## Atlantic Manpower Centres expand services

Expansion. That's the key word in describing the operations of Canada Manpower Centres throughout the Atlantic provinces during the 1970-71 year.

The expansion is best noticed in the increased service to the people of this region says William C. Stewart, Director General, Manpower and Immigration, Atlantic.

"The increases were recorded in almost every phase of our operation, including skill training, registrations and placements, and mobility grants," he said.

"The increases indicate more people are recognizing the importance of improving their occupational skills in an effort to keep up with today's fast-changing work world."

"Our programs and services offer people the opportunity to find suitable employment, as well as finding suitable workers for the many employers who continually liaise with our Canada Manpower Centres," he said.

In the Atlantic Region there are 53 CMCs, nine CMCs on university campuses, and five offices serving students at trades and technical schools.

Over 56,500 people took advantage of training offered under the Canada Manpower Training

Program (CMTTP) during the 1970-71 fiscal year. This was an increase of some 13,000 over the previous year.

In 1967-68, the first year of operation for the CMTTP, slightly more than 15,000 individuals received training.

The cost of courses and living allowances last year was over \$45.6 million as compared with \$37.8 million the year before. Spending for the CMTTP in 1967-68 reached the \$12.2 million level.

Mr. Stewart emphasized that "Manpower and Immigration does not train people - it is a provincial responsibility."

"We pay the cost of instructors' salaries, rental of training facilities, and required training aids and materials. In return, provincial adult educational authorities are responsible for providing qualified instructors, training curricula, location, and schedules."

When training is not available through provincial educational resources, the Department can purchase training from private schools or industry.

Last year training payments (provincial, private, and industry) totaled in excess of \$20 million. The previous year these payments amounted to \$16 million. Only \$6 million was

required to meet training costs in 1967-68.

To qualify for training under the CMTTP an individual must be at least one year beyond provincial school leaving age and must not have attended school regularly during the past year.

Another feature of the CMTTP is the payment of living allowances to qualified trainees for time spent training.

"In 1970-71 living allowances amounted to more than \$24.7 million as compared with \$21.7 million in 1969-70. During our first year of operation these payments totaled \$6.2 million."

"This program is not an extension of welfare benefits," Mr. Stewart emphasized. He said people are only placed in training after a close examination of the individual's employment record, aptitude and abilities and a need for further training is determined.

Training allowances ranging from \$40 to \$92 per week may be paid to trainees who have been members of the labour force for three years or have dependents. Payments are based on the number of dependents.

Federal participation in apprenticeship training also showed an increase in 1970-71 with 9,334 million. In the previous year 9,126

apprentices received training at a cost of \$2.8 million.

An increase was also recorded in the number of people taking advantage of grants under the Canada Manpower Mobility Program in 1970-71. Last year 12,646 people received grants totaling some \$1,359,041 as compared with 10,282 people and \$984,165 the year before.

Mobility grants are provided to qualified trainees who must travel to a training institution when required training is not available locally and to people wishing to explore positive job opportunities in other areas. It is also available to assist workers and their families in relocating when employment is found elsewhere.

"This program is based on the idea of an effectively mobile national labour force," he said. "It is much better to have a worker gainfully employed in an area where his skill is in demand, than to have him face possible welfare and related assistance in his own community where he would be a burden on others." Registrations and placements

at Canada Manpower Centres showed a marked increase between January and December, 1970. A total of 332,137 were registered with CMCs throughout the region as compared with 202,206 in 1969. Placements rose to 71,782 in 1970 from 66,810 the year before.

In Newfoundland the Atlantic Region's only mobile CMC expanded its service to all parts of the province in 1970-71 from a limited schedule the year before.

Operating out of the St. John's CMC, the vehicle travelled thousands of miles visiting 115 various communities found on Newfoundland's many backroads. In some 200 days of operation this unit provided a complete counselling and placement service to 1,787 individuals.

Mr. Stewart was most satisfied with the cooperation and assistance extended to his Department from the various provincial governments.

"It is this type of teamwork that does a great deal in helping us serve the people of the provinces."

## Store transfer announced

On Monday, June 14, 1971, Mr. C.E. Drury of Montreal, Assistant Manager, Hudson's Bay Company, announced officially that they will acquire Bowring's Department store business in Labrador City. The date of the transfer of the operation will be July 7, 1971. In a concurrent release, Bowring Brothers Limited stated the store will be operated by Bowrings until the close of business Saturday, July 3. Inventories will be taken on July 5 and 6 and it will reopen as Hudson's Bay Company on July 7. Copies of both press releases and additional details will appear in our next edition.

## On the local scene

**CHANGE IN SCHEDULE:** The new E.P.A. schedule effective 28 June 1971 is as follows: Monday-Wednesday-Friday-Saturday. Departing St. John's, 8:30 a.m. and 12:10 p.m. to arrive Wabush 11:40 a.m. and 2:50 p.m. Departing Wabush at 12:10 p.m. and 7:10 p.m. to arrive St. John's 5:00 p.m. and 11:15 p.m.

**Tuesday & Thursday.** Depart St. John's 8:30 a.m. arriving Wabush 11:50 a.m. Depart Wabush 4:15 p.m. arriving St. John's 9:10 p.m. This schedule will be in effect to 12 September 1971.

**TROUBLE IN THE MAKING:** We've noticed two very dangerous practices becoming more prevalent these past couple of weeks.

1. Large trucks overloaded with fill, speeding about Labrador City at rates of speed, which are to say the least, above the safety level. Only last week near Hancock Tire a local driver had two windows smashed by stones flying from an overloaded, speeding truck. Aurora learned from Magistrate Rowe that fines for exceeding the speed limit could range up to \$125.00 possibly a few such convictions could slow down these threats to lives and property, to an acceptable rate of speed.

Low flying light planes and helicopters. Just a few days ago we noticed a "chopper" land opposite Sir Wilfred Grenfell Hotel and the backlash from the rotors knock a young lad from his bicycle. Late at night and early morning, it has become almost routine to be awakened by these low flying craft. We agree that the Mount Wright project requires air support but we do think a closer check by M.O.T. is definitely necessary before a serious accident occurs.

**WALK-OUT:** Involved in the recent "wild-cat" by employees of Q.N.S. & L. were members of the International Brotherhood of Maintenance of Way Employees, the International Association of Machinists and the United Steelworkers of America. Antoine Cote, President of the maintenance employees local, said the members were protesting against changes that caused 60 men to be laid off.

**CENSUS:** Seems as if Labrador City-Wabush may have the most complete census in Canada. Understand work is progressing well and late last week over 60 per cent of local residents had been "counted in". So it looks like the census will be close to 100 per cent by the target date of 18 June.

**MUNICIPAL NEWS, L.C.:** Several times of late vandals have overturned all the garbage cans in the Playground and several of the containers were damaged. If these actions continue the town will have no other recourse than to close the playground at night.

The new Water Jet, Sewer Cleaning Machine, has been received, is in operation, and is proving quite successful.

New laterals are being installed on Vanier and Lakeside and this may cause residents of these areas some inconvenience over the next couple of weeks.

The town has been advised that Dentist, Dr. Kira Obrazcova will be leaving the area within the near future. Local Improvement District officials will attempt to secure a replacement.

New bus signs have been erected and I.O.C. employees advised that pickups only from areas designated will be made. This policy became effective on Monday 14 June.

A meeting to discuss formation of a local Emergency Measures Organization is scheduled for tonight. Major Owens from St. John's will meet with representatives of both town, including police, fire and safety officials.

**MUNICIPAL NEWS, WABUSH:** Residents are reminded their Stadium Questionnaire should be returned by today, Wednesday 16 June. Further details on the project will be released shortly.

**FAREWELL:** Bon Voyage to the many teachers leaving Labrador City-Wabush during the next few days. It has probably been the most trying and difficult year to date. However many problems were settled and to those returning next year it looks like a bright ten months ahead. To those who will attend college or teach elsewhere in September, Aurora wishes you success in the future.

**WEATHER:** "The official weather report for May 1971 as recorded by the Wabush Aeradio Station, Ministry of Transport, Wabush Lake. The high temperature for the month was 69.3 on May 30 and the low temperature 22.0 on May 2, 1971. We had 11.8 inches of snow and 2.21 inches of rain during the month. Our Total snowfall for the year is 159.2 inches. On June 1 we will have sunrise at 4:59 a.m. ADT and sunset at 9:27 p.m. ADT and on June 30 sunrise will be at 4:47 a.m. ADT and sunset 9:39 p.m. ADT."

Miss L. Breau, conducting several of the School Choir winners of the recent J.R. Smallwood Collegiate Music Festival.

## Editorially Speaking

**TWELVE MONTHS HAVE PASSED:** With the Aurora issue of 17 June 1970 we assumed editorship of this weekly paper. And with this edition we have completed 52 weeks as editor. We've had our share of "Ups and downs" during the past year. On assuming control of Aurora we changed the format considerably; probably the most important move being to ensure an editorial in every issue.

After a comparatively slow two months last summer, we looked forward to a brighter post-holiday period. However a few days after purchasing Aurora, we were jolted, when C.B.C. Happy Valley commenced accepting commercial advertising from this area. And while we complained about this subsidized competition, it has continued; but we have also managed to live with it.

We wish to thank the local advertisers who have supported us over the past year; especially those who contributed to making our Christmas and Carnival editions such a success.

Since November past we have been experiencing a great amount of difficulty with delivery of Aurora. With the coming improved weather it was hoped this problem was behind us, but unfortunately not; for only last week we had a weather delay.

One of the brighter spots this writer experienced was the large number of "Letter to the Editor" received. A prominent publisher once said that this was possibly the best way to judge reader interest. Our thanks to all who have written and we urge local residents to express their opinions through our columns.

As is usual in an area such as ours, activities slow down considerably during summer months, with large numbers of residents vacationing. On Monday next we intend to start work on an information book-brochure on Labrador City-Wabush which will be known as "Canada's Iron Ore Capital."

This book will contain the first complete history of our area. Both mining companies have already expressed interest and Aurora will be calling on all local business establishments within the next couple of weeks to ascertain their feelings on this book. If results are favorable we will then request all local clubs and organizations to submit articles. The book which should contain 120 pages will in addition to a historical review, contain pictures and text of mining and commercial operations. Activities of all churches, schools, sports, etc. will also be covered. It is hoped to have "Canada's Iron Ore Capital" available late August or early September.

**POLITICAL announcements:** We were recently approached by a local political association, re. submission of a weekly news-letter. Now with a Provincial General Election only weeks away we have decided that while this Publisher's political feelings are well known, it would only be proper, as a community paper to give equal space to recognized political groups. Accordingly, as of our next issue, we will accept, weekly, articles (not more than 500 words) from the Liberal, P.C., New Labrador, Parties. Also from the N.D.P. should they form a local association. These will be printed on a space-available, no charge, basis. Official pictures, slogans, plat-forms, etc. will be considered as spot advertising and charged at that rate.

## Here and There

**BURNING WISH:** When Irene Reed decided to leave her home in Sacramento, California, to return to Portugal, she poured gasoline on her 11-room boarding house and set it on fire. "She said she didn't want anything left," said a probation officer after Mrs. Reed, a 33-year-old widow, pleaded guilty to arson. He added she did not know it was a crime to burn her own property.

**SALARY HIKE APPROVED:** The Commons recently approved a raise for themselves, retroactive to Oct. 1970. New rates will be as follows: M.P.'s to \$18,000, from \$12,000 and increase their tax-free expense allowance to \$8,000 from \$6,000. The total income of senators will be boosted to \$22,000 from \$15,000, with their tax-free allowances rising to \$4,000 from the present \$3,000 and salaries to \$18,000 from \$12,000.

**IT DOESN'T PAY TO GET MARRIED:** It's cheaper to live in sin than to get married, the Ontario Federation of Home and School Associations was told recently. The Chairman Laura Sabia said: "If you really want tax concessions, live common-law. You can deduct \$1,000 for a wife but you can deduct more as a housekeeper's wages if you live common-law." She continued: "A wife is not much of an attraction. Our legislation mitigates against marriages and enhances living in sin."

**UP IN SMOKE:** Smoking among women in growing at an alarming rate in France. In 1964, only 17 per cent of Frenchwomen smoked at all, and only 6 per cent regularly. Now 34 per cent admit they use tobacco regularly. But the women still have far to go to catch up to the opposite sex - 92 per cent of Frenchmen smoke.

**NFLD. STUDENTS GET LOANS OVER \$4 MILLION:** A total of 5,528 Newfoundland students have been assisted under the Canada Student loan act in the period 1 July 1970 to 31 March 1971. Finance Minister E.J. Benson has reported that a total of \$4,353,241 was authorized in loans for the Newfoundland students. The plan calls for government guaranteed loans to students who need

assistance to continue full time studies beyond the secondary school level.

**JAPANESE VEHICLES:** Exports of Japanese vehicles in April past totalled 135,150 units, up 83.3 per cent from April '70. Autos accounted for 96,812 units, up 104.5 percent, while trucks at 13,656 units rose 45.1 per cent and buses were up 66.7 per cent. April's export total was lower than the record 139,933 units, shipped abroad in March.

**KNIGHT OF COLUMBUS:** Fintan J. Aylward has been re-elected State Deputy of the Newfoundland and Labrador State Council of the Knight's of Columbus. The election was held at the close of the 53rd Annual Convention in Corner Brook recently.

Others elected were J.F. Byrd of Grand Falls as State Treasurer; John Murphy of Labrador City as State Secretary; Frank Flynn of Bay Roberts as State Warden; and Harvey MacDonald of Corner Brook as State Advocate. Rt. Rev. Msgr. E.J. O'Brien was re-appointed as State Chaplain. State Deputy Aylward and Past State Deputy T.W. Maloney will be attending the Supreme Convention to be held in New York in August. Next year's convention will be held at Labrador City hosted by Rev. Dr. Whalen Council.

**R.C. ARCHBISHOP TO MOVE:** Most Rev. J.A. Plourde, Roman Catholic archbishop of Ottawa, said recently he will move from his 125-year-old residence to a church annex as a concession to opposition within the church to large amounts of money earmarked for a new residence in Ottawa. He had learned people want the church to have a less-rich image, he told a news conference.

There was some strong criticism last year when the diocese purchased a new \$130,000 residence for the archbishop. The residence was resold. The matter was turned over to a committee which said renovations costs for the present residence would range from \$400,000 to \$500,000. Unless someone is interested in the present building as a historic site, it will be demolished the archbishop said.

**RINGS THE CHANGES:** Sylvie Schutz, Antwerp, Belgium's Most Efficient Secretary, has bought an alarm clock for her desk. "I set it so I won't sleep through the coffee break", she quipped. Her boss reports she sometimes forgets to go to lunch, too, because "she concentrates on business the way most women concentrate on clothing."

**NEW CAR SALES UP:** New motor vehicle sales in Canada increased 24.7 per cent from a year earlier to 97,302 units, the Dominion Bureau of Statistics reports. March sales totalled 83,080 units. Sales in the first four months totalled 276,876 vehicles, 10.6 per cent above the year earlier period, reflecting the slow start in 1971, D.B.S. says.

North American-made cars sales rose by 20.6 per cent from a year earlier to 61,543. Overseas-made cars increased their market share in April to 24.3 per cent from 20.9 percent a year ago. Sales in April totalled 19,732 up 46.5 per cent.

**U. Buying More:** All the big four U.S. auto makers report increased sales for May, compared with a year earlier. American Motors Corp. of Detroit reports sales were 24,096, compared with 24,003 in May last year; Chrysler Corp. up to 115,849, from 114,927; Ford Motor Co sold 185,290, up slightly from 183,475 last year; while General Motors posted a substantial gain 425,671 vs 375,844. Volkswagen car sales in the United States were 49,170, compared with 52,444 last year. Mercedes-Benz of North America dealers reported sales of 3,132, up 32 per cent from last year.

**VOCATIONAL SCHOOL FOR HAPPY VALLEY:** Capt. Earl Winsor, minister of Labrador Affairs, announced recently the calling of tenders for construction of a vocational school in the Melville area. Closing date for submissions is 23 June and work should start early in July. Total cost is expected to run between 3-4 million. Winsor said no tentative date has been set for completion but it is expected to be ready for classes within a year. He said it will compare in size with other district vocational in the Province.

## The Lighter Side

**NO HOUSING PROBLEMS:** The exclusive Boston socialite, while interning in New York, fell in love with a showgirl and married her. It was with great trepidation that he presented her to his very snobbish mother. Mama swallowed hard and tried to "I suppose you'll be coming to Boston to live," she said to the showgirl. "After all, it's difficult to find a place to live in New York!"

"Oh we won't have any trouble," the gal assured her. "We're going to keep that cute apartment we've had all year!"

**ADAM & EVE:** Women are notoriously jealous creature, and it has been that way ever since the beginning of time. To illustrate this point, it seems that, back in the days of the Garden of Eden, Adam told his wife Eve that he was going out for a stroll, and he would only be gone for a short time. But Adam had a habit of dallying, and it was long after half-past Genesis when he finally returned. Naturally, Eve gave him both barrels!

**WHERE had Adam been? WHY had he stayed out so late? And with WHOM?** Adam tried to soothe her. "Aren't you being a little ridiculous?" he asked his spouse. "You know perfectly well that we two are the only people alive in this Garden of Eden. How could I possibly have done anything wrong?"

With that he lay down and went to sleep. But Eve refused to be put off so easily. And so, as Adam lay sleeping Eve began counting his ribs!

**BE MORE DISTINCT:** The doctor shook his head. "I'm afraid," he told the woman, "I can't cure your husband of talking in his sleep."

"I don't want you to cure him," she replied. "Just make him talk more distinctly!"

**WHERE'S THE TEACHER:** While visiting a country school, the inspector of the board of education became angry at the noise the students were making. He opened the door and grabbed a taller boy, who was making most of the noise and put him in a corner and told him to be quiet. A few minutes later a small boy stuck his head in the door and said, "Please may we have our teacher back".

**SOMETHING USEFUL FOR THE HOUSE:** "Where were you?" she asked when her husband came stumbling through the door at three in the morning.

"You're going to be very happy when you hear what I did tonight. Tonight I bought something for the house."

"And what did you buy, dear?" she asked, beginning to feel sorry she had yelled at him.

"Well, dear, I bought two drinks for everybody in the house."

**THE CAT & THE SAUCER:** In front of a Montreal delicatessen, a well known art connoisseur noticed a mangy little kitten, lapping up milk from a saucer. The saucer, he realized with a start, was a rare and precious piece of pottery.

He sauntered into the store and offered two dollars for the cat. "It's not for sale," said the proprietor; "Look," said the collector, "that cat is dirty and undesirable, but I'm eccentric. I like cats that way I'll raise my offer to five dollars." "It's a deal," said the proprietor, and pocketed the five-spot. "For that sum I'm sure you won't mind throwin in the saucer," said the connoisseur. "The kitten seems so happy drinking from it." "Nothing doing," said the proprietor firmly. "That's my lucky saucer, from it I've sold 34 cats this week.

**11-YEAR-OLDS GIVEN ABORTIONS IN BRITAIN:** Two 11-year-old girls and one 12 had abortions in England and Wales in 1969, the first full year of Britain's new abortion law, a Government report said recently. The registrar-General's supplement on abortion reported that among the teen-aged girls aborted were two of 14 who already had one living child each; four of 16, three of them unmarried with two living children; a girl of 17, already the mother of four, and one of 20, the mother of six living children.

Girls under the age of 16 legally aborted in England and Wales during 1969 totalled 1,213.

## On The Labour Front

**STEELWORKERS' CONFERENCE:** Progress made on strike fund. The mood at the United Steelworkers of America policy conference last month was more introspective than usual. With the major industry bargaining in Canada still a year away, the 155,000-member organization spent most of its meeting with largely housekeeping matters, none of which provoked much controversy among delegates. Probably the most significant development was the union's report that real progress is being made toward developing a Canadian strike fund. That would be used to supplement funds that come to the U.S.W.A.'s U.S. offices. In the past, the steelworkers have financed strikes from a general welfare fund. There is now \$32 million available for strike purposes. But this has to serve both the Canadian and U.S. memberships and much of this could be spent this summer if the U.S. union strikes or the steel companies next month.

Contract negotiations start in this country next spring when agreements with the iron ore and nickel mining industries and basic steel producers such as the Steel Co. of Canada Ltd. and Algoma Steel Corp. Ltd. expire.

Much of the rest of the conference was spent dealing with political issues. The union was critical of federal fiscal policies and stepped up its attack on pollution in mining areas. It also restated its opposition to wage controls without effective measures to hold down prices.

**PLUMBERS MAKE \$8.00 AN HOUR:** Metropolitan Toronto plumbing contractors recently agreed to raise union plumbers' wages from \$6.21 to \$8.00 per hour and to \$9.00 an hour 1 May 1972. The rates are part of a new working contract, ratified by the union. The \$8.00 rate will give plumbers \$300.00 a week for a 37.5-hour week.

### RECORD PAYOUT:

With an average 692,000 beneficiaries collecting unemployment insurance each week, in February past, the fund paid out \$100.9 million, excluding the supplementary payments initiated 1 Jan. this year. In February last year, an average of 549,000 persons a week collected a total of \$77.6 million. For the 12 months ending 28 Feb. 1971, the fund had paid benefits of \$727.7 million, up almost 40 per cent from the previous 12 month period. Balance in the fund had dropped under \$400 million, which was 20 per cent lower than a year ago.

### FEARS BLAMED FOR LAG IN UNIONIZATION:

High unemployment is an inhibiting factor in union organizing activities because employees feel insecure and fearful of losing their jobs, Larry Sefton, District 6 director of the United Steelworkers of America, said in a recent report on the state of the union.

Sefton noted that District 6, which extends from Ontario to British Columbia, organized 49 plants with 1,977 employees in the year ending 31 Mar. 1971. But at the same time, 37 operations closed with a loss of 1,735 jobs. A number of other plants and mine closings were pending when the annual survey was conducted.

District 6, which had 126,165 members in February past, had 11,128 unemployed in its ranks. The union has about 155,000 members in Canada. Mr. Sefton said the union has had to "run to stand still" in the organizing field to offset membership losses resulting from plant closing. He continued, "there is no area in District 6 in which the union is active that was untouched by the Trudeau Government's policies of depressing the economy to combat inflation." He noted that

organized labor is still under attack from the same sources that battled unions 100 years ago.

The decade of the Seventies opened with a big smear campaign against organized labor by Government and employers, he said.

Prime Minister Pierre Trudeau has attempted to yoke labor with responsibility for economic problems his Just Society failed to resolve. "If hatred of unions could be measured by a hostility index, I venture to say the heart of their (the Prime Minister's and employers') provocative rhetoric would have shot the anti-labor index to a new high." Mr. Sefton said there is a rationale to an anti-union campaign: "Employers are concerned with product and profit, unions are concerned with people. These aims are divergent and can't be reconciled."

He was bitter in his attack against Prime Minister Trudeau. He said the Prime Minister had berated organized labor for not being concerned with the plight of the unorganized and the poor. He said the labor movement is firmly committed to organizing the disorganized, but the Prime Minister has discarded his former liberalism and is bent on opposing unions.

### CARPENTERS WIN SEVENTY CENT RAISE:

Windsor, Ont. area carpenters, members of Local 494, United Brotherhood of Carpenters and Joiners of America, have ratified a new collective agreement with the Windsor Construction Association and the Greater Windsor Home Builders Association.

The new contract provides wage increases of 70 cents an hour over two years. Currently carpenters receive \$5.65 an hour; resillient floor and carpet layers receive \$5.15 an hour.

## Lieutenant Governor attended official opening

### SCHOOL OPENING SPEECH

Speech delivered by Mr. D.W. Spraklin, (3rd from left, front) following the official opening of A.P. Low school by Hon. E. John A. Harnum, Lieut. Governor of Nfld.

Mr. Chairman, Your Honour the Lieutenant Governor, Distinguished Guests, Ladies and Gentlemen.

When faced with the problem of the selection of an appropriate and indigenous name for our new school, our choice settled on that of Albert Peter Low, Geologist & Explorer. We felt it was most fitting and proper that in an area wholly dependent on the extraction and processing of iron ore that our school serve as a memorial to the man responsible for the discovery of extensive

deposits of iron-bearing sediments in this region of Canada which have proven to be of great economic importance. In fact, the information about this region, both geographical and geological, is so largely the result of the work of this explorer that the names Low and Labrador are almost synonymous.

Albert Peter Low was born in Montreal on May 24th, 1861. He was educated at Montreal High School and McGill University, graduating from the latter in applied Science in 1882 with first class honours. On July 1st of the same year, he was appointed to the staff of the Geological Survey. A. P. Low was a man of great physical strength, energy, and endurance. He spent the years 1893-94 in the field during which time he travelled a distance of 5460 miles, ap-

proximately 3000 miles by canoe, 1000 miles on vessel, 500 miles by dog team and 1000 miles on foot. Coupled with his energy was his interest in all branches of natural history, a great organizing ability, and a faculty for dealing with men and for making friends.

On April 1st, 1906, A. P. Low became Director of the Geological Survey of Canada. Low's term as Director was, for two important reasons, an important one in the Survey's history. First, he gave new direction to Geological Survey work. Heretofore, the emphasis had been on exploratory and reconnaissance mapping. Low realized that if Canada's vast mineral resources were to be developed, more specialized and detailed investigation was needed. Secondly, during his term of office a new government

department, that of Mines, was organized. In 1907 Low became the first Deputy Minister of the new Department of Mines.

A. P. Low was elected a Fellow of The Geological Society of America in 1905 and in 1910 he was second vice-president of the Society. In 1896 he received the Gill memorial prize from the Royal Geographical Society for his Labrador explorations. In 1907, Queens University gave him the honorary degree of Doctor of Laws.

The death of Albert Peter Low at his home in Ottawa on October 9th, reduced by one more the small band of remaining geologists who belonged to that great period of Canadian exploration when the vast spaces that had been added to Canada's frontiers had been explored and mapped.

## Daily Light

by D.R. Parsons

The Lord is my shepherd; I shall not want.

Psalm 23.1.

David knew one thing for sure. There were no "hope so," "think so," or "guess so," conjectures about him. Let his words of assurance inspire you:

"The Lord is my shepherd." David knew well the task of a shepherd: a good shepherd would lead his sheep in and out to find good pasture and safety. His knowledge of the surrounding countryside would cause him to lead them where they should go. He would be well aware of the dangers to his flock from the wild beasts, and would seek to protect them at all times. He would always be on the watch for even one lamb which might have strayed from the path. He would see to it that they were led to shade in times of scorching heat. He would take care of them in a way to afford them the best of everything at all times. Yes, David knew his tasks. He had been a shepherd. He would not have allowed any of his flock to lack any good thing. Would not the great Shepherd so take care of him?

Years later we see another Shepherd on the scene. Hear the claims of this shepherd: "I am the Good Shepherd: the good shepherd giveth his life for the sheep. But he that is an hireling, (hired servant, he who merely serves for wages) and not the shepherd, whose own the sheep are not, seeth the wolf coming, and leaveth the sheep, and fleeth: and the wolf catcheth them, and scattereth the sheep. The hireling fleeth, because he is an hireling, and careth not for the sheep. I am the good shepherd, and know my sheep, and am known of mine." (John 10: 11-14).

Those who are His sheep look to Him daily for guidance to the right pasture, to the right place where He would have us be to escape the dangers which surround us. As we look to Him for our entire needs, sustenance, guidance and protection; a new confidence is born within us. He is faithful. He will never leave us nor forsake us. He who has begun a good work in us will continue. Our faith in the Shepherd has rewarded us by allowing us to experience the realities!

Blessed (happy) is every one that feareth the Lord; that walketh in his ways. Psalm 128:1.

**MODEL REFEREE:** Not one player swore at the referee in the Milan soccer match. The Italian ref said, "It was because all my decisions were right." More likely, it was because the ref. was a woman, and a shapely one. Fashion model Anna Tonello's dream is to become Italy's first full-time woman referee.

## To investigate committee testimony

**DUNVILLE MAYOR CALLS FOR INVESTIGATION:** Transport Minister Don Jamieson has been asked to institute a full investigation into testimony presented to a Parliamentary committee, in late April, by the Chairman of the Argentia Task Force. In calling for the investigation, Mayor W.R. "Bill" Hogan of Dunville charged statements made by Dr. Garnet Page before the Parliamentary committee on regional and economic expansion 28 April "were false and misleading." In a telegram to Mr. Jamieson, Mayor Hogan suggested the committee chairman, John Morison (L.-Halton-Westworth) should be responsible for the investigation. Mayor Hogan's chief concern appears to have come from claims made by Dr. Page that federal programs have brought an additional 211 jobs to the Argentia area. Both Mayor Hogan and the area's federal representative Walter Carter have claimed publicly this figure is much too high. "I contend those programs have provided less than 30 jobs on a short term basis," said Mr. Carter.

Both are also concerned with Dr. Page's assertion that the Argentia area doesn't lend itself to industrial development because it offers none of the necessary inducements to attract industry, such as water, good roads, or sewage disposal. Both say these should be provided and then industry can be invited to the area.

# Scanning the Market

Due to a large amount of local news in our 12 May issue, the April review of our Labrador First Investment Fund, was deleted. Accordingly, we will in this edition, cover the period 1 April - 31, May.

During the two months we made just one sell and one purchase. Late in April on receipt of the annual report of Winnipeg Supply & Fuel Co., we sold our 200 shares at \$6.25 (\$1,250.00). And early in May purchased 500 additional shares of Unican Security at \$2.50 (\$1,250.00). Three weeks after our purchase the stock really started to climb and provided us with our main appreciation, during the period under review. Total Profit for the period was \$1,385.00. Below is our position as of 31 May 1971.

### INVESTMENT INFORMATION

Q. How do I place a buy or sell order?

A. By writing, telephoning or visiting a dealer's office. If you are a new client, the dealer will wish to be assured of your financial responsibility and will probably ask for a bank reference. You may enter a buy or sell order for outstanding stocks or bonds at a specified price or "at the market." Market orders are executed immediately at the best possible price and all orders are presumed to be at the market unless a price is specified. Investment houses consider orders "good until cancelled or executed" unless contrary instructions are given. If the order is completed, the next day you will receive from the dealer a contract note confirming your purchase or sale and showing price and other details of the transaction. Payment in full for purchases or delivery of the securities to the dealer on sales should be completed by the settlement date named in the contract note. On purchases, your bond or stock certificate will be prepared and sent to you by registered mail. You should examine it to see that it is the correct security and denomination and then store it in a safe place - preferably a bank safety deposit box. When selling securities, you must endorse the certificate on the reverse side. Your investment dealer will be able to help you complete this form correctly.

Q. What steps should a new investor take in order to begin a sound investment program?

A. There is no one road to success; many paths may lead to the same goal. As a general rule, however, the following three-step program may be used as a guide:

1. Continue your study of investment principles and practices. This study may include publications or courses offered by the Investment Dealers' Association of Canada. Or it may lie in a continuing study of the business and news pages of daily or weekly newspapers and other periodicals.

2. At the same time, start saving for your future. One safe and painless way to do so is by means of a monthly payroll-deduction plan on a Canada Savings Bond.

3. Accumulate a sufficient sum for practical investment-say between \$1,000.00 and \$1,500.00. Then visit an investment dealer for guidance on how to put these savings to work in the most advantageous way for you.

## Successful year in adult education

Labrador City Collegiate, in conjunction with the Division of Technical and Vocational Education, has just completed its first year of the Adult Upgrading Program.

For several years Labrador City Collegiate has offered an Academic Grade XI program to adults in the community. This program was expanded in September 1970 to include Upgrading. This Upgrading program is very similar to the Adult Education Day Program given at Stephenville. Courses are offered in English, Mathematics and Science to Adults who have had various educational backgrounds.

The Labrador City Collegiate Program was designed so that students could obtain a Grade X Educational Diploma this year and a Grade XI Diploma next year. Students wrote school examinations that were prepared, administered and corrected by the instructors associated with the program. Students obtaining diplomas are eligible for admission to vocational courses in the various vocational schools.

The presentation of diplomas and awards was made by Mr. E.M. Swyer, Principal of Labrador City Collegiate. Mr. Swyer spoke to the students on the history of Adult Education in

Newfoundland in general and upon the evolving of the Upgrading program in particular. Mr. Swyer emphasized the importance of the program and its acceptance by the Vocational Education Division. Also in attendance at the presentation were Mrs. M. Martin, Assistant Principal of Labrador City Collegiate and the three program instructors — Mr. Royden Mills, Mr. Ed. Hunt and Mrs. Sandra Henderson.

The recipients of certificates were Arthur Flynn, William Nicolle, Renee Hutchcroft, Doloris Walsh, Alma Gosse, Kevin Canning, Terry Power, Fred Newhook, Georgina McKay, Wayne McKay, Thomas Bennett, Catherine Pike.

### The Bible Today

Mrs. Sikaneta, Women Work Secretary of the Bible Society in Zambia, was out selling Scriptures with colleagues in a market-place when she saw a legless man sitting in a wheelchair, eating a sparse meal of three dried fish. The ladies decided to offer the man some of their own food which they had in their car, and also asked him if he could read.

"Yes, I can" he said.

"Which of the Gospels do you like most?"

"St. John".

He was offered a Gospel of John in Tumbuka and, to Mrs. Sikaneta's surprise he immediately put down his food with great excitement, took the Gospel and began to read from chapter 1, stopping at verse 4: 'This sickness is not unto death but for the glory of God. . . ' "Ha! This is my favourite chapter," he said; then asked what the ladies were doing in the market-place. When they explained, he remarked with a smile: "Yes, some people do act on what they read. This is the first time I have met people who showed such concern for others."

## Adoptions crusade continues success

May, 1971, enters the records with the second highest total of adoptions finalized in the history of the Department of Social Services and Rehabilitation. The 56 provincial wards who acquired mothers and fathers of their own in that month were only two under the all-time high reached in August of last year.

Social Services Minister Steve Neary attributes the dramatic success of the Children's Crusade of Adoptions program to the improved communication over the past two years between his

Department and the public.

"Between the pulpit and the press—press in the broad sense of radio and television as well as print media—the story of the need of our little provincial wards for parents and homes has been told repeatedly and well, with a good deal of attention also to the joys to be had by those who become adoptive parents."

Mr. Neary also attributed the huge increases in adoptions to improved economic conditions for many of the family units in the province. This is especially exemplified by the number of children who are adopted into families in the prosperous homes of Labrador City, Wabush, Churchill Falls, and Goose Bay area.

As of the end of May the Department of Social Services and Rehabilitation has 368 provincial wards available for adoption, down dramatically from the approximately 600 figure prevalent in pre-Crusade years.

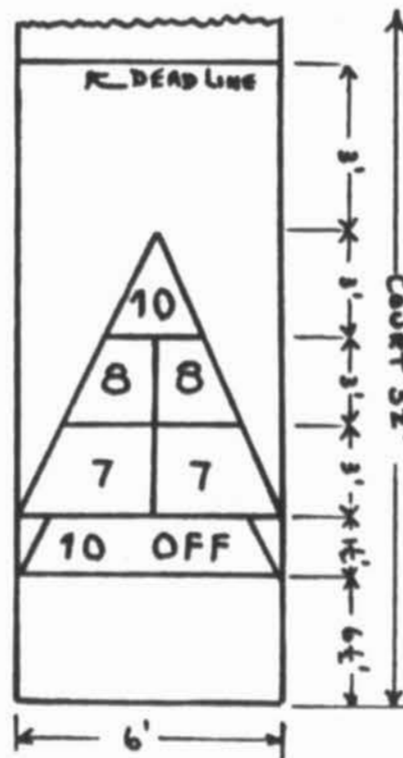

### KEY IDENTIFICATION

You can eliminate the usual fumbling in the dark for the right key for a particular lock and getting it right side up if you'll just file some identifying notches on the top edge. (Gene Von)

### PLANTING GAUGE

By painting some rings on the handle of your garden trowel, you can convert it into a handy depth gauge to insure the correct planting of your bulbs and seeds. By use of a rule, mark off the trowel handle into the required units, then paint brightly-colored rings completely around the handle at the unit marks. These painted marks not only provide your measurements, but also make the trowel much easier to find should you misplace it in your garden.

### SHUFFLEBOARD

It isn't too difficult to lay out your own shuffleboard court, either on a smooth cement or a tile surface. The accompanying illustration will show you the generally approved dimensions of a shuffle-board court. The over-all length, as you can see, is 52 feet. And the width of the lines you paint on the court should be no more than 1-½ inch, nor less than ¾-inch—(Gene Von).

## Solve-a-crime

### You are the detective

By A.C. GORDON

#### You Are The Detective

You are one of the guests on a cruise in millionaire Andrew Cole's yacht which is at present being rocked and tossed violently about in a heavy storm at sea. Suddenly, above the noise of the storm, you hear a gunshot. You hasten out of your cabin into the companionway to find the steward bending over the body of your host, who has evidently been killed instantly by a gunfire at close range, since the shirt around the bullet hole in his chest bears powder marks.

You being immediately checking the whereabouts and activities of all the other passengers, beginning with those who were nearest the scene of the killing. First the steward tells you he had been attending the needs of one of the guests, Paul Judson in his cabin across the companionway when he heard the shot. This you verify with Judson.

The next man you interview is Frank Blum, who brandishes a sheet of stationery in his hand, telling you he was writing a letter to his fiancée when he heard the shot. You look at the small, beautiful, and precise handwriting on the ship's notepaper in Blum's hand, and also the fact that the letter begins, "Dearest Sandra."

The occupant of the cabin adjoining the victim's next demands your attention. He is Daniel Lane, who exhibits extreme nervousness while you question him. He tells you he had several drinks in the cocktail lounge to help calm his nerves during the storm, that he was on his way back to his cabin when he heard the shot. When you ask him about the dark red stain on his right shirt cuff, he hesitantly replies, "I'm not sure . . . it might be wine . . . I spilled some during lunch early today."

Cathy Cummings, a pretty red-haired girl occupying the cabin on the other side of the victim's, next tells you she had been trying to rest on the chaise longue in her cabin. "That is, I was TRYING to," she remarks. "With all that tossing and rolling of this boat, it was all I could do to hold on. Anyway, it was especially shocking to me when I heard the shot and then ran out of my cabin to find that someone had killed poor Mr. Cole. He and I had lunched together only a couple of hours ago . . . he was such a dear . . . I just don't see how anyone could have hated him enough to want to kill him!"

You mull for a few minutes over the stories you have heard thus far, then you turn to one of the persons with whom you have talked and say, "Your story is the only suspicious one I've listened to, and I think you're in for a more intensive interrogation."

Whom do you suspect, and why?

#### SOLUTION

Frank Blum. Your suspicions have been aroused by the letter he claimed to have been writing at the time the shot was fired. It is inconceivable that anyone could have managed "a small, beautiful, and precise handwriting" in a vessel that is being rocked and tossed violently about in a heavy storm at sea.

## Mind Teaser

If Sue's age 6 years hence, divided by her age 6 years ago, is equal to the fraction 11 over 7, what is Sue's present age?

#### ANSWER

27 years old. Add the product of 6 and 11 to that of 6 and 7; divide result by the difference between 11 and 7.

### LOCK WASHERS

If you have no regular lock washers on hand, you can improvise one with an ordinary flat metal washer. Just bend this flat washer slightly across the middle, and when it is drawn up tight, the arc provides tension that will hold the nut in place and prevent it from turning. (Gene Von)

On Sunday evening, June 6, a Concert featuring the 'Stars of the Festival' was presented to a full-house at the J.R. Smallwood Collegiate Auditorium. At that time the H.H. Matthews Trophy was presented to the presentation receiving the highest mark in Festival '71. The winner was the Girls' Choir, Grades 3 and 4.

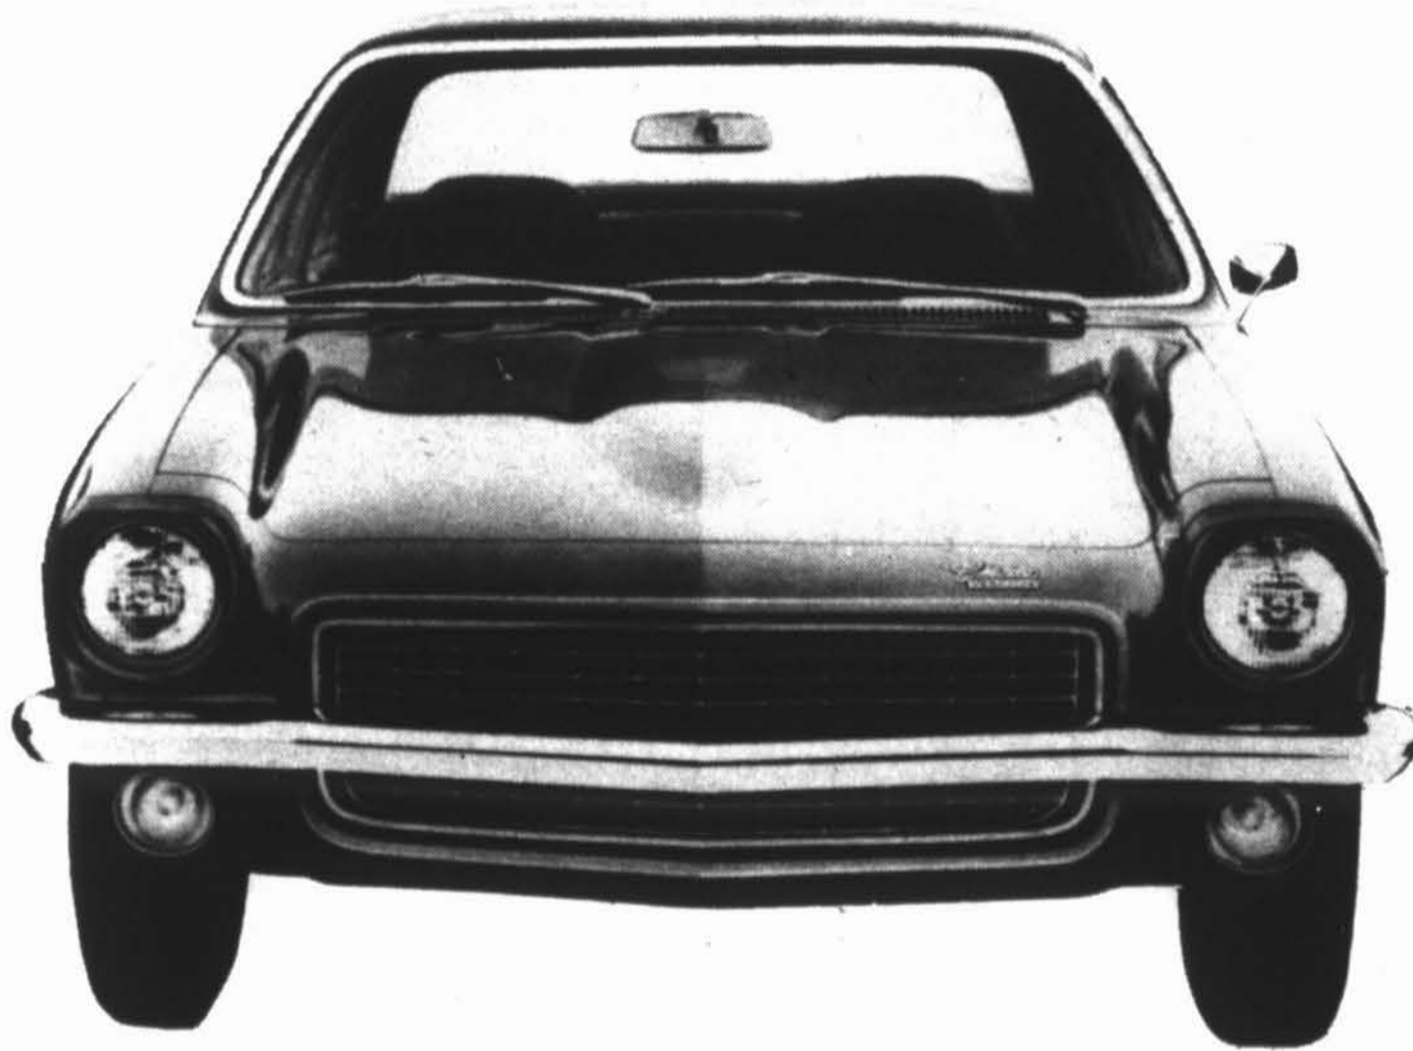

Festival '71's Board of Directors included J.G. Rousseau, President, Mrs. J. Andrews, Mrs. R.C. Baxter, Mrs. W. Bellamy, Miss L. Breau, Mrs. L.V. Hearty, Mrs. D. Honsberger, Mrs. D. MacWilliams, Mrs. P.E. Penney, and Mrs. W.G. Taylor. In addition a number of teachers and parents were generous with their time and energy in helping with the preparation and organization of Festival '71.

The KINSMEN CLUB OF LABRADOR WEST have announced that it will assume future sponsorship of the Music Festival and that it will be known as the LABRADOR WEST KINSMEN MUSIC FESTIVAL. In addition the Kinsmen of Labrador West have announced that they will underwrite all costs involved in Festival '71 so that total proceeds realized this year may be used to finance awards and of or scholarships in the future. (Festival '71 realized \$70.00 from entry fees and \$153.78 from contributions at the door, a total of \$233.78).

Although Festival '71 was confined to J.R. Smallwood Collegiate in Wabush, the Kinsmen Club of Labrador West have expressed the wish that Festival '72 will be open to all schools in the Labrador City-Wabush area.

# Report of Labrador West Humanities Association

Graduation ceremonies and ball of J.R.S. Collegiate, Wabush.

The Labrador West Branch of the Humanities Association came into existence in Oct. 1971. The Initiation of such a branch in this area was first suggested and encouraged by Dr. J. C. Hammer, national secretary-treasurer of H.A.C. for 1970-71. The first elected officers of the branch were as follows:- Mr. James Dunn, President; Mr. Clarence Doyle, Vice-President; Mrs. Barbara Murphy, Secretary-Treasurer. The branch has twenty paid members during its first year of existence.

The essential purpose of the organization is to bring speakers into this community who ordinarily would not be available because of our geographical location. With this aim in mind, five speakers visited Labrador West from Oct. 1970 to May 1971. The speakers came this year from the Staff of Memorial University. They spoke on the following topics: - "The Writer and his Function Within the State", "Recent Theories on the Origins of Life", "The Dead Sea Scrolls" "The Eccentric Erik Sarti", "The Evolution of Knowledge of s, Concerning Human Anatomy."

The Association makes these speakers available to the high schools of Labrador West either for the topics given to the adults or for another one. For example, Dr. Kenneth Roberts, Associate Dean of the Memorial School of Medicine spoke to the high schools on what exactly is being done at this new institution which he helps administrate.

The Humanities Association is indebted to the Memorial Alumni Association, The Iron Ore Co. of Canada and the National Office of the H.A.C. for financial assistance.

**DRIVEN TO IT:** Missouri driving licence examiner Mitchell Threkeld flunked a woman who was taking her driver's test. She turned a corner and lost control of the car, which crashed into a parked car, Threkeld's. The examiner said his wife had been using the car and just happened to be parked in the area.

Your President attended the National Convention in St. John's at the end of May. The National President for 1971-72 will be Dr. John Matthews, Dept. of English, Queens University. Dr. J. C. Hammer, Dept. of German, Memorial University, has been elected National Vice-President. The National Conference next year will be at McGill University in Montreal.

It is my hope that the Humanities Association in Labrador West will continue to grow in membership. I would stress that it is not a teacher organization but one available for all those who have curiosity of mind and wish to hear the learned opinions of other people on topics they would not ordinarily have a chance to consider.

Thank you for your consideration of this report by your President.

# Speaking of Sports

OWING TO SPACE PROBLEMS IN OUR LAST EDITION, THIS COLUMN WAS NOT INSERTED. TODAY'S ISSUE WILL COVER THE MAJORITY OF RECENT ACTIVITIES.

**FLOOR HOCKEY:** The spring series concluded last week with Teachers copping 1st place on 14 points, followed by Hawks 10 points, Whitemen 3rd, 8 points. and Bears in the cellar 4 points.

**SOFTBALL:** Labrador City, Senior Softball League 1971. Executive President, Charlie Stephens; 1st Vice-President, Jim Patten; 2nd Vice-President, Jack McCarthy; Secretary, Jerome Gover; Treasurer, Gordon Manstan.

"A" League is comprised of (4) teams—Saints, Braves, Wabush, and Carol Cleaners. Teams will play approximately 15 games each, league play-offs to be held latter part of August.

"A" League All-Stars—"Carol Lakers"—will enter Provincial Play-Offs in St. John's, 23-24-25 July. The League feels they will have a competitive team, with a good chance of copping the Provincial Title. If successful they would compete in the Atlantic Play-Offs being held in St. John's, 13-14-15 August.

The local season was officially opened earlier this week when the Saints played the Braves. Games will be played Tuesday, Thursday and Sunday.

"B" League practice schedule started on Monday past. It looks like a 3 or 4 team league, with "Indians", "Juniors" and "Can. Bechtel", with the possibility of a team from "Dominion Stores". Regular season schedule to start the latter part of June.

Senior Softball League will have various fund raising ventures throughout summer, including a weekly \$50.00 "Grocery Sweep" to be drawn each Friday Night at "The Carol-Wabush Co-op". Tickets \$1.00 each, with only 100 tickets to be sold each week. Tickets maybe obtained from executive, players or by calling 944-5562.

The following is the schedule for the forthcoming week: Thursday, 17th, Wabush vs Braves. Sunday, 20th, Saints vs Carol Cleaners. Tuesday, 22nd, Carol Cleaners vs Braves. All Games will start at 6:30 SHARP.

The following memo was received by Pat King, President of the Ladies Senior Softball Assoc. in Labrador City.

To: All Leagues  
From: Marilyn Cantwell

Subject: With reference to registration cards.

All coaches must sign a registration card and be limited to the same regulations as a player in any one league.

In essence this means that a coach may be affiliated with only one team in any league as either player or a coach of one team, and not a player of one team and a coach of another.

Any persons not abiding by this ruling is subject to suspension.  
Secretary,  
NLASA.

The six team Ladies Section "A" started their regular schedule this week. Following games are on tap during the next week (All games start at approximately 8:00 p.m. and will be played on the Men's Senior Field). 19th Woolworth's vs I.O.C.C & Indians vs Bowings. 20th Lionettes vs Woolworths & I.O.C.C. vs Indians. 23rd Bowings vs Handy Caps. President Pat advised Aurora that (6) Junior teams will be formed at a meeting to be held Labrador City Arena on Saturday at 10:00 a.m. All young ladies wishing to participate in this league are asked to be present at this time in order to register. Mr. King also stated Mr. Don Hong will be head coach for our All Star

Team which will be participating in Provincial Finals, being held in Labrador City 16-17-18 July 1971. In this connection any resident willing to accommodate a member or members of visiting teams (approximately 140 people) is asked to call 944-3390, 944-5030, 944-5007 or 944-5311.

**SOCCKER:** Regular league play is now underway and upcoming games will be as follows: 16th Laurentians vs Europa. 18th Laurentians vs Wabush. 20th Braves vs Europa. 23rd Braves vs Laurentians. Weekday games will start at 6:30 p.m. with Sunday games getting underway at 1:30 p.m.

## GOLF NEWS

Our first Ladies day was held last Wed. June 9th, 18 ladies came out and enjoyed the afternoon. First low gross went to H. Beauregard, second to M. Roberts. First low net went to M. Morin, second to P. Brennan. Most honest golfer of the afternoon was B. Belhumeur. An opening mixed tournament will be held June 19th and 20th. A get acquainted tournament for the ladies will be held June 27th. Ladies, don't forget these Wed. afternoons.

## TENNIS

Persons interested in joining the Caribou Tennis club for the '71 season may obtain application forms and information by phoning 944-5637 or 944-2187.

It is hoped to form an outdoor Wabush Tennis Club. Interested persons are invited to attend a meeting at the Recreation Centre on Wednesday, June 16th at 8:00 p.m.

## BOXING

Terry Hayward will be having a return engagement with, No. 1 New Jersey welterweight, "Irish" Pat Murphy Sunday at the arena. Their first bout here was a thriller which saw Hayward having to get off the deck in the first round to lose out on a split decision.

Murphy who has headlined bouts at Madison Square Gardens, has an impressive 30 win - 2 - loss 1 - draw record. His only losses were to Canada's hot-shot Donato Paduano, and Mexico's Papo Uilla. These losses were only by close decisions. Some of his wins are over veteran fighters such as Pablo Lopez, Dorman Crawford, Dave Dittmar, and Domingo Ortiz. Having yet to be decked Murphy will be a rugged test for the local middleweight who will be out to put himself back on the winner's side.

Terry will have to put up a better showing than he did against Tucker if he expects to beat Mruphy.

In the second 10 rounder Stan

Hayward will be out to increase his pro. record to 8 wins in 9 outings when he will meet Paul Laurrox of Montreal. Paul is a new comer to the pro ranks but has racked up 11 wins against 4 losses. Some of these wins are over Veteran Raoul Sarrazin, Serge Proulx, and Clement Bureau all Montreal fighters.

Stan is showing tremendous improvement. In his last outing here he looked really impressive in winning a rough 10 rd. decision over, the 1970 Canadian Amateur Middleweight Champion, Jim Mallish of Ottawa.

Four other local bouts will be featured.

**TEEN-AGE SUMMER PROGRAM:** Recent meetings of youth and adult advisory committees have completed Programming & Policy for the upcoming season. Ron Ryan & Pat Denine are program supervisors. Center of activities will be the Carol Curling Club. Age groupings will be as follows: Main program for those 13-14 years will be held afternoons from 1:30 to 5:00 p.m. Teens in 15-18 year old group will have their program from 7:00 p.m. to 12:00 midnight. (Teenagers under 15 who were attending Grade 9 during the current school year will be permitted to participate in Senior Program).

Parents of all members will be advised of operating hours. Thereafter the responsibility for teen-agers is with the parents and should be exercised by them.

A Disclipinary Council has also been established consisting of (4) Teen-Agers (2) Both Supervisors (1) Adult. So there it is Teen-Agers it's your program now and with your support it will be a success. Depending on Progress of renovations, the opening dance is tentatively scheduled for Friday 18 June..

**NEW SOFTBALL FIELD:** Earlier the L.C. Recreation Dept. asked vehicle operators not to drive over this area. Today's request: Soccer-Playing young ones, stay away from the diamond. It has now been seeded twice and a third effort may be necessary. The Rec. Commission still hopes to have the diamond ready for the Ladies Provincial Softball Championship. However another such incident as last week's and this will not be possible. Please, please do not play sports or drive over this area.

**BOXING:** Over 800 fans attended last weeks card at the L.C. Arena. In the main event of the evening Stan Hayward was awarded a decision over Jim

Mallish of Ottawa. We certainly agreed with Mallish's manager Ross McCallum that his fighter was the victim of a very "raw", decision. In our opinion, Mallish was easily the winner and McCallum's scoring of 6 won-3 lost -1 even, for his boy, seemed realistic. Not taking anything away from Hayward who fought a good fight and took the best of the 23 year old Ottawa native threw him. However we feel a rematch should be held in the near future.

Eighteen year old Mike Landry lived up to all reports, by winning a T.K.O. over Dave Simon in the second round of their bout.

In other bouts P.J. Aylward outpointed Pete Ryan; and the favorite local crowd pleaser Mike "Wild Bull" Coady, outpointed Al Sommerville.

In the other three bouts featuring members of the Labrador City Amateur Boxing Association it was David Wheadon over Jim Johnson and Stephen Seward over Wayne Rodgers. John Tobin and Bill Dove fought to a draw. The winner of the Club "Lazy Boy Draw" was S. Rielly of 410 Grenfell Crescent, L.C.

The L.C.A.B.A. presented trophies to the winning junior fighters. Promoter Terry Hayward presented Mike Landry with a trophy, as amateur fighter of the card and to Dave Simon as the gamest competitor.

Officials for the evening were: Announcer, Bruce Brown. Referee, Roy Bessette. Judges Bob Rayworth, Earl Brenton and Lea Cutler, with Bernie McLean as timekeeper.

We understand another card is planned for the last week of June or early July. More details in our next edition.

**SOCCERS:** At the recent annual general meeting, the following executive were elected for this season. President, Reg. Moores. Vice-Presidnet, John Bastow. Secretary, Mike Valencic. Treasurer, Alphonse Rudkowski. With Alex Snow, Hector Hussey and Ron Bain as Directors. Following a series of practices and exhibition games, the four teams (Braves, Europa, Wabush & Laurentians) will swing into their regular schedule on Sunday 13 June.

**SOFTBALL:** "A" League. The regular season will get under way on Sunday 13 June. At present 4 teams have definitely signified their intention of playing: Braves, Carol Cleaners, Saints and Wabush. Canadian Bechtel will be entering a team but are undecided as to what section. "B" League. Only Juniors and Dominion are definite, although a 3rd entry will probably seek admission. The final decision of Bechtel could make it a four team league.

At the Annual Meeting held recently the following executive were elected for the forthcoming season. President, C. Stephens. 1st. Vice-President, J. Patten. 2nd Vice-President, J. McCarthy. Secretary, J. Gover. Treasurer, G. Manstan.

**FLOOR HOCKEY:** With the final games scheduled for tomorrow night 10 June, it looks

as if first and last place have been already decided. Standings at Press Time were: Teachers 12, Whitemen 8, Hawks 8, and Bears 2.

Results of recent games were as follows: Hawks 7-Whitemen 1; B. Lake scored three in a winning cause. Teachers 6-Bears 0; N.Gillespie, earned the shutout for the Teachers. In a close exciting contest Teachers eaked out a 3-2 win over Whiteman, thus almost assuring themselves of first place. The Hawks slaughtered the Bears 15-0 in this game D. Woodman (5), M. Pickett (4), R. Pickett (3), led the winners.

**WABUSH SOFTBALL**

Men's:

This is the beginning of a new season and one which we all hope will be successful. At a recent general meeting a new executive was noted in as follows:

President: Frank Delahunty (Sr.)  
Vice-President: Jim McCarthy;  
Secretary: Keith Perry;  
Treasurer: Louis Skanes.

The league will consist of seven teams and the first game is scheduled for June 13. Plans are to operate on four nights a week. With the support of all interested, Frank and his committee will see the league improve just as much or more than its initial year.

Now a note for the ladies. We're off to a flying start this year in the Wabush Ladies Softball League and to make it most successful we need the support and help of all ladies interested in softball. This is to be a "fun" league and we stress that no experience is necessary, just the ability to have fun.

At the open meeting of May 30th, 1971, we elected the executive: President Mrs. Derm Flynn; Vice-President, Joan March; Treasurer; Gail Scichilone; Secretary, Patti Boulet.

We urge all ladies who are interested in softball in any capacity-player, manager of a team, helper or such- to please phone Patti Boulet at 282-6661 and leave their name and telephone number. Any woman in Wabush or Labrador City who would like to participate is urged to come-out and play. See you on the field!

**TENNIS:** Information or application forms for joining the CARIBOO TENNIS Club is available by Phoning 944-5637 or 944-2187. Come along and join the home of the Provincial Champions.

**L.C. ARENA:** A net has been set-up and is available for indoor Tennis every morning. The Physical Fitness room is available during regular Arena operating hours. Persons wishing to use the meeting room are requested to contact the Arena Manager.

**MISC:** Understand a Softball "Fun League" is being formed and they have reserved a softball field for Sunday afternoons 3:00 to 5:00p.m. Anyone wishing to use the fields and arena for various events are requested to contact Mr. R. Belliveau at 944-2621.

**INDOOR TRACK MEET:** As stated in our last edition we are publishing, this week, the winners in the High School (Jr. & Sr.) of the recent meet.
