I AM VERY PLEASED TO PUBLISH THE
FOLLOWING LETTER, SENT IN TO THE
CAROL NEWS BY A RESIDENT WHO CARES

Dear Madam Editor,

It would be appreciated if you could spare a space in your paper for a few remarks concerning the LITTERBUG .

The last week in May was 'Cleanup week' in our fair city. On June 1st came the fine weather and with it the litterbugs. One example in the city is the driver who is forced by oncoming traffic to stop at the stop sign and kills the time by emptying his ashtray right on the street, still wet from the street washing truck. I could relate many more similar instances but instead will get on with my real beef, namely, the road to Dooley Lake which is maintained for our pleasure, but appreciated by very few. This road and its open spaces are absolutely littered with garbage, worst of all is the situation of the beer bottles, we also get the cartons the bottles come in, strewn all over the road, now these bottles don't walk up there, believe it or not they come flying through open car windows, sometimes landing at the side but many times right on the road.

Imagine a driver coming towards you on one of the sharp turns with a beer bottle tilted to his mouth - what a hazard! Then there is the driver who is going far beyond the speed limit.

One evening last fall we were forced completely off the road into a ditch by three young males, one couldn't describe them as men for they didn't even stop to see if we were dead or alive. Granted the speed signs are few and far between at the present time, but through no fault of those responsible, malicious damage took care of that. Next we have the people who take bags of garbage up there to dump on the side of the road, why do that when we have a by-weekly collection in the city? Some people go for a picnic and leave their garbage behind for the next fellow and to these people I would say, have a picnic by all means but keep in mind the following:-

" MUNCH YOUR LUNCH WITH MIRTH AND LAUGHTER
BUT DON'T FORGET TO CLEAN UP AFTER "

BROWNIE AND GUIDE NEWS

On Tuesday, May 28th, 1968, four girls from the 3rd Carol Pack flew up to the Guide Company, the girls were welcomed to the company by Jean Fenato (captain) The mothers of the girls and several Brownies from the pack attended to wish the new guides well.

Guides working for their Hostess Badge served a delicious lunch receiving the award the same evening from Brown Owl, Hilda Cooper.

On Saturday, June 1st the 3rd Carol Brownie Pack closed for the Summer with an outing to the Ski Lodge. The girls and their leaders hiked to the lodge where lunch was preceded by a morning of games. The food was then served accompanied by a sing-along.. and the toasting of marshmallows. More games and then a bus to take twenty-four tired and happy brownies and leaders back to town.

I would like to take this opportunity to thank the Ski Lodge members for the use of their lodge and also for the case of drinks that was donated to the Brownies, Mr. R. Knight for all his help and to Mr Peddle of City Motors for use of the Bus.

Under and by virtue of the powers conferred by The Forest Fires Act and of all other powers enabling me in this behalf, I have made the following regulations.

Dated at St. John's this 30th day of May, 1968.

Sgd. C.M. Lane,
MINISTER OF MINES, AGRICULTURE AND RESOURCES.

REGULATIONS

1. These regulations may be cited as The Forest Fires Regulations 1968
2. (1) Subject to these regulations, no person shall light a fire outdoors in any part of the province outside a city or municipality between the hours of midnight on the 31st day of May and midnight on the 1st day of September, 1968 unless that person lights the fire under authority of a permit issued by or under authority of the Minister of Mines, Agriculture and Resources under the Forest Fires Act.
 - (2) A person may light an outdoor fire without a permit
 - (a) in a prepared location in a Provincial Park where and when an officer of the Parks Service is in attendance and permission to light such fire is given by the attending officer;
 - (b) on a sand or gravel beach if
 - (i) the fire is located at a distance of not less than fifty feet from the nearest woods, brush or other inflammable material;
 - (ii) the fire does not exceed a surface area of four square feet, and
 - (iii) the fire is located at a distance of not more than four feet from a body of water whose surface area exceeds one hundred square feet.
 - (c) in a garbage disposal unit if
 - (i) the unit completely contains the fire and is adequately screened to prevent the escape of sparks or other burning material, and
 - (ii) the unit is located on private property, and at least fifty feet from any woods, trees or brush.
3. (1) A person shall not light or use a fire outdoors under subparagraph (c) of paragraph (2) of Regulation 2 when the fire hazard is high or extreme.
 - (2) All permits issued under these regulations are invalid when an extreme fire hazard exists in the locality for which the permit has been issued.
4. Nothing contained in these regulations is deemed to prohibit the use of a gasoline, kerosene, alcohol, or propane-operated stove if not used within ten feet of any woods, trees, brush or other inflammable material whether of the foregoing kind or not.
5. Nothing contained in these regulations is deemed to prohibit the use of a charcoal burning installation located on private property utilized in the preparation of food if such charcoal burning installation is designed to prevent the escape of burning material and is not used within twenty feet of any woods, trees, brush or other inflammable material whether of the foregoing kind or not.
6. (1) Nothing contained in these regulations is deemed to prohibit the use outdoors of any match or cigarette lighter used for the purpose of lighting a cigarette, cigar or pipe if the lighting and smoking of the cigarette, cigar or pipe is not made while the person lighting or smoking it is in motion.
 - (2) A cigarette, cigar or pipe may be smoked outdoors when the person smoking it is in a stationary sitting position and if the cigarette, cigar or pipe is safely extinguished before quitting the place.
7. Notwithstanding any other provision of these regulations, a person shall not
 - (a) leave a fire unattended, whether or not the fire is contained in a garbage disposal unit, a prepared camp site, a gasoline, kerosene, alcohol or propane-operated stove or is lit under permit, or
 - (b) leave the location of a fire until the fire has been completely extinguished.

