this important area of education. From a child's earliest years, parents are imparting to him information and attitudes about sexuality - about what it means to be a boy or girl, a man or woman, a husband or wife, a parent. A sound education about sexuality is necessary if children are to understand human development, cope with the stresses and pressures of adolescence in our society, and

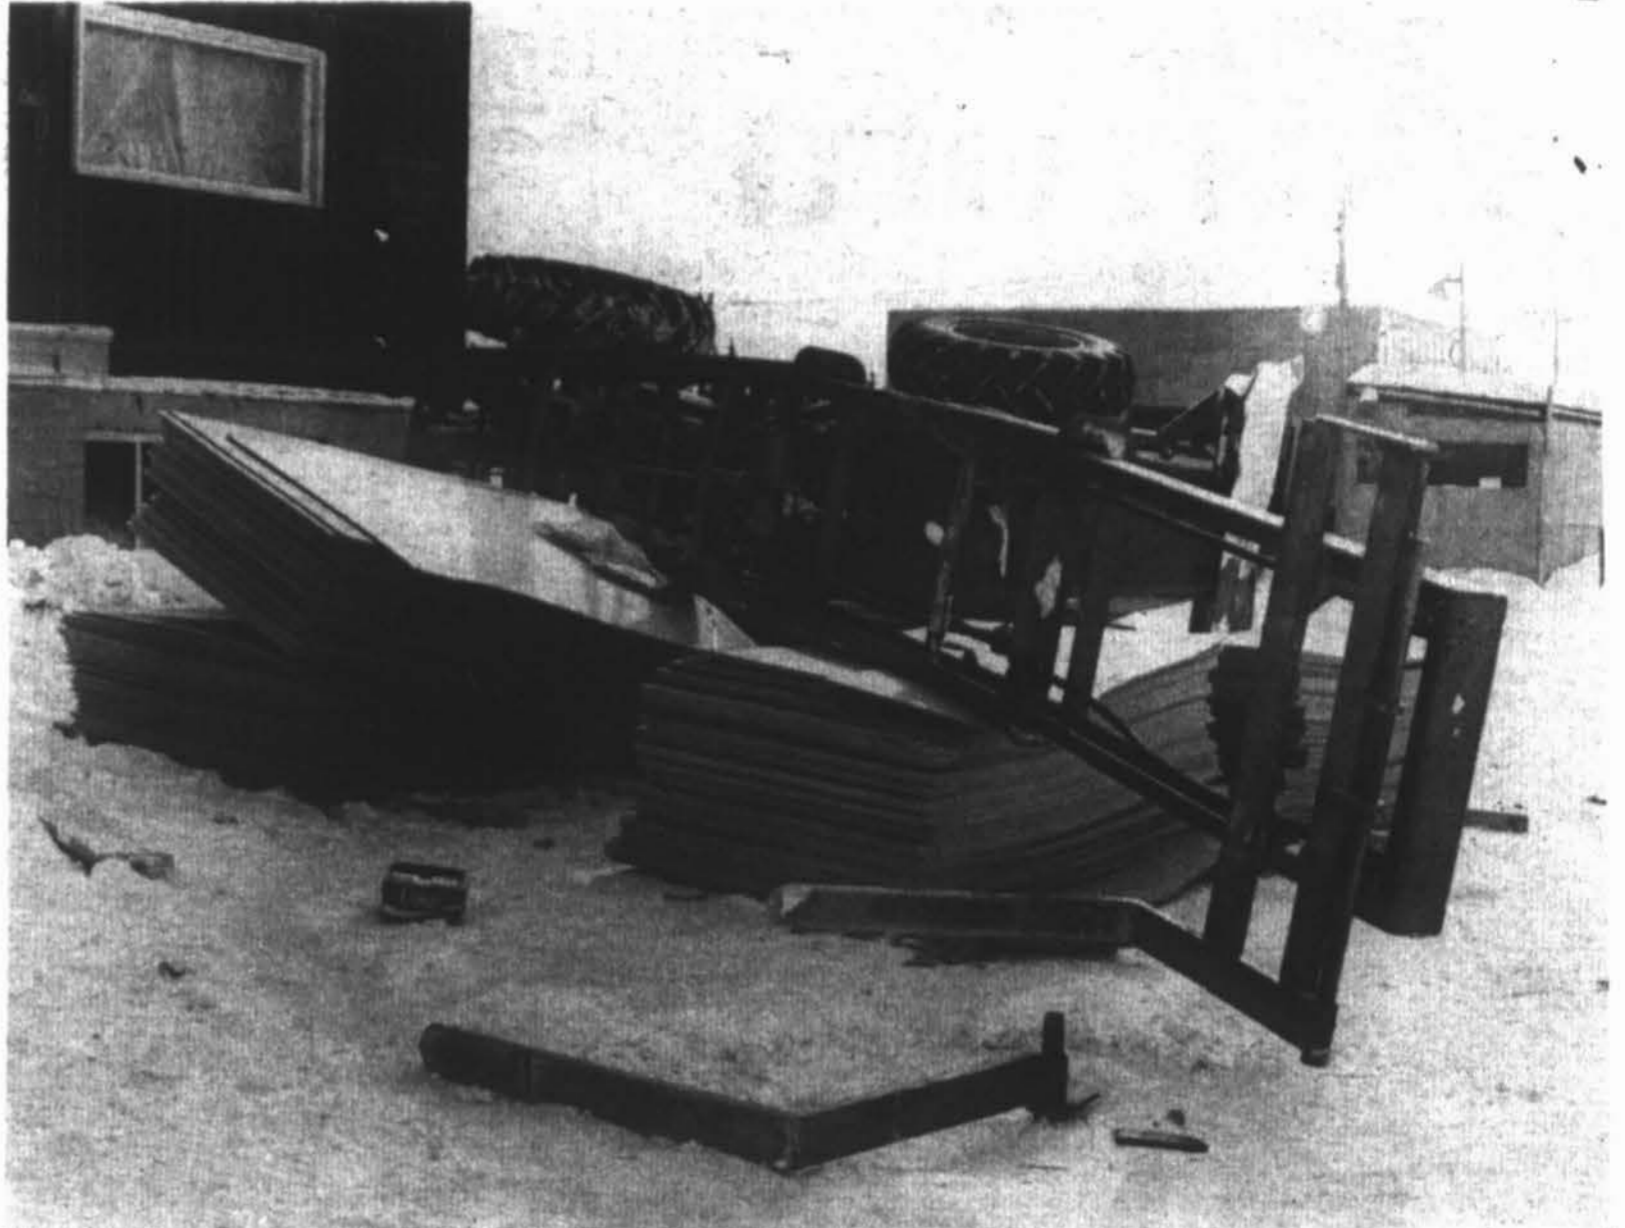

become adults capable of successful marriage and responsible parenthood. The goal of a Family Life and Personal Development program is to develop responsible human relations - relations between boys and girls, husband and wife, parents and children. Should the schools reinforce home and church teaching, as well as help overcome the lack of or the wrong kind of teaching, by providing a course in family life education?

Are You Concerned?

This is the concern of the total community, both in Labrador City and Wabush. Parents and interested members of the community are invited to share with teachers in the workshop on Family Life and Personal Development. A public meeting will be held on Sunday evening, February 28, at 8:30 p.m. at A.P. Low elementary school in Labrador City.

Father Leo Lafreniere, director of the Family Life Institute in Thunder Bay, Ontario, will introduce the topic, followed by a reaction panel of parents from Wabush and Labrador City. Father Lafreniere has studied at the Institute of Sexology and Family Sciences in Louvain University, Belgium. He introduced the first Family Life and Sex Education program from Kindergarten to Grade 13 in Canada, and has conducted workshops across Canada on the topic. His associate, Mrs. Betty Marshalok has taught the course, and will assist him in the workshop on Monday, March 1.

Home and school co-operation is essential to the thinking out and planning of a Family Life program in our schools. Parents are invited to attend the workshop, beginning at 8:30 a.m. on March 1, at the A.P. Low elementary school. There will be a \$1. registration fee.

Bad luck seems to hang over this apartment building, being reconstructed after last December's disastrous fire.

LIBRARY NOTES AND QUOTES

What is a library? Why a place to find books, but books on a shelf are no good if they do not circulate. So, as there are many cold nights left as yet before looking over your summer camping gear or checking over your boat and motor, why not make the most of it and relax with a good book from your local library.

The following is a list of recent additions for your reading pleasure; we are sure that you will welcome most of them. There is something for every taste. First for those who enjoy a good mystery or suspense tale, the following will keep you reading far into the night. Baron on Board by John Creasey also by Creasey, Touch of Death one of his Dr. Palfrey series. You

Have Yourself a Deal by James H. Chase. Prisoner at the Bar by Jeffrey Ashford.

Interested in the Mafia then we have The Vallachi Papers by Peter Maas, the first inside account of life in the Cosa Nostra; novel wise, The Godfather by Puzo.

Some fascinating travel books for the armchair traveller include Farley Mowats latest, Sibir, also Canada North and his famous People of the North.

A monumental biography, also a top hit, Mary Queen of Scots by Antonia Fraser, another biography is Pat and Roald by Barry Farrell: Patricia Neal suffered a near fatal stroke at the height of her acting career; this is the story of her remarkable recovery.

For our underwater enthusiasts, World Beneath the

Sea published by National Geographic is a must. Lady and the Sharks by Eugenie Clark. Dive: Complete Book of Skin Diving by Rich Carrier.

For Sea story fans we have The Last Voyage of USS Pueblo by Ed Brandt, the exclusive story told by 15 members of the crew. Battle of the Java Sea by David Thomas. A Flock of Ships by Brian Callison.

Novel wise, we have Countdown by Frank Slaughter, Mr. Sermon by R. Delderfield, Glass Virgin by Cookson. Last Love by Thomas Costain, a novel about Napoleon in Exile. Plus many more.

FATHER LAFRENIERE

CAROL PLAYERS: The Carol Players will present "The Land God Gave To Cain," on March 6-7, 13-14 at 8.30 p.m. Notre Dame Academy. Residents of Labrador City and Wabush will have an opportunity to enjoy a "first" for the Carol Players (a three-act play), "The Land God Gave To Cain," written by the Players themselves. The play, adapted from Hammond Innes' novel, centering around a mysterious radio message and set in Labrador during the building of the Q.N.S. & L. Railway; combines action and suspense. A wide variety of nationalities and personalities, characteristic of Labrador, is also well represented by the fourteen member cast. Patricia Carroll Brown who led the Players to victory with "Spoon River" in the 1970 Regional Drama Festival, is again directing the group's production this year.

The Players will take "The Land God Gave to Cain," to Corner Brook, March 20 to compete in the Newfoundland Regional Drama Festival. In May they will present their play at Theatre Canada '71 held in Ottawa. The Carol Players were one of twenty-two groups selected to take part in this non-competitive festival, which replaces the Dominion Drama Festival Finals. Tickets for the play are \$2.00 for adults and \$1.00 for students. They may be obtained from City Drugs or Northern Drugs, and from any member of the Carol Players, or at the door.

HUMANITIES ASSOCIATION: The Labrador West Branch of the Provincial Association is pleased to announce Dr. Peter O'Brien, Memorial University, will address local members of the topic "Erik Sarti, The Eccentric Man and His Music," tonight Wednesday, February 24 at 8.30 p.m.

ASHUANUPI CALENDAR FEBRUARY & MARCH, 1971

Editorially Speaking

Over the past 18 months we have read several articles by Mr. I.H. Asper who is fast becoming known as one of the best taxation lawyers in Canada. Last week we saw the following in a large Western Canadian daily and feel Mr. Asper's comments were quite relevant to our local conditions. Here are excerpts from the column titled "Tax System Works Against North":

"This is particularly true for residents of Canada's northern communities. The fiscal inequity they face is so great it raises doubts about our sincerity when we speak of northern development policies. The fact is that Canada's northern residents pay the same taxes as do their southern counterparts, but receive far less in government services. In most cases the cost of living is extraordinarily high, yet wages are not proportionately higher. Even where the wage rates take into account higher living costs, the tax system does not. Income tax increases often eat into employee's cost of living bonus.

The denial of government services is really what gives validity to the northerner's complaint. Many areas are still without adequate television service, face high telephone costs for communications are several hours rather than minutes, from specialized medical treatment, higher costs of sending their children air fare for travelling half the distance one can in southern centres, and in general are denied access, because of cost and distance to the social, cultural and recreation events their tax dollars are used to support. This is only a sample listing.

There is little doubt that both for the sake of equity and as an incentive for northern development and investment a much fairer tax deal is needed for the north. The problem is that there are two governments involved each with different interests.

The provincial governments have the responsibility of PROVIDING THE SCHOOLS, THE ROADS AND MOST OF THE OTHER COSTLY SERVICES, while the Federal government COLLECTS MOST OF THE TAX REVENUE OF NORTHERN RESIDENTS. One estimate suggests that the federal-provincial tax take ratio is 4 to 1 in favor of federal treasury, while the spending ratio is weighed against the provinces.

WHAT IS REQUIRED FOR NORTHERN RESIDENTS IS A NEW TAX DEAL WHICH REFLECTS THE REDUCED SERVICES THEY RECEIVE FROM GOVERNMENTS. What is required for northern development is a new tax incentive system which partly compensates for the usual problems such as high risk and capital shortage. And what is required to bring about the changes is a new tax PARTNERSHIP between the THREE levels of government: THE NORTHERN COMMUNITY, THE PROVINCE, and OTTAWA. If all three can agree on the components of a better fiscal and tax climate in Canada's northern areas, a major inequity will be removed."

LETTER TO THE EDITOR:

VIEWING HOURS FOR CHILDREN'S PROGRAMS

The Editor,

The Aurora,
Labrador City, Nfld.

Dear Sir:

Please allow a little space in the Aurora for my thoughts concerning C.J.C.L.—T.V.

To whom it may concern at C.J.C.L. television station,

Mind teaser

How long will it take a train that is one mile long, traveling at one mile a minute, to pass completely through a tunnel that is 4-1/2 miles long?

ANSWER

5-1/2 minutes. The train travels 5-1/2 miles, traveling one mile to be completely inside the tunnel, plus 3-1/2 miles more completely inside the tunnel, plus another mile to pass completely out the tunnel.

Labrador City: Do you have kids at school? Do you have kids at home? Do you kids who like very much to watch cartoons? Or do you have kids at all? If you don't have kids, please think of others who do. I don't think it's right to have two of our children's programs on, (yesterday it was three) while our children are at school.

There are not too many children's programs on here at Labrador West T.V. and most of the kids can't see what is on. It's either too early or too late. Why not put on something like, "All Around The Circle" or "Front Page Challenge" (which are not fit to watch) and keep the kids shows for a reasonable time; not before 4 or not after 7 o'clock.

I'm sure a lot of mothers would agree with me. After all our T.V. is not the best, compared with the rest of Canada, so why not try to make the best of what we have.

"Mother of Two"
Labrador City.

Here 'n' There

SOMETHING FOR THE BOYS: Even the bride wore shorts recently when Christian Dior showed his latest London ready-to-wear collection, but at least they were in traditional white. The fashion, called hot pants, is certain to give mini-skirt lovers a new lease on life if it catches on. Thanks to maxi and midi fashions, there has been a dearth of legs on view this winter. The highlight of the collection, now on sale at the couturier's Diorling boutiques, was a pair of white bridal shorts with a bib top, worn with a see-through organdy blouse. Dior designer Jorn Langberg said the style is for anytime, anywhere, including the office. "It's for the boys, to give them a bit of sex," he said.

EVEN IN ALBERTA: It was just five months ago that holders of Chargex bank credit cards learned they could use their cards in Bucharest, Romania, through reciprocal arrangements with Britain's Barclaycard. Now the four Canadian banks behind Chargex report they are extending the system all the way to Alberta. The banks say Chargex cards are now held by 3,000,000 Quebecers, British Columbians, and Ontarians and are honored by more than 38,000 establishments. Under the first phase of the Alberta plan (with Chargex available in 10 cities and towns), another 1,400 businesses are expected to join in. Until March 22, when the plan goes into full effect, the cards will be offered to 240,000 selected households. After that, any adult may apply for the cards. Chargex ties in not only with Barclaycard, but with the U.S.'s BankAmericard and Japan's Sumitomo card. Together the system now has more than 31 million cardholders. It is known that the Royal Bank of Canada, Canadian Imperial Bank of Commerce, Toronto Dominion Bank and Banque Canadienne Nationale plan to extend Chargex to other provinces later this year.

PILOTS, STEWARDESSES FIRED: United Air Lines announced earlier this month the suspension of 394 pilots and 100 stewardesses in a measure to reduce the \$40.9 million deficit

reported by the airline for 1970. Many of the suspensions were caused by a previous plan to scrap 153 flights by March 2. United also cancelled or delayed orders for several 747 jumbo jets in an effort to cut costs.

MORE TAX FREE IMPORTS: The cabinet is expected to pass an order in council soon to extend provisions of the Canada—U.S. auto trade agreement to heavy off-highway vehicles and similar haulage equipment. When the order is issued, manufacturers will be able to import off-highway trucks and parts from the U.S. duty-free. Individual companies using such trucks will have to buy from Canadian manufacturers or continue to pay duties. Equipment of this kind is used mainly in open pit mining, logging or earth-moving operations.

CLEAN—UP CAMPAIGNS: Are people becoming bored with the issue of environmental protection? If they are, it was hard to tell, earlier this month. The Canadian Chemical Producers Association said it was setting up regional control centres to deal with chemical accidents on railways, highways and waterways. The centres will be at chemical plants in Ontario and Quebec, where the bulk of the industry is located, and will provide 24-hour assistance to authorities in cleaning up accidents. The Canadian Labor Congress said it urged member unions to focus attention on pollution during February. This is traditionally the CLC's month for social action. The congress said union locals should set up committees to eliminate sources of pollution in their own industries. And in the United States, a poll of 57,000 junior high and high school students found their biggest worry was air and water pollution.

BORED (?) CONSUMERS: His rationale seems unusual but G.A. Burton, chairman of Simpsons Ltd., hopes for a retail revival. "The present flurry of price-cutting, particularly in the food industry, will gradually die down in 1971," HE WAS QUOTED RECENTLY, "principally from boredom on the part

of the consumer and intensive, more normal competition will resume with more emphasis on service."

MICHELIN WILL EXPAND: Michelin Tires Ltd. has decided to expand its two Nova Scotia manufacturing plants. The plants, still under construction, are scheduled to open this fall. The decision to expand is believed to indicate that the French company will add, earlier than originally planned, passenger-car tires to its truck-tire production. The expansions will be made without financial aid from the province. This will boost to 1,200 from 800 the number of employees needed at the fabricating plant. The steel cord plant will hire about 820, up 160. Michelin has begun advertising for employees.

EUROPE GETS LIONS' SHARE OF GAMES DUCATS: Foreigners have been allotted about 25 per cent of the 4.4 million tickets to the 1972 Munich Summer Olympic Games, the Games Committee said recently. Of the 1.2 million tickets reserved for foreigners, 65 per cent will be sold in Europe, 12 per cent in North America, 7.5 per cent in South America and Asia, 5 per cent in Africa and 3 per cent in Australia, the committee said. The tickets go on sale on April 1, 1971, and may be ordered only in conjunction with room reservations. West German residents have been allotted the remaining 3.2 million tickets and are not required to reserve lodging when ordering seats, the committee added.

JESUIT IN U.S. HOUSE: Last month a Jesuit priest joined the ranks of U.S. lawmakers when he took his seat in the House of Representatives for the 92nd Congress. Father Robert Drinan said one of his first legislative acts will be to blast the House seniority system. He said it's wrong that "the average age of the House's 21 standing committees is over 70 when the average age of the country is 26."

BRITISH PUB HOURS SYSTEM ARCHIAC: England and Wales boast 102,498 taverns and bars, but at times it's almost impossible to get a drink. They keep closing at the most peculiar hours. The government has said, however, it might do something to change the situation.

"I have long thought that the law on liquor licensing in England and Wales was archaic and in need of a thorough overhaul to meet modern conditions," said Home Secretary Reginald Maudling in Parliament. He said a special committee of inquiry would review the law and recommend whether to keep the drinking places open longer.

British pubs open from 11 in the morning until 3 in the afternoon. They reopen at 5:30 p.m. until 10:30 or 11:00 p.m. (Ed. Note: I can recall that on my first visit to London in 1958, receiving quite a "dressing-down" from a London "bobbie" as I attempted to enter a pub at 5:00 p.m. Almost getting "booked" for attempted break-in.)

After 10:30 or 11 the only place to get a drink is with food in a restaurant or in a private club, and many a

drinking Briton isn't hungry, and doesn't belong to a club.

The tourist industry, other interests and the ordinary drinkers have long demanded a revision of the hours. Today's drinking laws mostly date to the 19th century of Victorian England, when drunkenness was appalling and gin was known as "mother's ruin."

The main opponents of the scheme to revise drinking hours are the pub-keepers themselves, who argue they will need to hire extra staff and work longer hours.

CARIBBEAN LANDS COMPARED: Here is an idea of the size and population of certain areas in the Caribbean. Antigua 108 sq. miles, population 68,000. Barbados 166 sq. miles, population 250,000. Dominica 290 sq. miles, population 72,000. Grenada 120 sq. miles, population 100,000. Guyana 83,000 sq. miles, population 700,000. Jamaica 4,411 sq. miles, population 2,000,000. Montserrat 39 sq. miles, population 15,000. St. Kitts 136 sq. miles, population 63,000. St. Lucia 238 sq. miles, population 120,000. St. Vincent 150 sq. miles, population 100,000. Trinidad-Tobago 1,980 sq. miles, population 1,000,000.

Roaming the Globe

British Honduras 8,866 sq. miles, population 125,000.

TRAVEL EXPERTS' CHOICES: A panel of 16 travel experts in the Chicago area was asked recently to pick Europe's top 10 tourist attractions, based on personal preference, as to what a visitor would see and do in Europe. There was general disclaimer that limiting the list to a fixed ten ruled out many popular places; and that limiting the locale to Europe eliminated many equally attractive places. The Chicago Tribune, which conducted the survey, stood firm and wouldn't accept any deviation. Attractions were rated on the basis of votes secured, with a possible 18 as the perfect score. Two places scored identical votes of 10 of that possible, with the runners-up ranging down to six votes. The Rhine River, with the attractions along its banks, and the Sistine Chapel, including St. Peter's and the Vatican Museum, came out even in

the opinion of these experts, eight of whom were leading travel agents or tour operators, the remaining eight travel writers or editors. Four places tied for next place, with nine votes apiece, only one behind the winners. They were the Parthenon and Acropolis in Athens; St. Mark's Square and the gondola rides in Venice; Westminster Abbey, the Houses of Parliament and Whitehall in London; and Alpine Switzerland.

Running behind at seven votes each were the Tivoli Gardens in Copenhagen; the Seine and its banks in Paris. Six votes were given to Norway's fjords and Italy's Amalfi Drive.

ED. NOTE: Having visited 7 of the 10 leading choices (although given the opportunity we did not take the Rhine River boat trip and have not been to Norway or Greece) we can't fault the selections. However, our three additional choices on what we have visited would be; view from the Isle of Capri looking across the Bay of Naples; Lake Como and the general lake district of Northern Italy; and Barcolena and the Spanish Costa Brava.

AIRLINE NEWS:

Round-trip fares of \$296.00 from Montreal (\$270 from Toronto) announced by Mexicana Airlines: on a new Tcatan Route to Miami to Cozumel and to Mexico City with stopover privileges at those points at Merica, capital of Ycatan.

American Airlines has started a second Toronto-San Francisco service. CSA-Czechoslovak Airlines is boosting its service from New York, via Montreal to Prague to twice weekly starting April 29.

Air Canada has ski packages this winter, good until April 4, which provide two-week vacations for \$384. and up, at Val d'Isere and La Plagne in the French Alps. Latter is one of the newer French ski centres and the more expensive of the two.

SNOWMOBILE TOURS: Now the snowmobile crowd is being courted. Resort operators in Ontario's Brue Peninsula say they have the trails and sparse population, so they have arranged \$75. weekends for two with accommodation, home-style cooking and fun on the trail. More information from Snowmobile Weekends, P.O. Box 123, Lions Head, Ontario.

SCOUT NEWS

This year Scout & Guide Week will be held from February 21st to 28th with special emphasis on February 22nd which is the Birthday of Lord Robert Baden Powell the Founder of the Scout & Guide Movement, on the 22nd the Scouts & Cubs as always will wear their Uniforms to school.

Also this year the Carol Scout Groups will hold a "Going Up" Ceremony on Friday, February 26th as part of the Celebrations. Those Ceremonies as well as the weekly meetings are open to the Public, in fact everyone is welcome, but we would like to see the Parents of the Boys who are "Going Up" present most of all, as there is nothing that boosts the Moral of the Leaders than to see Parents interested enough to attend meetings and see what's going on. The following is an excerpt from the Monthly Scouting Bulletin "Scouting Times."

Websters New World Dictionary defines a Volunteer as: a person who enters or offers to enter into a service of his own free will. Many of us remember being "sucked in" but, in the final analysis we truly did Volunteer. Mind you those kids didn't volunteer. Yes they volunteered to join the Boy Scouts but, they didn't volunteer to work with us as individuals. Just as we need

satisfaction to continue working they require satisfaction to continue coming to meetings. We are pretty aware of what we require but, how often do we think of their needs. loyalty, regularity and caring take a lot of effort and time. A Scouter must be prepared to make many sacrifices which will be repaid many times over. The internal satisfaction in knowing that you have helped a boy along the road of life cannot be measured or equalled. Aristotle summed it up by saying, "No man goeth about a more Godly purpose than he who is mindful of the right upbringing, not only of his own, but, of other men's children. This I think says a lot as to how our Leaders think of Scouting and I'm sure all of us parents appreciate their efforts, so why not show our appreciation by coming along to a Scout or Cub Meeting and asking the Leaders if they want a hand, or if there is anything you can do to help.

At a Group Committee Meeting held recently a motion was made to Post a Reward of \$250.00 for information leading to the arrest and conviction of the person or persons who are responsible for the Destruction and Theft of property belonging to the Carol Boy Scout Group, as Two Trailers & one Cabin located about midway between Tanya Lake & the Old Ski Run on Smokey Mt. have been broken into and a Toilet and

Basin have been Stolen from the Trailer, also a Quantity of 2x4 Lumber and some sheets of Plywood have been stolen from the same location earlier this year. It's sad to think that in this day and age that someone would steal from possibly their own children, as there are over 220 boys in the Movement here in Labrador City, we hope that this will be an incentive to someone to come along and give some information. How about it People lets show those Theives we mean Business. We are still in need of people to help with the Meetings, yes I know we said that before, but as the saying goes "The one who Shouts Loud enough and Long enough gets—the Attention." EVERY GUY SHOULD HAVE A NIGHT OUT WITH THE BOYS -----OUR BOY SCOUTS.

Dear Sir:-

The St. John Ambulance Association urgently needs more money to continue and expand its work in the fields of Home Nursing and First Aid Services at public gatherings, recreation centres, in homes, hospitals, on highways and city streets in the Province of Newfoundland and Labrador—and your dollars can help do it.

With a growing population, we have to train more voluntary workers, and as we get our 1971 Financial Campaign under way, we are appealing to persons, such as you, to participate in our fund-raising programme. With the increase in civic activity, we realize you may be deluged with requests for contributions, but we are hoping that you will consider our undertaking, to enable the St. John Ambulance to continue its humane work, deserving of your financial aid. Won't you please help make it possible to have the service of the St. John Ambulance available to ANYONE.....ANYWHERE?

Yours sincerely,

Frank Etsell

Scanning the Market

While the U.S. market, aided by record trading shot ahead to the D.J. 890 mark, the Canadian market remains almost stagnant. Rumors of another tax increase, no clarification from Ottawa, as yet, on the final "tax reform" package, and record unemployment have put a damper on investor enthusiasm. And no progress seems in sight until Finance Minister Benson brings down his April budget. For those invested or about to invest it may be wise to hold further commitments until spring. Today we reprint a digest of a recent U.S. market letter entitled "Swings Will Be Shorter."

advances tended to last three or four years and involve rises of around 100 per cent. If our forecast is correct, the Dow at the end of the year will have remained in a trading range between 600-1000 for a seven-year period, action quite dissimilar from the postwar experience.

We think, in other words, that there is evidence to suggest that the basic market environment which as characterized the postwar period is slowly changing. This new environment could well be characterized by shorter and less dynamic swings in the overall market together with a lack of support from the secular uptrend which was the basic force associated with the market for a 20-year period.

We are convinced that, in this sort of environment, investment opportunities will abound but that the opportunity to achieve growth by inaction, a technique which worked surprisingly well for a long period, may well no longer be present."

Last week we noticed two reports on National Sea Products of Halifax and pass them on for your information:

1. The \$4 million takeover of the Ross-Steers Ltd. fish plant in St. John's, Nfld. by National Sea Products Ltd. of Halifax will be aided with a \$2.5 million industrial incentive grant from the Department of Regional Economic Expansion.

The Nova Scotia seafood company recently formed a new company in Florida to market its output in the U.S. The Newfoundland plant being acquired was closed in 1968 by its former owners when the U.S. market for fresh-frozen fish slumped.

2. Down East and Overlooked. There is good news for a change from down east in the annual report from National Sea Products Ltd. of Halifax. For the year ended August 31, 1970, profits rose 38 per cent to \$1.40 a share, despite a two-month strike. H.P. Connor, chairman, said recently that 1971 looks like a real good year, and he is particularly enthused about the newly-acquired plant in Newfoundland which puts NSP closer to the best east coast fishing grounds.

National Sea's shares have climbed from \$6.50 to \$11.00 in recent months (presently \$9.50), but it is a closely-held stock and not one to stir excitement (as its multiple of 6.5 times earnings indicates). A recent study from Grant Johnson Ltd., however, projects 1971 profits of \$1.67 a share. And given a healthy market, the Montreal investment house says NSP could sell for 10 times earnings or about \$16.00 a share. It is no secret that the company's owner-managers have wanted to sell out over the past decade, but a younger generation is at the helm and apparently determined to make a go of it. The company hopes to sell more prepared fish (especially in the U.S.), which brings higher profits, and has ventured into fast foods; N.S.P. may yet surprise the sceptics.

Bills got you buffaloed? See HFC

Don't be stampeded! Get help now with an HFC Bill Payer Loan. Pay everything at once. Then have just one payment a month ... to HFC... smaller than the monthly total you're paying now. For bill paying, or for any other good purpose, borrow with confidence from HFC.

Apply for your loan by phone. We'll supply your loan by mail.

AMOUNT OF LOAN	MONTHLY PAYMENT PLANS					
	60 months	48 months	36 months	30 months	24 months	12 months
\$ 100	\$.....	\$.....	\$.....	\$.....	\$6.12	\$9.46
300	18.35	28.37
500	23.73	32.86	51.24
1000	41.45	58.11	91.56

CURLING: But for one stone slightly off the mark in the final game of Men's Provincial play-off's, Carol Curling Club of Labrador City would have made a "clean sweep" of Curling's "Big 3" Newfoundland championships for 1971.

Last week the team of Horst & Hilde Illing—Jack & Sue Bartlett won the right to represent this Province in the All-Canada mixed event being held in St. John, N.B. during March.

The writer saw the Provincial play-off held at the St. John's Curling Club 13-15 February, and it was truly a thrilling series. It isn't very often, in a short series, a team loses its first game (after being up 7-2) and comes back to become the winner. However this is precisely what the local team accomplished earlier this month. Congratulations to Horst and his team on a well-curling victory and the best of luck in New Brunswick.

Of course during this week the C.C.C., Bartlett rink will be representing our Province in the Canadian Ladies finals which are being held in St. John's. We are all rooting for you ladies.

The Carol Curling Club annual Nascopie Invitational Bonspiel was held February 12, 13 and 14th.

Following is a list of winners, prize donors and representatives. All prizes were donated by local merchants and companies.

"A" Event: Prizes donated by: Bechtel—Presented by Mr. C. Knoke.

Winners—Carol Curling Club: D. Christian; K. Christian. P. Fitzgerald. D. Tobin.

Runners up: Prizes donated by: Ayres—Presented by Mr. L. Hounsell.

Carol Curling Club: K. Hiscock; F. Hiscock. C. Brown; J. Brown.

3rd place: Prizes donated by: Crawley McCracken—Presented by Mr. McGowan.

Carol Curling Club: W. Mann; P. Dwyer; J. O'Brien; M. Pittman.

4th place: Prizes donated by: Northern Drugs (Wabush); Presented by H. Burford in the absence of J. Dicks.

Knob Lake Club: L. Breault; N. Rioux; L. Russell; K. Hulan.

"B" Event: Prizes donated by Iron Ore Company of Canada.

Carol Curling Club: Presented by Mr. P. Penny.

Winners: G. Crawley; M. Pike; J. Noble; N. Noble.

Runners up: Prizes donated by Aldred Co. Presented by C. Pike in the absence of J. Andrews.

Carol Curling Club: R. Brawley; M. Hogan; B. Hounsell; B. Green.

3rd place: Prizes donated by: Wabush Rec. Centre—Presented by J. Ward in the absence of W. Rough.

Knob Lake Curling Club: D. Byrne; M. Banfield; C. Banfield; F. Byrne.

4th place: Prizes donated by Sir Wilfred Grenfell Hotel—Presented by Paul Mercer.

Carol Curling Club: H. Bright; A. Bright; C. Chayter. J. Chayter.

"C" Event: Prizes donated by City Motors: presented by Mr. C. Chayter.

Carol Curling Club: M. Brennan; P. Brennan; R. Bain; B. Mercier.

Runners up: Prizes donated by Bowings: Presented by Mr. K. McEachern, Manager Bank of Nova Scotia.

Knob Lake Curling Club: R. Prochera; S. Decker; J. Decker; S. Prochera.

3rd place: Prizes donated by Carol Wabush Distributors: Presented by Jigger Smith.

Carol Curling Club: H. Martin; J. Porter; R. Parent; E. Martin.

4th place: Prizes donated by West Lab Agencies: Presented by C. Stamp.

Knob Lake Curling Club: A. Cormier; M. Moreau; P. Moreau; J. Anderson.

Our local Club is also represented at Goose Bay for their Winter Carnival Bonspiel.

Winter Carnival Week, between Feb. 19 and 27, in Goose Bay, will feature the first major curling bonspiel staged by this club with entrants from Atlantic Provinces as well as Churchill Falls and Wabush, Labrador—City. This event under the direction of Canadian Forces Col. Utas and Club President Lt. Norm Todd will carry the carnival theme emphasizing "The Far North". Chairman Walley Dunn stated the three day spiel will host thirty-two rinks mostly from outside Labrador with hopes of causing this to become an annual opportunity in introducing outside people to Goose Bay. The first taste of competition starts Friday afternoon with Col. Utas throwing the opening stone. A three event structure has been adopted with teams losing the first game

dropping to section "B" and losing the second game dropping to section "C". The winner will be declared Sunday evening followed by a stag banquet. Winning prizes for the three sections will be presented by David Butler of Hudsons Bay Company, Mel Woodward of Woodward's Enterprizes and Henri Geoffrion of Javelin Forest Products.

SKI NEWS: Labrador City Skiers at Winter Games' Smokey Mt. Ski Club had reason to be proud of its young skiers as they proved themselves at the Canada Winter Games in Saskatoon, Sask.

In the Slalom event which was held on the man-made mountain on Wednesday, Feb. 17, medals were given only for individual performances. However, Bob Archer, Perry Spitznagle and Karl Swierkot placed 9th, 10th, and 13th, and their combined times put the Newfoundland team in third place. Dave Mattinsons fell on his second run and spoiled a good attempt to catch the leaders. Carol Sheppard turned in the best time for the Nfld. girls by placing 22nd. Both races had more than forty competitions.

Because Blackstrap Mountain is not high enough for a Giant Slalom, the Winter Games Committee included a new event called the Dual Slalom. This has been tried successfully in other countries and may soon be a part of regular International Competition as it is an exciting event, both to ski and to watch. The Dual Slalom has two slalom courses set in a close parallel line, and two racers run the course simultaneously. The racers make two runs, one each on the right and left courses. Each pair of racers is competing for a total of three points.

The Newfoundland men placed so well in the Slalom that they were put in the "A" men's division with the four other top teams. The girls were in "B" division for ladies. Medals were awarded for both A and B division for both men and women.

At press time, the boys (Bob, Perry and Dave) had defeated Nova Scotia, 9-0, and had skied their second race against a "ghost" team made up of the fourth member of several teams. No points were awarded here. They had yet to face the tough competition of New Brunswick, B.C., and Quebec.

The girls, Carol, Kathy Plue, Debbie Pike and Tina Doyle, cleaned up against the Yukon and P.E.I. and at press time had 18 points. They had still to compete with Manitoba and Saskatchewan.

Coach Rene Beauchamp was pleased with his team and reminds us that this is the first year of true competitive racing and coaching for the club.

The team arrived home Monday, and were greeted by an enthusiastic group of supporters. On behalf of the readers of the Aurora, we extend our congratulations.

SKI NEWS

This week the featured Nancy Greene Team is Garibaldi. Manager, Marge Roberts, Coach—Flip Dawson; Instructor—Noella Dawson; Captain—Cheryl Honsberger. J. Corbeil, L. Larose, L. Archer, K. Preston, B. Kaskabas, J. McCall, C. Christie, N. Dohey, V. Whitten J. Bouffard, B. Villers, L. Gregoire.

YOUR PART IN SAFER SKIING PART II SKIING CONDUCT

- Rules of the slope for skier traffic:
1. Ski in control.
 2. Check skier traffic before starting. Look uphill for oncoming skiers before descending.
 3. The uphill skier is responsible for avoiding all skiers below him.
 4. Moving skiers avoid stationary skiers. Don't try to thrill them by showing how close you can come.
 5. Skiers entering a main slope from a side trail must yield to skiers already on the slope.
 6. Ski defensively. Always be ready to react to unpredictable moves by other skiers.

HOCKEY: We haven't heard too much from the "A" & "B" Leagues and must presume the regular schedule is about complete. Will definitely have the latest statistics and play-off plans for next week.

MINOR HOCKEY: The Pee Wees were defeated 3-1 in their first game at Quebec City. Several exhibitions were also planned for last week and "Rollie" will certainly pass on this information for our readers.

Parents - greatest cause of juvenile delinquency

(Continued from last week)

Although an enormous amount of money is spent on color television, etc. to provide pleasure and entertainment for our kids, which is undoubtedly, quite necessary, I would venture to say, that very little time and money (time being the most important) is spent educating them to distinguish between fiction and reality. Sad to say, they must learn the hard way - by experience.

Only a very small number of 349 of the 18,352 cases of delinquency occurring in 1968 were reported by parents or relatives, which depicts the little interest and concern of the parents for their children plus a lack of knowledge of their children's whereabouts. A striking number of 16,481 cases were reported either by a police or a probation officer.

One of the most apparent reasons for the reluctance of parents to properly instruct their children centres around the new ideas and new beliefs of religion. Dissipation of the Biblical account of creation and a firmer belief in the theory of evolution has caused most parents to neglect entirely the religious dealings with their children.

Whether Adam was the first created man or whether we evolved from seaweed and apes offers no logical reason for entire neglect of the spiritual side of our society. Among all the doctrines of our churches and religious organizations we should be able to find, at least, one satisfying set of rules for correct living. Parents are required to shoulder a greater responsibility of wisely and honestly instructing their children.

Parents have a great influence on their children. We might say that their attitude towards life, their

law-abiding or law-breaking habits will be reflected by their children in later years. What are some of the seemingly harmless habits that result in terrifying unforgettable tragedies for kids?

There are, undoubtedly, thousands of young adults in our penitentiaries today who, if questioned on the greatest cause of their being there, would probably reply, 'I learned drinking from Dad and my lack of will power led me to become an alcoholic which resulted in numerous breaches of the law.' Others might say, 'my parents disregarded the law, their habits of occasionally taking what belonged to others greatly influenced me to become a thief.' Again we may hear, 'my dad told me of how he drank robbed and committed minor misdeeds but always kept distant of the law. My mind was immature at the time and these things stuck with me, unfortunately resulting in similar occurrences for me, but more often and more serious.' These and innumerable others are things which should dumfound us and cause us to ponder, 'what am I doing that will eventually send my children to a penitentiary?'

Nothing grows to be entirely satisfying without a certain amount of care, not even children. Our farms would soon be a bare, desolate waste if we forgot the important function of weed and other plant-enemy prevention. If forgotten, our plants would experience difficulty maturing into a fullgrown and valuable vegetable and the same applies to our children. We need to educate them in the correct ways of living if they are to mature to adults that will be valuable, not detrimental to our society. Some of us foolishly believe that our kids will make the best individuals while we allow ourselves to sit idly by and fiddle our

thumbs, refusing to be alerted by the enormous amount of delinquency existing today.

We as parents must and should strive to faithfully follow a continuous plan with strictly set rules, which will cause our children to adhere to at least, the minimum requirements of society.

The sad thing about the problem is that, since many of the chores that children formerly could do in the home have disappeared, due to new inventions, we find most kids today with very little responsibility to accept in the home. Because of this, they wander into mischief, which result in trouble, not only temporarily (so bad as that can be) but will unadvertingly result in a future society and generation that will be unable to accept the political, religious, social, educational and other responsibilities of our society and civilization.

The high increase of immoral conduct due to a nation-wide outburst of sex publication, presents a real cause of delinquency. Accident-born children, in many cases, are unwanted children, sad to say, who live through childhood with babysitters, maturing into teenagers left to draw their own conclusions of life, which in most cases are those of the acting side of the television and movie star. Innumerable kids are left to wander aimlessly in the streets, meeting kids of similar circumstances, who conjure up such things as theft, rape, arson and other serious things caused by juvenile delinquents. Things done for amusement and popularity often cause great hardship for these never-instructed-otherwise kids.

With changes being quickly made in every other phase of life, parents should eagerly strive to make this a delinquent free period of human history.

CANADIAN SALES OF CARS, TRUCKS MAY RISE 19 PER CENT:

Total car and truck sales in Canada this year should reach 914,000, a 19 per cent increase from the 769,000 units sold in 1970, according to Roland S. Withers, president of

General Motors of Canada Ltd. In the United States the industry in 1971 is expected to sell between 9.5 million and 10 million passenger cars and about two million trucks, which would be an industry record, Mr. Withers said. Foreign car sales in the United States, with competition from new North American small cars such as GM's Vega, are expected to drop to 11 per cent of the industry's total, he said. World wide

GM capital expenditures in 1971 are expected to be about \$1.1 billion, about the same as in 1970. "These funds have not yet been finally allocated but unquestionably, as in the past, a significant portion will go toward assuring that GM manufacturing and assembly facilities in Canada will incorporate the finest available equipment," he said.

WINTER CARNIVAL: The (5) Princesses have been selected and their pictures will appear in our next issue. A panel of five judges has also been appointed. Toques and Bon Homme lapel attachments have been ordered and should be arriving in a day or two. These attractive mementos which will sell for a total of \$2.50 permit wearers to visit all clubs in the area participating in the Annual Winter Carnival 1971, without having to pay cover charge for special events. Understand C.B.C.-T.V., St. John's, will have a large crew visiting the area to do a color T.V. segment of the Carnival. The Carnival Committee Parade Marshall, Gordie McIntyre, requests all companies or organizations who intend to enter a float in the parade to signify their intention within the next few days. Haven't noticed very much in the way of preparations for Ice Sculptures as yet. How about getting things underway, residents and organizations. It's a good way to start the real Carnival spirit! Don't forget, this year there are (3) cash prizes.

JANUARY WEATHER: The following are the unofficial statistics for last month. Highest temperature 27 above on January 27. on January 27. Lowest temperature 42 below on January 13. Average temperature, approximately, minus 6. The snowfall for the month was only 17.5 inches. It is interesting to note that the total snowfall September '70 to January '71 totalled but 73.0 inches as against an average for this period of about 125.0 inches.

HEAVY TRUCK OPERATIONS: We have commented several times in the past concerning the operating of 15 - 25 ton diesel trucks within the town limits of Labrador City, especially as to their lack of driving care. Today our complaint is the parking, with engines running, of such a vehicle between two apartment buildings on Avalon Drive, at midnight, on Thursday night past. What utter disregard for common decency by the driver, leaving this noisy truck spewing forth its nauseating fumes when adults and kiddies are trying to sleep. It is our contention these vehicles should not be permitted within town limits; however, if this is not possible, at least some control of their operations, such as designated parking areas (motors off) should be instituted. Actions such as the incident above are intolerable in a civilized society.

Tickets for the Lobster Dinner, at \$25.00 double, may be obtained by phoning the following numbers: 944-2288, 944-2957 or 282-6960, 282-3053. Those attending this affair are asked to note that the O'Brien Hall will open at 9:00 p.m.

LABRADOR WEST N.T.A. SPEAKS OUT

The teachers in Wabush and Labrador City are in complete sympathy with their colleagues elsewhere in the Province of Newfoundland and Labrador in their present salary dispute with the Government. In the recent vote on the Government's latest salary offer, the local teachers voted by a wide majority to reject the offer and, further, pledged financial support to any teachers who withdrew their services in support of salary demands. Telegrams have been sent to those presently withdrawing their services expressing the moral support of Labrador West Teachers. More tangible support in the form of financial contributions has also been sent.

Local teachers are fully aware that any settlements concluded between the teachers of the rest of Newfoundland and Labrador and the Government may or may not have a bearing on future salary scales at the local level.

Mr. C. Knoke left, of Canadian Bechtel, presenting the "A" Event Curling Trophy to skip D. Christian and his team of K. Christian, P. Fitzgerald and D. Tobin, winners of the annual Nascopie Invitational Bonspeil.

DARTS

The Ladies Dart League, of The Royal Canadian Legion, Branch 47, Labrador City sponsored an invitational tournament on Jan. 25 at the Legion Hall. Two teams each from the O'Brien Hall Ladies League, the Wabush Legion, and Labrador City Legion Ladies League were represented. Play was divided into two divisions, an "A" team and a "B" team from the leagues participating.

Play got under at 7 o'clock with both divisions playing a round robin, total point series. In the "A" series the Labrador City Legion Ladies came from behind, winning their last five games to overtake the Wabush Ladies and emerge victorious with Vida Connors studding double 8 to wrap it up.

In the "B" series an unusually close contest ended in a deadlock with all three teams tied, at the evenings end. Forcing a further playoff at the Legion Branch 47 on Feb. 8. The play on Feb. 8 proved just as closed as before, but the O'Brien Hall Ladies put on the pressure and overcame their opponents winning by one point with Marg Molloy throwing the winning dart nailing double 8.

Members of the "A" series winning team were Vida Connors, Gertrude Peck, Ethel King, Eliza King, Pat Matienzo and Addie White.

Winners of the "B" series were Shirley Whalen, Isabel Bruce, Marg Molloy, Marion Gear, Mary Pike and Eileen Walsh.

Trophies were presented to the winners of each division and refreshments were served by the ladies.

The calibre of play was extremely good and perhaps the men could take some pointers from their

ladyfriends.

A good time was had by all participants. The Ladies are looking forward to future tournaments.

The Ladies Dart League of Branch 47 Lab. City recently held their draw on the money doll. The Draw took place at the Branch 47 Legion Hall during the annual valentines dance, the winning ticket was drawn by Mrs. Dave McLean and the winner was Lucky Graham Dennis, a SPARKY working for I.O.C. Graham and his wife were delighted with the win and congratulations go to them.

The draw was very successful and the women of Legion Branch 47 Dart League wish to extend a hearty thank you to all their supporters.

There are plans for another draw in the near future.

BOWLING

Results of the French Ladies Bowling League of Wabush for the week ending February 14th 1971.

Teams	Captains	Standing

STATUTORY NOTICE

In the matter of the Estate of Edward Lester Walsh, late of Labrador City, in the Province of Newfoundland, Storekeeper, deceased.

All persons claiming to be creditors of or who have any claims or demands upon or

affecting the Estate of Edward Lester Walsh, late of Labrador City aforesaid, Storekeeper, deceased, are hereby requested to send particulars thereof in writing, duly attested, to Arthur F. Miller, P.O. Box 1299, Labrador City, Newfoundland, Solicitor for Julia Walsh, the Administratrix of the Estate of Edward Lester Walsh, on or before the 15th day of April, A.D. 1971, after which date the

Administratrix will proceed to distribute the said Estate having regard only to the claims of which it then shall have had notice.

DATED at Labrador City this 11th day of January, A.D., 1971.

ARTHUR F. MILLER
Solicitor for Julia Walsh, the Administratrix of the Estate of Edward Lester Walsh.

"Hey — Wait a Minute"

THE CO-OP FLOPEROO: With the advent of the latest successful move to operate a Co-operative to serve the Labrador City-Wabush area, a question which is being asked is, "What has happened to the funds raised two years ago, said funds haing been collected with a view to starting a co-operative?"

How much was collected?

How much is left?

Who has the money?

Has the money been handed over to the new co-operative group? If so, have the people who contributed been notified? Is there any intention to give the money back; that is if any money is available for return?

Why has there not been a public statement from the executive: at least from one of them. Surely they haven't all left the area? Which bank is holding the money?

Perhaps the applicable bank manager could throw some light on the whereabouts of the funds!

It is not the intention of this column to question the integrity of the executive. Had they not been respected members of the community they would not have been elected to office.

Come now, gentlemen; clear the air by telling the people what they want to know.

ED NOTE: The views express in this column are not necessarily those of the publisher. We have given the writer free reign to express his personal opinions. Our only stipulation, that material printed in this column, will not be of a derogatory or libelous nature.