Under and by virtue of the powers conferred by The Forest Travel Act, 1959, the Act No. 45 of 1959, and of all other powers enabling me in this behalf I have made the following Order.

Dated at St. John's this 30th day of May, 1968.

(Sgd.) C.M. Lane,
Minister of Mines, Agriculture and Resources.

O R D E R

1. This Order may be cited as The forest Travel Restricted Area Order, 1968.
2. In this Order
 - (a) "licensed guide" means a guide as defined in The Wildlife Act, Chapter 197 of The Revised Statutes of Newfoundland, 1952, and who holds a licence as defined by that Act;
 - (b) "Non-resident" means a person other than a resident;
 - (c) "resident" means
 - (i) A Canadian citizen who has resided in the Province for a period of six consecutive months immediately preceding his application for a permit under the Order; or
 - (ii) any person, other than a Canadian citizen, who has resided in the province for a period of twelve consecutive months immediately preceding his application for a permit under the Order.
3. All forest land within the province is declared to be a restricted area between the hours of midnight on the 31st day of May, 1968 and midnight on the 1st day of September, 1968.
4. No non-resident is permitted to travel in the restricted area without a permit unless accompanied by a licensed guide.
5. Subject to paragraphs 6 and 7, a resident may travel in the restricted area excepting Wilderness Areas as designated by The Wilderness Areas and Bird Sanctuaries Order No.1, 1963, dated August 21, 1963, without a permit.
6.
 - (1) In the restricted area no person shall smoke a cigarette, a cigar or pipe while travelling.
 - (2) A person travelling or residing in the restricted area shall not cause or condone any situation or condition conducive to the starting of a forest fire.
 - (3) The use of any wood-burning stove or device in the restricted area is prohibited unless such wood-burning stove or device is adequately equipped to prevent the escape of sparks or other inflammable material.
7.
 - (1) Logging or construction operations may be conducted in the restricted area without a permit under the Forest Travel Act, 1959, (as amended 1960) subject to all existing laws, Acts, regulations and orders governing the cutting of timber and lighting of fires and subject to the conditions that:
 - (a) a power saw may not be operated unless a functional fire extinguisher is carried on the person of the operator;
 - (b) all machinery and equipment utilized in the harvesting, extraction and handling of timber and on construction projects must be so safeguarded as to minimize the possibility of such machinery or equipment instigating a forest fire;
 - (c) a person conducting or engaged in any logging operation or construction project shall provide and maintain adequate fire fighting equipment strategically located and in good working condition for the purpose of suppressing any forest fire which may be caused by the logging operation or construction project;
 - (d) a person engaged in a logging operation or construction project shall not cause or condone any situation or condition conducive to the starting of a forest fire; and
 - (e) it is the responsibility of a person conducting a logging operation or construction project to see that adequate personnel are trained in the use of the equipment referred to in this paragraph.
 - (2) For the purpose of this paragraph, fire fighting equipment is deemed to be adequate where it is provided in the following ratio of equipment to the number of men engaged in a project or operation:

Continuation of "Forest Travel Restricted Order"

(a)	Men	Back Pumps	or	Water Buckets	Axes	Grubbers or Shovels
	5 men or less	1	or	2	1	1
	6 - 10 men	2	or	4	2	2
	11 - 15 men	3	or	6	3	3
	16 - 20 men	4	or	8	4	4
	Over 20 men	Add 1 Back Pump, 1 Axe and 2 Grubbers or Shovels to the above figures for each group of 5 extra men.				

(b) a fully functional power pump, of a type approved by the Newfoundland Forest Service, and a minimum of 1,500 feet of hose in the ratio of one such unit for every 30 men employed on a project or operation.

NOTES

1. The Forest Travel (Amendment) Act, 1960, defines "forest land" as "any uncultivated land within the province upon which are growing or standing trees or shrubs and includes dry marsh, bogland, and land commonly known as 'barrens'."
2. The above Order applies to the whole of the Province of Newfoundland and Labrador.

Two bright sunny days prevailed Wednesday and Thursday last when the Labrador City Amalgamated School held its annual Sports Events, enabling many of them to take place out of doors in the School grounds. Results of the events are as follows:
